Surveys show that most face painters can work through 5-10 people per hour.

Time depends on: detail, knowing what one wants, if customer moves a lot, and if there is a constant line.

Professional Face Painting

How we are keeping it safe

All main employees are to be tested (when needed) before an event or party.

Wear **Breathe Healthy**¹ masks &/or Air Purifiers.

We have hand sanitizer for everyone.

Spray cleaner is only alcohol.

There are clean separate sponges per person.

We use clean Q-Tips per touch of lipstick.

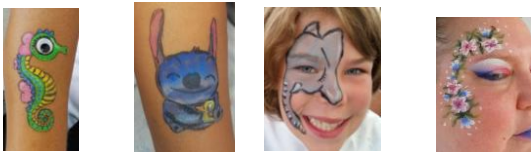

All plain water has some alcohol in it.

We have a secondary cup with just alcohol.

All main equipment is treated with **UVC light** for sterilization.

Awards

Pastor Heather "Mickey" Smith our Lead Face Painter has won many contests, and the 2019 Best In Business Award for Make-Up Artist in Bensenville.

We also ask: if one is sick, please do not do this form of entertainment. We wish to keep everyone safe.

Included in Main Events or Parties

We have everything we could need, except electric if necessary (if we need to use the electric, we do have our own **extension cords**); including **tables, chairs, and tent** if needed. We have our **own lighting: electric and battery operated**. One does not need anything except **the space. New: portable heater for the tent.**

The main Make-Up we use is water-based Paradise by Mehron, Neon water-based: Wolfe and Tag, Body Spray Make-Up is from Fun World, and the main glitter is Hair Spray Glitter. The **Body Spray** replaces air brush, and doesn't clog with easy use. The Hair Spray glitter not only stays on better than the fine loose glitter, but also helps protect the Make-Up. The Hair Spray also is less messy. (I do still have loose glitter for really little kids or if requested.)

Other Items Included

Lipstick, Loose Glitter, Stick-Ons: Fake Rhinestones, Googly Eyes, Flags/other shapes, and Stickers. We also use **Stencils and Stamps** if needed.

Other Services – As Add-Ons

Homemade Custom Tattoos, Glitter Tattoos, Henna & Henna-like Tattooing; Water Proofing: Blue Marble Setting Spray, Alcohol Based Make-Up, & Oil Based Make-up; Hair Spray colors; Setting Powder; Glow-in-the-Dark; Blacklight; and Neon Make-Up.

Website only!
