WHAT IS PACA?

"God shed his grace on thee"

-- only if you --

Pray America Christian Again

The PACA plan is a simple step-by-step method

to - Make America Great Again - as

a Christian-based Republic

as it was originally conceived and designed by the Founding Fathers.

Simple as the Texas Two-Step

Step 1: With as few as 1% of all Christians ever becoming involved in PACA (Lawyers are 1/3rd of 1% of the America's population, but 60.00% of America's U.S. Senators), Christians will take back our State governments, by electing exemplary Christian-based PACA leaders into the State legislatures.

Step 2: Our Christian-based, PACA-led States will take back their historic vertical Checks and Balances in the Senate, over what has become a non-Christian federal government. As well, our PACA-led State governments will get control over the Federal government's puppet master, that den of vipers known as New York City, with its non-Christian National Media, non-Christian Wall Street, non-Christian Madison Avenue, and non-Christian Federal Reserve; a single city even with a Central Park, which is the real center of power in a country never designed to be centralized. World Centralizer UN in New York City - really? NYC's Senator Hillary Clinton ran against NYC's favorite-son Donald Trump? Heaven forbid! How did that happen?

Don't believe PACA can be done? Then read the PACA Plan to become aware of how easy it would be.
