

SHOWERS

Discover a world of exceptional showering experiences with our stunning collection of Showers. Embrace contemporary or traditional designs that effortlessly elevate the aesthetic appeal of your bathroom. Our showers are not only visually striking but also built to last, showcasing unrivalled durability and unparalleled quality. Choose from an extensive range of finishes including chrome, brushed gold, matt black, and nickel, allowing

you to perfectly match your shower to your style. Embracing sustainability, our showers are designed to conserve water without compromising on performance, ensuring an eco-friendly showering experience. Immerse yourself in the soothing and invigorating effects of a shower, washing away the stresses of the day and achieving mental clarity. Elevate your bathroom with our exceptional shower collection, combining style, functionality, and sustainable values.

Shower Features

With its innovative Cool Touch technology the body of the valve will always remain safe to touch ensuring a comfortable showering experience for the entire family.

The built in thermostatic cartridge offers an exceptional temperature stability preventing scalding and burning incidents.

Our Brushed Gold and Brushed Nickel finishes are applied using Physical Vapour Deposition (PVD). This is a technology that creates a thin film on the surface of our taps, giving them superior durability and making them more resistant to wear & tear.

Our showers come with an extended warranty, providing peace of mind and protection for your investment.

Our products registered with the Unified Water Label help the end user to make an informed decision, when choosing bathroom products. The label offers clear, concise and easy to understand messaging about water and energy consumption.

WRAS approved products undergo rigorous testing to assess their durability and performance. By using WRAS approved products, you can significantly reduce the risk of leaks and water contamination.

Shower Guide: Exposed Showers

Exposed showers

are surface mounted onto the finished tiled wall in the showering area. All hand-showers, overhead rain heads, diverters and pipework are integrated into one exposed kit.

Thermostatic Shower Valves

feature a special cartridge that responds to fluctuations of inlet water temperature and flow rates. These enable you to maintain a constant, safe water temperature while using your shower.

[Concealed Showers](#) ▶

Your choice of concealed or exposed shower valves is a fit and fix decision. A concealed shower valve is fitted in the wall before tiles are installed. Choosing this option should be decided and communicated to your installer early in your decision making process.

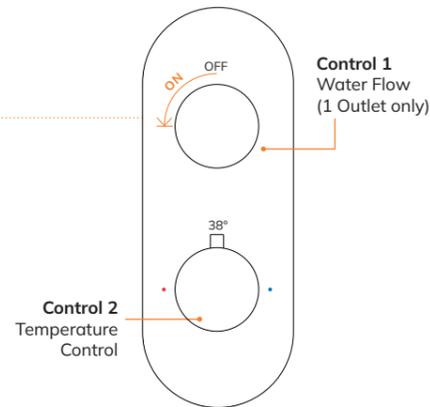

Shower Guide: Concealed Showers

Dual Control Shower Valves

Dual Control Shower Valves have two controls, one control for adjusting the water temperature and the other for controlling the flow of water.

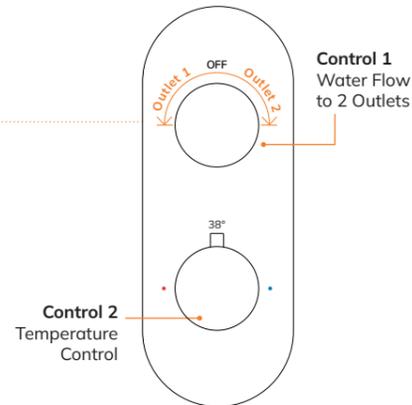

Dual Control - 1 Outlet Shower Valve

This valve has two controls, one for adjusting the water temperature and the other for controlling the flow of water. It's designed to control water for one shower outlet.

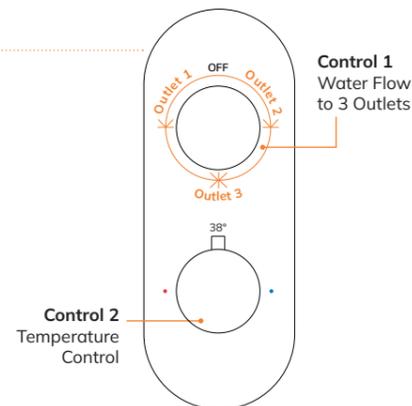

Dual Control - 2 Outlet Shower Valve

Similar to the single outlet valve, but with an inbuilt 2 way diverter that allows you to switch water flow between two different outlets.

