

## HOMEOWNER RESOURCE: REGISTER YOUR SYSTEM

On behalf of UMA Solar and Magen eco-Energy, we would like to thank you for making the Carbon Conscious choice to heat your swimming pool with SOLAR!

We pride ourselves in providing the top products and warranties in the industry and are confident you will be satisfied with the life span and performance of your new Solar Pool Heating System. Should any manufacturer issues arise during the warranty life of your system, UMA is always happy to help provide service and support for your properly registered system installed by our trusted UMA Solar Dealers.

Your installer will need to provide you with the information below about your specific solar pool heating panels to complete registration **within 90 days of installation.**
