

Mt. Cutler Views

Three of the view points from Mt. Cutler trails, Hiram, Maine.

2015 April 25. View from the front ledges over Hiram Village. Spring high water, but not a flood. Saco River floods of 1936, 1952, 1987 and 1997 put parts of Main Street (Rt. 117) and Pequawket Trail (Rt. 113) under water. Distant mountains are in Sebago, Raymond, and Casco.

2010 Oct 8. View from the South-View Ledge with Ingalls Pond at center. The RR and Saco River show as openings through the trees. In distance, the Channel 8 TV tower, Saddleback Hills, and Sawyer Mtn at center distance.

2015 April 25. Open glade on Ridge Walk with north view. Burnt Meadow Mtns thru trees, and distant White Mtns.