Dual Control - 3 Outlet Shower Valve

These valves come with an inbuilt 3 way diverter that allows you to switch water flow between three different outlets.

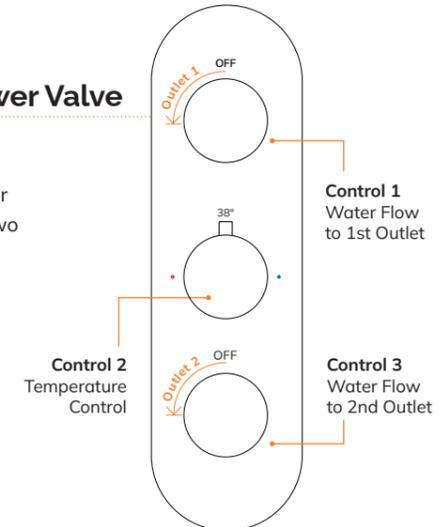

Triple Control Shower Valves

Triple Control Shower Valves have three controls. One control for adjusting the water temperature, while the other two controls manage the flow of water to multiple outlets. This type of valve allows you to run two outlets at the same time.

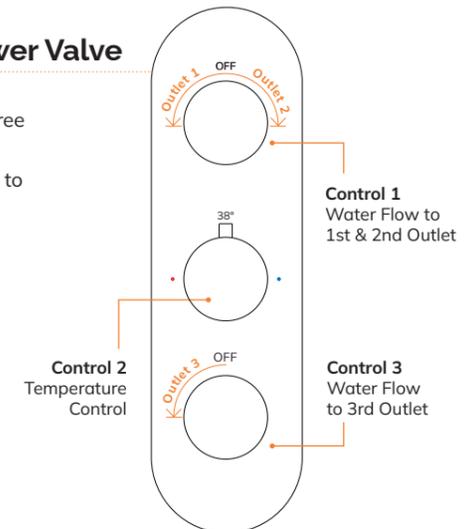

Triple Control - 2 Outlet Shower Valve

This valve has three controls. One control for water temperature and two controls for water flow. It allows you to independently control two different shower outlets at the same time.

Triple Control - 3 Outlet Shower Valve

This valve offers even more flexibility, with three controls. One control for water temperature and two controls for water flow. It allows you to use two of the three outlets simultaneously.

38°

Our thermostatic shower temperature controls are set to 38°C to provide the optimal balance between comfort and safety. This setting ensures a pleasant showering experience by maintaining a consistent water temperature, enhancing energy efficiency, and reducing the risk of scalding for all users.

SHOWER ENCLOSURES

Introducing our exquisite range of shower enclosures – the perfect addition to enhance your bathroom’s design and reflect our unique personality. With their sleek and sophisticated look, our shower enclosures effortlessly complement the overall layout, elevating the aesthetics of your space.

Our enclosures feature state-of-the-art Clear Shield technology, ensuring ease of maintenance and cleaning, while adding value to your investment. No matter the size or shape

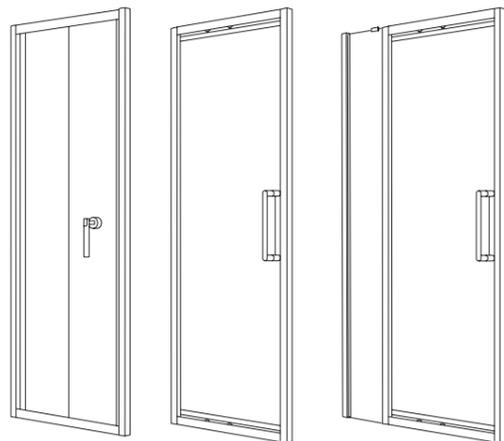

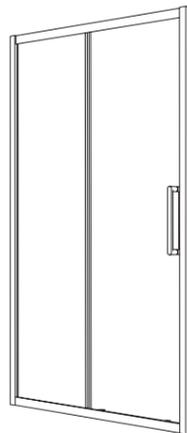

of your bathroom, our extensive collections offers a variety of door types to cater to your needs. From spacious to compact, we have the perfect enclosure to fit a y space.

Immerse yourself in the showering experience and bring a sense of clarity to your mind, allowing you to revitalise and start your day anew. Step into luxury and indulge in the ultimate showering experience with our exceptional shower enclosures.

