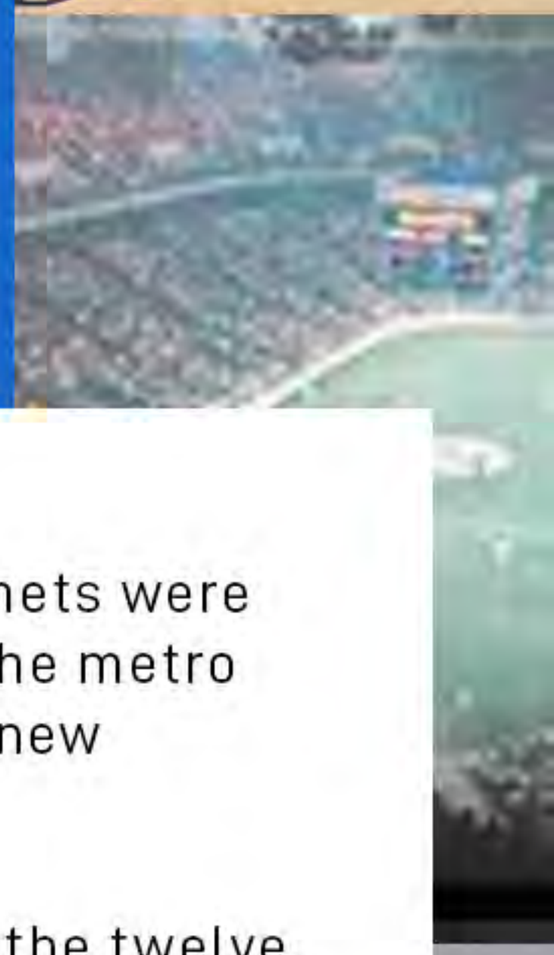
KANSAS CITY COMETS 2025/26

PARTNERSHIP OPPORTUNITIES



COMETS HISTORY

Professional Indoor Soccer returned to Kansas City when the Comets were reborn in 2010. Since that time, they have reminded fans across the metro of the team they grew up cheering for, while introducing a whole new generation to Hot Winter Nights.

The Comets qualified for the playoffs that first year, and in ten of the twelve seasons after that. In 2014, they defeated the Baltimore Blast to claim their first Major Indoor Soccer League (MISL) Championship.

Following that campaign the Comets were one the of the founding members of the new Major Arena Soccer League (MASL). Setting the precedent for excellence in this new league, the team finished the inaugural season with an undefeated 20-0 regular season record. In the first for years of the MASL the Comets won three straight division titles and reached the Eastern Conference Finals twice.

The Comets have qualified for the playoffs the past four seasons, reaching the MASL Finals in 2023/24. This past season, the Comets were eliminated in the quarterfinals in a close match against rivals Milwaukee Wave.

The Comets led the MASL in attendance for the fourth consecutive season, averaging over 4100 fans per game, with over 50,000 fans in attendance during the course of the season.
