## **Renew or Join the Hearing Health Care Alliance of New York for 2026**

December 1, 2025

As President of the Hearing Health Care Alliance of New York State (HHCANY), I want to extend my heartfelt thanks for your dedication and ongoing support of the hearing health care profession in New York. HHCANY is devoted to serving hearing aid dispensers, dispensing audiologists, ENTs, and other industry professionals by providing valuable resources including timely legislative updates, educational opportunities, and a platform for sharing industry-specific information tailored to New York State hearing professionals.

Becoming a member of HHCANY is vital because it offers essential benefits that foster both your professional development and business success, particularly in these key areas:

**Legislative Advocacy:** Your membership amplifies the collective voice of hearing aid dispensers in advocating for legislation that protects and advances our industry. With HHCANY, you gain access to the latest updates on New York State legislative matters and benefit from the dedicated efforts of our lobbyist, Todd Vandervort of The Vandervort Group, who actively represents our interests in Albany.

**Continuing Education Credits:** HHCANY members receive exclusive access to continuing education opportunities, including live, in-person CEUs necessary for licensure maintenance and clinical skill enhancement. As an approved training provider by the New York State Department of State and IHS, we offer annually 11.5 CE credits that satisfy both New York State and IHS requirements for hearing aid dispensers and dispensing audiologists. Don't forget to save the date for our Annual Conference and Trade Show on May 4–5, 2026, in Saratoga, NY.

**Industry Resources and Networking:** Beyond education and advocacy, HHCANY provides valuable industry resources and regular communications that keep you informed and connected. Membership cultivates a community of collaboration and shared commitment to advancing hearing health care in New York, making it a smart investment in your career or practice.

We look forward to continuing to support your professional growth and to strengthening our industry together in 2026 and beyond. Thank you for your unwavering commitment to excellence in hearing health care.

Sincerely,

Carl Case, Jr.  
President
