Southlake County Agricultural and Historical Society
Meeting notes for October 12,2026

The meeting was opened by Perry McLemore

We did not have enough people for a quorum; all the major votes we have will be pending until the November meeting.

The minutes are online for everyone to read.The minutes are being recorded during the meeting and I Pam Heick am doing my best to transcribe the sorry for any convents as well as delays this may cause.

Lori King read the treasurer's report;
Jerry Mcgarr made a motion to accept the report It was seconded by Joe Bauer. It was approved

There were outstanding bills that need to be paid for the pie booth for Buckley
Irene Doty made a motion to pay the outstanding bills Jerry Mcgarr seconded it. It was approved

Buckley Homestead went very well; the pie booth started with 39 whole pies, 4 cakes and 25 little cakes. We only had 18 slices left. There was discussion on making some adjustments to the booth and not selling coffee due the fact that a vendor selling coffee was right across from us.Moving forward we will have to have the items we sell at the pie booth there individual wrapped

The people movers brought in some donations from the NIPPA show as well as from Buckley Homestead.

Joe Bauer and Jim Burke made wood pieces for the kids to do and it was a big success there were pumpkins,small and large candy corn, ears of corn and christmas trees for the kids to decorate. It was just the kids that had fun doing it, the adults enjoyed it also. There were about 290 pieces made.
 We let the people know that the wood sawed into planks by the sawmill at the vintage farm and tractor show and then we used the plainer to smooth them right at Buckley as well as cutting them there .
Joe Bauer said that is going to make some more pieces for next year's show at Buckley. This gave us $185 income and it was all by donations.

We keep talking about how we need some educational thing for the show and this is a good one for us to do.

We also had the letz mill out there grinding corn and giving it out to the kids and they were loving that. We could also make a display about the corn from the beginning all the way to where we grind it in the letz mill that would make corn mill to make things out of it like corn bread.

If you are going to come out to be a part of Buckley you need to follow their rules. We had a small issue which was taken care of but we need to abide by the rules so we don't lose the chance of moving there. Thank you

Chris Orange loved what we did at Buckley and said that the kids booth was a great addition.Also loved having the model AS there.

One of the items on old business is the membership dues.Once the board makes a decision what they are going to do the only way to retract a decision is a revote in order to do that it has to be rescinded then you can rescind it and it has to be revoted on it. We have to pay our insurance and other things with that money. It is on the web page for $30. We would like to possibly have a newsletter and this will cost money

We will be doing the Hocus Pocus again this year it is Friday the 30th from 5:30 to 8 Saturday it is 9 to 2 Paul Hurst is the back up driver f0r both days Lori King will ride Friday and Pam Heick will ride Saturday.

The long term planning committee is meeting Tuesday the 20th at 7pm at the Southlake Christian Church on Pratt street everyone is welcome. We are in the planning stage now of getting with the realtors to talk about the sale of the property we're getting with Buckley Homestead or actually the parks department, so that we can come back to the board.

We will be shutting down the meeting so November will be the last meeting until February.
We will be having our picnic and we would like to make it a bigger event with things for the kid to do.

Lori King made a motion to adjourn the meeting 2nd by Jerry McGarr
