Welcome to our Nursery!

We are a new nursery based in the beautiful town of Abergavenny. I'm Kate and I have been an early year's teacher in the local area for the past eighteen years.

The early years is such an important time of our lives. By the age of five, our brains develop faster than at any other times of our lives. Our early experiences and surrounding play a crucial role in giving us the freedom and confidence to learn and grow.

Abergavenny Nursery is a homely, family setting where our little people are supported to fulfil their potential. Through early experiences, building relationships and being comfortable in our surroundings are extremely pertinent and develop who we become. We believe that everyone of our little people deserve an early years filled with wonder and curiosity to spark their imagination.

Our environment has been created to support child led play-based learning full of wonder and awe. An environment where our little people are free to investigate and explore becoming lifelong learners.

Our Nursery is set up across three spacious main rooms- Babies, Toddlers and Pre-school. We also have a separate cosy sleep room and dining room.

Our Nursery has been carefully prepared ready for our little people to follow their own developmental journey. Our beautiful outside environment allows our children to explore the outside world whilst taking risks in a safe and secure environment. Exploring our local gardens and parks at every opportunity supports our children's ever-growing curiosity about the world in which they live.

We relish the opportunity to get to know everyone of our little people and take great pride in watching them thrive and flourish.

I look forward to welcoming you into our Nursery family.

Kate Walsh
