## Discrimination

Direct Discrimination is when you treat someone less favorably than others for unlawful means, for example not employing someone because of their gender

or disability. TrianGoals will treat direct discrimination as a disciplinary matter.

Indirect Discrimination is when a policy, practice or procedure that applies to everyone might disadvantage a particular group, and which cannot be justified in relation to the job. TrianGoals will monitor and regularly review its policies, practices and procedures in order to ensure that they do not disadvantage any particular group.

Discrimination by association is direct discrimination against someone because they associate with another person who possesses one of the applicable protected characteristics (age, disability, gender reassignment, sex, race, religion or belief and sexual orientation). It is unlawful and TrianGoals will treat it as a disciplinary manner.

Perception discrimination is direct discrimination against an individual because others think they possess a particular protected characteristic. It applies even if the person does not possess that characteristic. It is unlawful and TrianGoals will treat it as a disciplinary matter in relation to age, race, religion or belief, sexual orientation, disability, gender reassignment and sex

Harassment is unwanted conduct that violates a person's dignity or creates an intimidating, hostile, degrading, humiliating or offensive working environment. TrianGoals will treat harassment as a disciplinary matter.

Victimization is when you treat someone less favorably or discriminate against them because they have pursued or intend to pursue their rights relating to alleged discrimination. TrianGoals will treat victimization as a disciplinary matter.

Positive discrimination is unlawful.

Positive action to address imbalances in the workforce is allowed circumstances. Examples would include setting equality targets (but *not* quotas which are unlawful); encouraging people from groups to apply where they are underrepresented; training for promotion or skill training for employees from under-represented groups who show potential. TrianGoals will use positive action to address imbalances that are apparent from monitoring data.

## **Statement of intent**

Our intention is to ensure that no user of TrianGoals services, job applicant or

employee receives less favorable treatment due to a protected characteristic (i.e. age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation), unrelated criminal convictions, or membership or nonmembership of a trade union. All employees have a responsibility to co-operate with measures to ensure equal opportunity and non-discrimination.

We aim to create a culture that respects and values each other's differences, that promotes dignity, equality and diversity, and that encourages individuals to develop and maximize their true potential.

We aim to remove any barriers, bias or discrimination that prevent individuals or groups from realizing their potential and contributing fully to Triangoals performance and to develop an organizational culture that positively values diversity.

We are committed wherever practicable, to achieving and maintaining a workforce that broadly reflects the local community in which we operate.

Every possible step will be taken to ensure that individuals are treated fairly as users of Triangoals services and in all aspects of their employment at Triangoals.

## **Legislation**

You should be aware that whilst an employer can be held liable in law for acts of discrimination committed by employees, individual employees can also be held personally liable in law for acts of discrimination that they commit, authorize, contribute to or condone.

You should therefore be aware that the following acts are unlawful and would constitute misconduct or gross misconduct liable to disciplinary action, which may include summary dismissal:

- Discriminating in the course of employment or prospective employment against fellow or future employees in job, transfer or promotion applications on the grounds established in this Equality Policy
- Inducing or attempting to induce employees to practice unlawful discrimination
- Indulging in verbal or physical, sexual, or racial harassment of a nature that is known, or should be known, to be offensive to the victim

- Victimizing individuals who have made allegations or complaints of any discrimination or harassment or provided information about such discrimination or harassment

Every employee is responsible for ensuring TrianGoals Equality Policy is applied to our dealings with our clients and suppliers and should, in addition, be aware that it is unlawful to commit, authorize, contribute to or condone acts of discrimination on the grounds of a protected characteristic (i.e. age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation), in the provision of goods and services. Breaches of the policy by suppliers could result in termination of contracts for services.

## Appendix A **Implementation**

**Manager** is responsible for the policy's day-to-day implementation. Consultation will take place with all staff about the implementation and development of this policy. TrianGoals will collect monitoring information about the implementation of this policy and from this information will produce an action plan detailing how it will promote equality through its work.

To achieve a workforce that is truly representative of all sections of society selection for employment or promotion, or any other benefit will be based on merit and ability only. Selection for training will be based on job requirements only. Intimidation, harassment, and bullying will not be tolerated and may lead to disciplinary action.

In recruitment, selection, training, promotion or the application of terms and conditions of employment you should raise it in the first instance with your line manager or another appropriate manager.

All cases of such behavior will be investigated, and we will treat all complaints fairly, quickly and with confidentiality. Any grievance arising from the Equality Policy will be dealt with using the existing Grievance Procedure.

Any employee who has acted, in good faith, over allegations of discrimination or harassment, will not be victimized by being treated any less favorably than any other employee because of taking such action. TrianGoals will monitor the

practical effects of the policy by regularly collecting and reviewing relevant information. You are expected to co-operate in work being undertaken to monitor, review and implement this policy.

We will use our induction, supervision, appraisal and learning and development policies to ensure that staff and trustees have the skills to support good practice on equality and diversity.

We will use the supervision and appraisal process to encourage staff to make suggestions and contribute to the ways in which we promote equality as an organization and with the users of our services.

We will ensure that venues that we use for meetings, workshops and training events are accessible and will make reasonable adjustments where necessary.

We will aim to ensure that our communications are accessible, including our web site. When necessary, we will make specific provision, such as the engaging a British Sign Language interpreter, to ensure that our communication is accessible.

We will bring this policy to the attention of our trustees, staff, volunteers, suppliers, and service users when they join TrianGoals and by making use of our communications.

We will monitor the use of our services and make use of this monitoring information when planning future developments.

## **Review**

The Directors will keep this policy under review, with input from the Management Team and staff. This review and our action plan will be included as part of our annual Business Plan.
