Academic Objective

Motivated Veterinary Technology student at Front Range Community College with strong hands-on animal care experience, leadership involvement, and a commitment to animal health, client service, and professional development.

Skills

- Customer service and public-facing communication in a high-traffic environment
- Clear written and verbal communication with diverse populations
- Hands-on animal handling and restraint experience across companion, exotic, avian, aquatic, and livestock species
- Experienced performing venipuncture and administering vaccinations for companion and livestock animals
- Foundational pharmacology knowledge, including animal medications, dosing principles, and safe medication handling procedures
- Veterinary radiology experience with canine and feline patients
- Leadership and collaboration skills developed through campus organizations and employment
- Organized, dependable, and able to manage time effectively while balancing academics and work
- Comfortable working independently while following established procedures and policies
- Proficient with Microsoft Word, Excel, and PowerPoint
- Proficient with Google Docs, Sheets, and Slides

Education

Front Range Community College (FRCC) | Fort Collins, CO

Associate of Applied Science, Veterinary Technology

GPA: 3.78 / 4.00

Expected Graduation: December 2027

- Coursework includes anatomy and physiology, microbiology, diagnostic imaging, laboratory procedures, and veterinary medical terminology
- Program emphasizes hands-on clinical skills with companion animals, exotics, birds, and livestock
- Clinical experience includes animal handling, diagnostic imaging, laboratory procedures, parasite identification through microscopy, biological sample slide preparation, pharmacology fundamentals, venipuncture, vaccination administration, and patient care skills
- Preparing for the Veterinary Technician National Exam (VTNE) and Colorado credentialing

Poudre High School, Fort Collins, CO

General Diploma

Graduation: May 2023

- Completed coursework with emphasis in animal and veterinary science, biology, and physical education
- Developed early interest in animal care and health sciences

Animal Care Experience

- Maintained a 30-gallon freshwater aquarium with multiple fish species for over 6 years, including water quality management, feeding, habitat maintenance, and monitoring fish health
- Extensive experience providing daily care for egg-laying chickens and exotic birds
- Experienced administering daily medications to companion animals, including oral and topical medications for dogs and cats
- Experienced following prescribed dosing schedules and monitoring animals for routine health and behavioral changes
- Familiar with daily feeding routines, habitat sanitation, behavioral observation, and general animal wellness practices
- Comfortable working in clinical, laboratory, and hands-on animal care environments

Work Experience

Harmony Library | Poudre River Public Library District | Fort Collins, CO

Library Assistant | Nov 2025 – Present

- Provide customer service at the printer desk and public service areas, assisting patrons with printing, scanning, copying, and document submission
- Deliver technical assistance with printers, computers, and basic software troubleshooting, including file formatting, connectivity issues, and payment systems
- Communicate clearly and professionally with patrons of all ages, abilities, and technical skill levels
- Support daily library operations by maintaining organized, functional public spaces and equipment
- Follow district policies related to confidentiality, professionalism, and equitable access to library resources
- Contribute to a welcoming environment that supports lifelong learning and community engagement

Schultz Plumbing | Wellington, CO

Apprentice Plumber | Jun 2023 – Nov 2025

- Worked under the direct supervision of a licensed Master Plumber, consistent with Colorado Plumbing Board apprenticeship requirements
- Assisted with residential and commercial plumbing installations, repairs, and maintenance when permitted under licensing regulations
- Gained exposure to safety codes, compliance standards, and regulated work environments

- Supported job site preparation, tool management, and troubleshooting in active work settings
- Built strong client rapport through clear communication, professionalism, and reliability

Fort Collins Soccer Club | Fort Collins, CO

U18 Arsenal Recreational Goalie Coach | Apr 2023 – Jun 2023

- Volunteered as goalie coach for an under-18 recreational soccer team
- Planned and led skill-building drills focused on technique, confidence, and teamwork
- Supported players during games while promoting sportsmanship and positive team culture
- Adapted coaching style to support athletes with varying skill levels

Extracurricular & Leadership

Front Range Community College Veterinary Technology Program | Fort Collins, CO

Class/Cohort Representative | 2026 – Present

- Selected to represent a cohort of 14 veterinary technology students
- Participate in regular meetings with program leadership to communicate student feedback, concerns, and program experiences
- Help facilitate communication between students, faculty, and program administration
- Support collaborative problem-solving and contribute to improvements within the veterinary technology program

Phi Theta Kappa Honor Society | Alpha Tau Kappa Chapter, FRCC | Fort Collins, CO

Vice President of Leadership | 2025/26 Academic Year

Member | Sep 2025 – Present

- Selected for membership based on academic excellence and a GPA meeting the 3.5 eligibility standard
- Serve as Vice President of Leadership, supporting officer recruitment and coordinating elections
- Assist with chapter governance, including review and revision of bylaws
- Collaborate with officers and faculty advisors on leadership initiatives and induction ceremonies
- Contribute to Honors in Action and service-oriented chapter projects
- Represent Phi Theta Kappa with professionalism at meetings and college events

Poudre High School Soccer | Varsity and JV | Fort Collins, CO

Mar 2022 – May 2023

- Competed on JV and varsity teams over two seasons
- Served as a defensive sweeper and later as starting varsity goalie senior year
- Demonstrated leadership, teamwork, and resilience in competitive environments

Colorado Storm Academy FC Soccer | Northern Colorado

Feb 2016 – Aug 2019

- Played competitive soccer at a high level with an undefeated record across multiple seasons
- Developed discipline, teamwork, and leadership through a character-focused program

Fort Collins Soccer Club | Fort Collins, CO

Mar 2010 – Aug 2016 and Mar 2019 – Aug 2022

- Participated in recreational soccer from early childhood through high school
- Returned to the program after injury to rebuild skills and remain active

Certifications & Training

- Pet CPR Training Participant, Front Range Community College Veterinary Programs
- Veterinary Technology clinical training in animal restraint, medication handling, and patient care

Honors

- **President's List** | FRCC
- **Dean's List** | FRCC
- **Ubuntu Award** | Poudre High School Varsity Soccer | May 2023
 - Selected as the player who best represented the program's core values of sportsmanship, team spirit, positive attitude, and leadership
 - Award based on the school motto "*I am who I am because of who we are,*" emphasizing collective success, mutual respect, and accountability
 - Recognized for consistently uplifting teammates and contributing to a positive team culture both on and off the field
 - Reflected the trust, respect, and leadership role I earned within the team through actions, attitude, and teamwork
