Anyone not using propane say like an ice cream vendor they usually use a generator they do not need a permit. But if they are cooking with charcoal, they must still have an up to date and tag and seal fire extinguisher. All vendors that are using propane must be inspected, enclosed units in the State of New Jersey must be fire suppressed and all grill and fryers must be free of grease, and they must purchase a bottle of leak tech from any plumbing supply company and the bottles must come down here when they are inspected and be on scene at all times during the event. Their hoses must be crack free and propane tanks must be no older than 10 years old.

Also, if you are using a tent bigger than a 10 x 10 there may be a separate permit required by the Camden County Parks Department and/or Camden County Fire Marshalls Office.

Each vendor must pay a \$54.00-dollar (confirm amount as fees increase each year) fee and the permit will only be good for that day only. Please verify the fee with the Fire Marshal's office; the price may have increased or decreased.
