978-618-7150

### **Key Objectives**

- Participants will Understand the basic skills needed to serve as a Medical POA, their legal authority and duties, and when the responsibility to act is invoked or revoked
- Participants will Identify key personality traits needed to act as a Medical POA, why these traits are important, and determine if they have the right qualities to be an effective Medical POA
- Participants will Describe the duties, responsibilities, and pitfalls of acting as a legal Medical POA for a loved one or friend
- Participants will Define some key medical terms and understand how the terms relate to Medical POA decision making, especially in EOL medical situations