Shower Door Types

Sliding

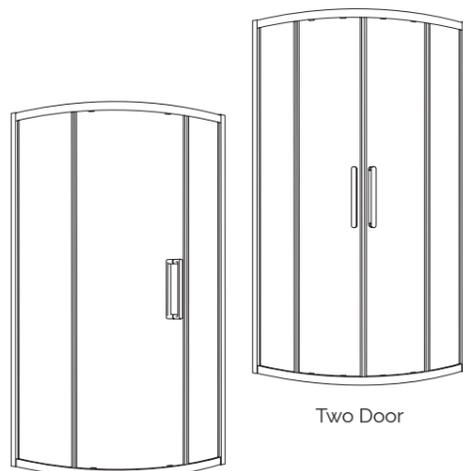

Sliding door enclosures are space saving in design and are available in a comprehensive range of styles and sizes. These doors can be used in recessed showers, or add a side panel to create a complete shower enclosure.

Bifold Infold Infold & Inline

Bifold & Infold

Featuring an inward opening mechanism, bifold & infold doors are an excellent option for compact bathrooms. This innovative design serves as a perfect space saving solution, especially in smaller bathrooms where an outward opening door could potentially obstruct fixtures located outside the enclosure.

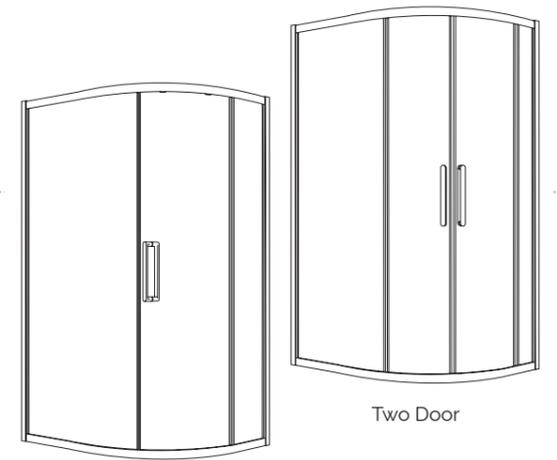

Single Door

Two Door

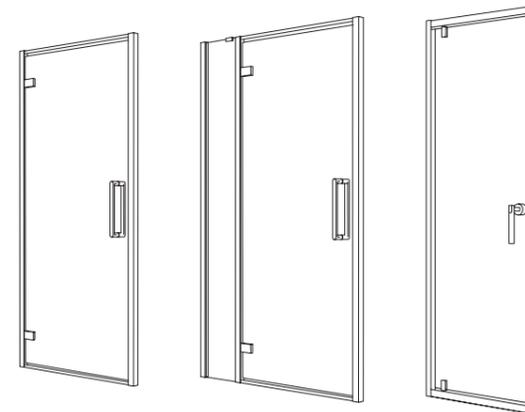

Offset Quadrant

Boasting the same benefits as a quadrant enclosure, the offset enclosures have one side of the tray longer than the other, thereby creating the offset configuration. This allows for more room when showering, while still fitting neatly into the bathroom layout.

Single Door

Two Door

Hinged

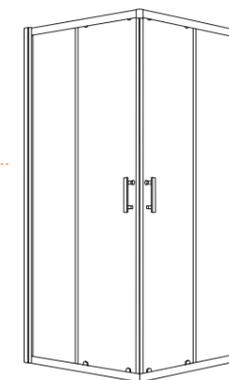

Hinged & Inline

Pivot

Hinged & Pivot

These enclosures are hinged on one side and open outwards, giving you ample space to access your shower. Suitable for use in a recess, or add a side panel to create a full enclosure.

Pivot shower enclosure doors open outwards, creating a spacious showering experience while making access to the shower easy. It's important to ensure there is sufficient space in front of the shower when the door pivots open.

Corner Entry

Ideal for bathrooms with limited space, corner entry enclosures serve as excellent space savers. Neatly fitting into any size bathroom, they provide a multitude of advantages. With a range of options available, there's a perfect style and size to suit your bathroom.

Quadrant

With a curved front profile, quadrant enclosures offer a generous showering experience, while allowing for additional floor space within the bathroom.

Shower Door Collections

The SONAS Shower Door Collections blend seamlessly with modern and classic bathroom aesthetics, emphasizing clean lines and functional excellence. Explore the ASPECT, ZEBA, and CITY+ ranges, each offering unique styles.

