MARSTON BATHROOM

Our Marston range of furniture strikes the perfect balance between classic and contemporary design. Available in five finishes with a selection of handles to make it your own. Pair with a Marston freestanding bathtub and Marston close coupled WC to complete the look of your new bathroom.

The Alderbury range combines the traditional with the modern. Offering flexible design options including three finishes, and optional accessories - hanging strap or wall brackets.

Marston bathroom furniture features classic shaker style doors and a slightly stepped basin, combined with soft, curved corners to give a modern edge. The versatility of this range allows for the wall mounted unit to be converted into a classic washstand.

The classically inspired range of Marston sanitaryware is engineered to modern standards with features such as soft close quick release toilet seats, rimless flushing and concealed connections, but takes design cues from a period era.

Marston Rolltop Bathtubs bring traditional design into the modern era, with luxurious styling reminiscent of a turn of the century stately home.

CADENCE SANITARYWARE

Whether you'd like a modern wall hung option or a more traditional back to wall style, our new Cadence range gives you the flexibility to complete your bathroom without sacrificing aesthetics.

MATCH FEATURES

Units

With both 1000 and 1200 runs to choose from, the Match range seamlessly integrates both basin and WC units into a single, stylish design. It is available in six finishes: Matt Storm Grey, Matt Viridian Green, Matt Oxford Blue, Gloss Light Grey, Gloss Clay, and Gloss White. Now featuring a choice of Chrome, Brass, or Matt Black handles and matching BTW unit trims, these details complement any modern bathroom interior perfectly. The installation process is fast and straightforward, with no cutting required to fit the basin. We recommend the use of the Tavistock Vortex Cistern, see page 196.

Isocast Basin with Integrated Worktop

The Match basins with integrated worktop area are extremely practical. They are manufactured using Isocast, a mineral substrate topped with a tough resilient gelcoat to give a glossy finish which is both durable and easy to clean. The look is seamless and modern. Available with both 1000 and 1200 runs.

Our brass Toro t-bar pulls feature a living finish that can create subtle colour graduations over time, adding to the character of the hardware. Should you wish, a metal polish can be used to restore the original finish. To prevent wood corrosion and discolouration, please ensure that you remove the handles from the vanity before treatment.

GUIDE TO CHOOSING FITTED FURNITURE

Tavistock fitted furniture has a wide variety of bespoke features. Follow the guide below for a quick overview and understanding of how to create your very own Tavistock fitted furniture bathroom. A more detailed planning guide can be found on pages 130-131.

01

UNDERSTAND YOUR SPACE

Make sure you get a feel for your bathroom layout before you start. Look at any wasted areas which could be maximised with the addition of storage units. It is advisable to install a WC unit in a similar position to the current WC to minimise installation costs. If you do want to change the layout of your bathroom, a good Tavistock bathroom retailer will be able to guide you through the planning process.

02

CHOOSE YOUR BATHROOM STYLE & FINISH

We have three stunning furniture styles to choose from, classic Legacy, contemporary Calm or sleek Scribe. Calm are available in 5 finishes option, Legacy has 4 finish options whilst Scribe is available in 3, see pages 86-119 for further details. All our Legacy units come with an oak internal carcass, while Calm & Scribe furniture features a graphite internal finish (with the exception of gloss white finish which features a white carcass). All have been specifically chosen to complement the furniture style.

Streamlined Scribe

03

MAKE YOUR UNITS BESPOKE

Choose from our wide range of handles & worktops to give your bathroom units a bespoke look and feel.

See pages 124-129 for all handle and worktop options.

04

COMPLETE YOUR BATHROOM

Complete the design of your new bathroom by choosing from our collection of stylish basins & WCs as well as coordinating brassware, elegant mirrors & useful cabinets.

See pages 136-338 for options.

05

CHOOSING THE RIGHT INSTALLER

As with any new bathroom furniture, it is advisable to use an experienced and qualified installer. Many Tavistock retailers will be able to offer a design and installation service or recommend a suitable fitter or tradesperson.

