WHO WE ARE

Concrete & Canvas LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB) and a premier interior design firm specializing in high-end spatial transformation for Federal, State, and Local government agencies. Our company blends creative excellence, architectural precision, and disciplined project management to deliver environments that elevate function, aesthetics, and mission performance.

We provide end-to-end interior design solutions that integrate space planning, concept development, artistic direction, materials selection, FF&E procurement, 3D visualization, and construction-phase oversight; all under a single, accountable SDVOSB entity.

Our design philosophy is simple:

Art meets structure.

With strategic capabilities rooted in military precision and supported by financial analysis expertise, Concrete & Canvas transforms complex or distressed facilities into mission-ready, human-centered, value-optimized environments.

DIFFERENTIATORS

- Lean Six Sigma Green Belt Certification + Project Management Education = process improvement meets execution Mastery
- Creative Development Edge: Bridging Interior Design, Art, and creative story telling.
- \$450M+ in logistics oversight, multinational coordination, crisis response.
