EQUIPPED FOR MINISTRY
TO BUILD UP THE BODY OF CHRIST

OCC'S RESIDENCY PROGRAM

Vision

At One Community Church, we want to see our ministry and kingdom efforts extend beyond our present reach and continue for generations. We are committed to multiplication and believe *Residency OCC* is an essential pipeline for the growth of OCC's missional network while providing a unique opportunity for residents to receive training from experienced practitioners in church planting, urban ministry, and leadership. We have designed *Residency OCC* for aspiring leaders who sense a call to church planting, ministry in an urban environment, and leadership in a missional framework.

Model

- Training: Internal training with OCC and the North American Mission Board along with opportunities for training with Forge America
- Time: Part-time
- Bi-Vocational: Residents are expected to secure bi-vocational work in the city or pursue further education with a master's or doctoral degree.
- Funding: Self-raised support with an opportunity for a small stipend
- Location: Residents will live within NYC, in a targeted neighborhood.
- Capacity: *Residency OCC* is accepting 3-5 residents beginning summer 2021.
- Commitment: 1-3 years, depending on the resident

Goal

Through *Residency OCC*, participants will develop core competencies needed in an urban context to live on mission, make disciples who are making disciples, and lead a missional team connected to the OCC network.

Application

Applications can be submitted between January 1st - March 31st and those admitted into the program will know by the end of April.

*For any questions and to acquire an application reach out to
chris@communitychurch.one*

THE PROCESS

YEAR THREE | Missional Leadership

The YEAR THREE competencies are designed to DEPLOY missional leaders and lead church planters into their unique, *sent* callings. This year can also come with the preparation needed to be fully assessed and endorsed for church planting.

YEAR ONE | Living On Mission

The YEAR ONE competencies are designed to help residents live on mission in an urban and post-church context while beginning with Jesus and the DISCOVERY of His kingdom-work in the city.

YEAR TWO | Disciple Making

The YEAR TWO competencies are designed to equip maturing disciples with the DEVELOPMENT and skills necessary to become influential leaders who make disciples. Residents will also be challenged to consider how God could be leading them to fulfill His purpose as a missional leader or as a lead church planter.