Choose from a range of designs, all crafted with high-quality tempered glass. Available in chrome across all ranges, with matt black and brushed gold finishes – exclusive to the ASPECT range. These doors create a luxurious and inviting spa-like atmosphere.

Shower Enclosures

Shower Door Features

Discover the elegance and functionality of our three shower door ranges. The ASPECT collection combines timeless design with robust framed options, offering durability and style with customisable finishes. The ZEBA collection offers classic chrome doors with sleek, minimalistic hardware for a contemporary look that maximises light and space. For

those seeking versatility, the CITY+ collection features doors with innovative sliding mechanisms, ensuring a seamless fit and smooth operation in both compact and spacious bathrooms. Each range promises superior craftsmanship and aesthetic appeal, transforming your shower experience.

FOR SHOWER TRAYS

Wetroom Panels

For those seeking a more open and contemporary showering experience, our wetroom panels are the ideal choice. These panels can be seamlessly installed onto a tiled floor or paired with any of our SONAS Bathrooms shower trays. Whether you're looking to modernise your space or create a spa-like atmosphere, our wetroom

panels provide the flexibility and design options you need. Choose between fluted panels to add texture and elegance to your shower space, or go for the smooth glass, for a minimalist look. With the choice of clear or coloured glass, you have the creative freedom to craft a shower area that suits your individual taste.

Configure Your Perfect Space with ASPECT Wetroom Panels

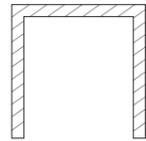

Transform your bathroom into a luxurious, spa-inspired sanctuary with our premium ASPECT Wetroom Panels.

Available in widths from 300mm to 1400mm, they offer near-limitless design flexibility. Whether it's a recess, corner, or walk-through setup, ASPECT Panels can be tailored to suit any layout. Enhance your space with optional flipper panels, sleek support bars, and precision-engineered glass connector seals—designed to blend seamlessly with your aesthetic.

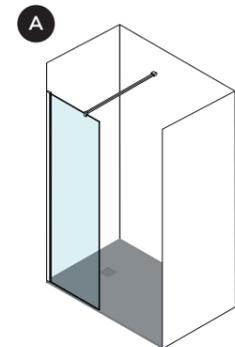

With ASPECT, enjoy the freedom to create a wetroom that reflects your personal style, supports your daily routine, and delivers an elevated experience of comfort, elegance, and everyday luxury.

NOTE: Allow at least **500mm** of open entry space for comfortable and practical access to your wet room.

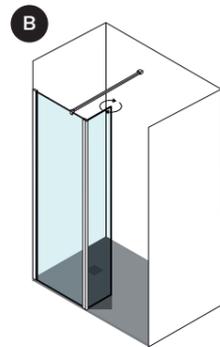

In a Recess

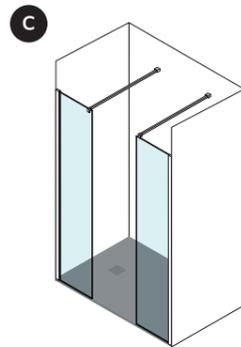

A recess is the ideal setting for a minimal, enclosed wet room layout. By placing a fixed panel between two walls, you can create a streamlined, walk-in shower space without the need for a door. Simply choose a panel width that suits your opening, and remember to allow at least 500mm for comfortable entry.

- / Support bar (straight, ceiling or angled)
- / Flipper Panel

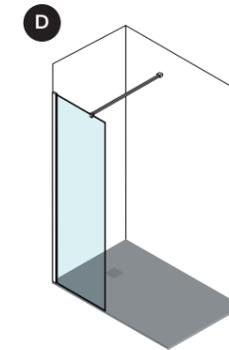

- / Two panels
- / Two Support bars (straight, ceiling or angled)

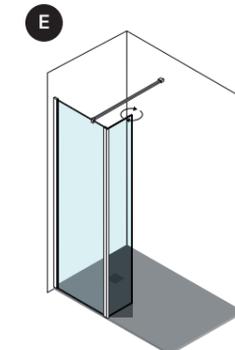

In a Corner

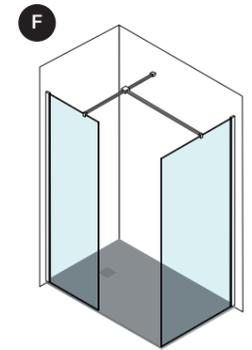

A corner layout offers flexibility and suits a wide range of bathroom sizes. Use one or two fixed panels to enclose the shower area, with optional flipper panels to contain splashes. This setup is perfect for maximising usable space while maintaining an open, modern feel.

