ABOUT THE BOOK

The Seven Keys of Success in Real Estate is a power-packed guide blending spiritual principles with practical real estate strategies. Co-authored by Prophetess Catherine Matthews-Hyatt—a seasoned investor, mother, and minister—and her son Darryl Brown, a top realtor in multi-million-dollar markets, this book offers readers timeless wisdom for financial growth, homeownership, and generational wealth.

Each chapter represents a “key” rooted in faith and purpose, helping readers unlock doors in their real estate journey—from buying and selling to investing and leaving a legacy.