Head over to our website now to find your nearest supplier: tavistock-bathrooms.co.uk/stockists

01 FURNITURE STYLE & FINISH

The most important choice when determining the look of your bathroom is door style and finish. Choose from the classic shaker style of Legacy, the ultra-modern simplicity of Calm slab style doors or the sleek handleless Scribe range. All available in a range of finishes, Legacy door styles come complete with oak carcasses, whilst Calm & Scribe door styles feature a graphite carcass (except for gloss white which has a white carcass).

02 COMBINATION & DEPTH OF UNITS

Consider the available space in your bathroom and choose from either standard depth (353mm) or space-saving slim depth (218mm) units. Establish how you use your space and plan your design accordingly; whether yours is a personal retreat or a room for all the family, you can combine sizes to suit your needs and maximise the space in your bathroom.

03 HANDLE OPTIONS

Add the perfect finishing touch to your chosen doors with one of our stylish handles. See page 124 for the full range of options.

04

WORKTOP OPTIONS

Select a worktop from either our solid surface or laminate options. Alternatively opt for an integrated basin and worktop for a seamless look, which works equally well with both contemporary and classic bathroom designs. Why not define the overall style of your fitted furniture further by upgrading to an aspirational countertop basin option that works with both our laminate and solid surface standard depth worktops to create a luxurious hotel look. See pages 125-129 for further details.

05

BASINS, WCs, CISTERNS, FRAMES & FLUSHING OPTIONS

Choose your preferred basin and WC to match the styling of your bathroom, in addition to a cistern and frame (if required). Complete the look by selecting from our range of flush plate options. See pages 138-201.

06

TAP COLLECTION

Choose from our collection of stylish basin mixers, whether sleek and ergonomic or traditionally styled. Complete the look with a coordinating bath filler. See pages 224-249 for options.

07

MIRRORS & CABINETS

Choose an illuminated bathroom mirror or, for some additional over basin storage, opt for a cabinet. See pages 306-338 for options.

08

PANELS, PLINTHS & BATH PANELS

Clad-on end panels are available for all finishes. They can also be used between units to achieve a framed effect, which works particularly well for the traditional Legacy range. Plinths are available to create a fully integrated floor mounted look.

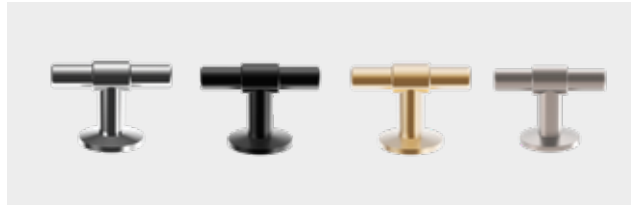

Alternatively you can wall mount your furniture, should you wish to create a more contemporary styled bathroom. Finally, choose your bath panel to keep everything coordinated. See page 134.

HANDLES

Choose the handle that best reflects your chosen bathroom style; whether it's curved and rounded or sleek and contemporary,

IN-LINE BASINS

Low profile style

Compatible with standard and slim depth furniture, these basins sit into your fitted furniture unit, giving you a low-profile and effortless finish. These inline basins allow you to make the most of your worktop space, whilst still offering a practical and deep wash basin. Simply pair with your desired laminate or solid surface worktop.

- Able to be used between two other fitted units or positioned up to a wall on one side
- Quicker installation times - no fascia cutting required, tap hole predrilled
- Overflow kit included with basin
- Compatible with 600mm standard & slim depth semi countertops only

Consider Your Configurations

These inline basins are designed to work best in the following configurations:

- Positioned between two other fitted units, as the 605mm width basin will overhang a 600mm Semi-Countertop Basin Unit by 2.5mm on either side.
- Positioned up to a wall on one side, where an end panel is not required.

Opposite are some typically popular layout examples, to give you an idea of how the inline basin could be used in your space.