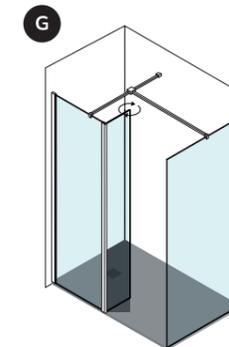

- / Single panel

- / One short projection panel for greater access
- / Flipper Panel

On One Wall

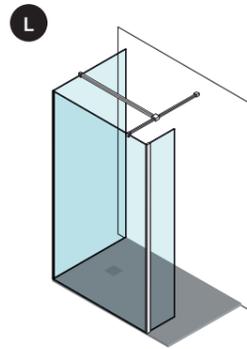

A single-wall or walk-through configuration creates a striking open-plan look. Ideal for larger bathrooms or wet rooms with central space, this layout typically uses one or two fixed panels, leaving both ends open or with an optional flipper or extra water control. It's the ultimate in minimal, luxurious showering.

SHOWER TRAYS

Elevate your shower experience with our exquisite range of shower trays, where superior design and practicality converge. Our shower trays feature textured finishes, including slate trays with a wide array of colour options, adding a touch of elegance and style to your bathroom. With built-in slip-resistant properties, safety is never compromised.

Crafted with utmost durability and quality, our shower trays are built to withstand the test of time. From compact square trays to spacious rectangular options, our collection offers a variety of shapes and sizes to suit any bathroom design and layout.

Shower Tray Guide

Marble Effect Trays

Marble Effect Trays use advanced gel-coated resin technology for a perfect blend of functionality and aesthetics. Enjoy the lightweight benefits of resin combined with the timeless beauty of marble, all without the challenges and maintenance.

See 298 - 301

Slate

Slate trays are the ultimate in luxury and style. Available in a range of shapes and sizes, they add texture and colour to your shower. Featuring a slip resistant, ultra-thin, 30mm low profile or a smooth finish.

See 302 - 305

Anti-Slip Low Profile Acrylic

Anti-slip trays perfectly combine safety and style. Innovative anti-slip technology is directly integrated into the acrylic material, significantly reducing the risk of slips and falls. This integration provides a consistent finish throughout the tray, ensures long-lasting effectiveness, and makes cleaning and maintenance straightforward.

See 306

Low Profile Acrylic

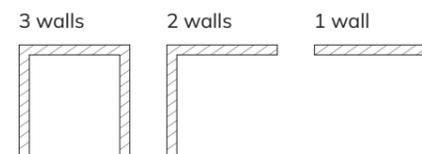

Finished with a high quality, smooth white acrylic which is stylish and contemporary, comfortable to use and easy to clean. Available in an extensive range of shapes and sizes.

See Page 308

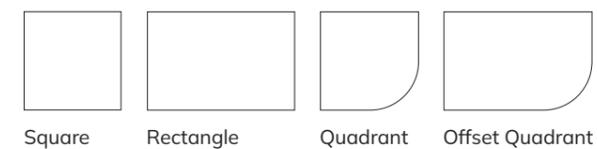

Your Space

Choose the right shower tray by planning ahead. Consider the footprint size you can allow for the tray, and which shape works best for your room.

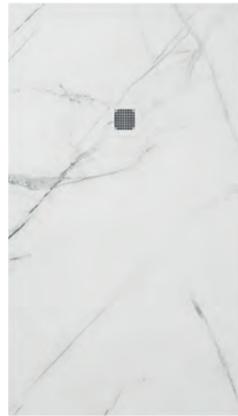

We have options including square, rectangle and quadrant trays. Your tray may be installed in a recessed or flat floor application. Choose from a host of styles including ultra low profile slate and unity trays, acrylic capped low profile and New KRISTAL Secure anti slip shower trays.

SLATE

Shower Trays

All our SLATE shower trays are made based on the latest material technologies, a combination of resins, gel coat and mineral stone. They are very strong against impact, comparable in this respect to natural stone. It is a product of solid core, strong and stiff, thereby preventing breakage.
