

CUSTOMER PRICE LIST FOR SUBMINIATURE PROCESSING 2024

GR Hobbies (now MS Hobbies) has been providing subminiature film processing since 1969. We now include APS, 110, Disc Film and Minox processing and films.

We have now expanded to video copying services thanks to customer demand. We are based in West London, Putney. Films take 2 weeks to process and scan, VHS one week.

Special Processing Services (we can also process and scan APS, 110) but many labs do this already, and easily. Other formats such as 126,127,medium and large format can also be scanned.

Payment is only when sent back, as old films may not come out all.
