SP Shield

(SP 14 - Rust Inhibitor)

PRODUCT DESCRIPTION:

SP Shield is a solvent based corrosion inhibitor which is designed to be used as received to achieve long term (1-year plus indoors) rust inhibition. This product is formulated to pass a 48 hour salt spray analysis.

DIRECTIONS FOR USE:

SP Shield may be diluted with petroleum solvent for further economy in application requiring shorter term corrosion protection. This product may be applied by either spraying or dipping and will leave an oily, thin film.
