## Information & Documents

### Join us celebrating Toni-Maria's birthday

Join us for an unforgettable adventure as we celebrate Toni's birthday leaving on June 11, 2026, aboard the Carnival Splendor! Set sail with us to the South Pacific and make lasting memories together. We'd love for you to be part of this special occasion!

### Carnival Splendor

#### The Ship

It's hard to tell which onboard space best represents Carnival Splendor — they all seem to hint at the amazing time you're going to have. El Morocco Lounge hosts comedy shows, musical performances, karaoke and more... and wears its 1930s namesake clearly on its nameplate. The words "Royal Flush Casino" incite visions of winning, while our onboard jazz club — The Cool — simply says it all without saying a word. And Fahrenheit 555™ can be found not only at the height of elegant dining, but at the actual apex of the ship.

If you like your fun to flow, there are options aplenty. If you list "splishing" and "splashing" among your favorite things to do, there's Carnival WaterWorks™. Those into sitting and sliding are invited to try the all-new Green Lightning thrill-slide. How about floating or swimming around? Carnival Splendor has pools all over the place, including the midship pool featuring a retractable roof that makes any day a pool day. So whether you splish or splash, you'll find hydro-excitement galore.

If relaxation is your thing, Serenity Adult-Only Retreat™ is more your place. Or if you're looking to take relaxation to the extreme, direct your attention to the Cloud 9 Spa™, featuring more (and better) ways to kick back than just about anywhere else, on land or at sea. You haven't lived until you've relaxed in a Thalassotherapy pool, or chilled — so to speak — in a dry heat chamber.

**DEPARTURE 15:30 -  
Embark on**

Sydney belongs to the exclusive club of cities that generate excitement. At the end of a marathon flight there's renewed vitality in the cabin as the plane circles the city, where thousands of yachts are suspended on the dark water and the sails of the Opera House glisten in the distance. Blessed with dazzling beaches and a sunny climate, Sydney is among the most beautiful cities on the planet. With 4.6 million people, Sydney is the biggest and most cosmopolitan city in Australia. A wave of immigration from the 1950s has seen the Anglo-Irish immigrants who made up the city's original population joined by Italians, Greeks, Turks, Lebanese, Chinese, Vietnamese, Thais, and Indonesians. This intermingling has created a cultural vibrancy and energy—and a culinary repertoire—that was missing only a generation ago. Sydneysiders embrace their harbor with a passion. Indented with numerous bays and beaches, Sydney Harbour is the presiding icon for the city, and urban Australia. Captain Arthur Phillip, commander of the 11-ship First Fleet, wrote in his diary when he first set eyes on the harbor on January 26, 1788: "We had the satisfaction of finding the finest harbor in the world." Although a visit to Sydney is an essential part of an Australian experience, the city is no more representative of Australia than Los Angeles is of the United States. Sydney has joined the ranks of the great cities whose characters are essentially international. What Sydney offers is style, sophistication, and great looks—an exhilarating prelude to the continent at its back door.

### **ARRIVAL 8:00 -**

#### **Lifou Island**

Lifou is a commune of France in the Loyalty Islands of New Caledonia. Lifou is made up of two main islands - Lifou Island and Tiga Island- in addition to a number of uninhabited islets. Lifou Island is the largest atoll in the world. The island is actually made of fossilized coral - known as a makatea. Lifou island does not have any surface water and it relies on a freshwater reservoir accessed by caves. Lifou Island is best known for its vast atoll (the largest in the world). This ring-shaped coral reef affords some of the best snorkelling in the world. Popular activities on this island include scenic walks, relaxing days on the beach, swimming and snorkelling. There are no organized tours being offered during this call to Lifou Island, guests may explore on their own.

### **ARRIVAL 8:00 - Nouméa**

With its elegant urban infrastructure in a stunning natural setting, Noumea is a truly unique island and part of the New Caledonia archipelago. Noumea started as a penal colony, but has since evolved to a lovely metropolis and today has almost two thirds of New Caledonia's population. While much of the archipelago of New Caledonia has a large percentage of Kanak people – the indigenous inhabitants who live in tribal areas across the country – Noumea is predominantly European with a strong French influence. The city's center and Place de Cocotiers, the main park, are located close to the harbor and several churches date back to the late 19th century. Other attractions include a world-class aquarium at Anse Vata, several long beaches to the south, and a noteworthy collection of Kanak and South Pacific objects at the Museum of New Caledonia. The architectural gem of the city is the Tjibaou Cultural Center, the structure of which resembles sails, or the roofs of Kanak houses hidden behind mangroves.

## Dining Options

You've got a foodie in you — everyone does! Awaken and delight yours on a Carnival cruise with delicious main dishes, tempting desserts and general yumminess everywhere you look. You can sample great food from all over the world. They've got everything from a specialist steakhouse to 24-hour pizzas and complimentary, round-the-clock room service. And if that isn't quite enough to satisfy your appetite, you can treat yourself to a multicourse VIP dinner at the Chef's Table. It's an eating experience you'll never forget.

### Masala Tiger

Even at sea, the aromatic delight of Indian food is unmistakable. Cooked at over 1000 degrees in our traditional clay oven, Masala Tiger serves up a wide variety of signature Indian delights that are uniquely spiced, yet delicately flavoured. Enjoy tandoori chicken or fish with cumin pilaf, succulent beef kebabs, or dip hot naan bread into sweet chutney, all straight from the tandoor. Here, you'll always find an arousing array of vegetarian options made from fresh produce. Add in some masterfully seasoned side dishes and your first bite will transport you — like naan other — straight to the heart of India.

## Dining Room

“Hey, which side does the fork go on?” is a question you’ll never have to ask at a dining room dinner aboard a Carnival cruise... we set the table for you. We also bring to the table a full three courses in an experience that’s satisfying, not stuffy — after all, you’re just as likely to catch waiters table-dancing as you are to order dessert.

The menu is amazing — and included in your cruise fare! — with fan-favorite Carnival cornerstones now being joined by innovative selections from Emeril Lagasse and our chefs. New choices like Pappardelle with Braised Lamb, Coffee Glazed Roast Duck and Hawaiian Shrimp Poke are sure to please, to be honest... almost every palate. That’s why Carnival’s new vegan dining room menu is so important to making sure everyone finds food they love. Look for plant-based options like Baked Vegetable Au Gratin, Eggplant Cutlet a la Parmigiana — and even modified versions of Hawaiian Salmon Poke and Spaghetti Carbonara! Our chefs always work to accommodate dietary needs, but this menu puts delicious choices front-and-center.

**Tip:** When you book, choose Early Dining or Late Dining for reserved seating nightly, or go with Your Time Dining to chow whenever the clock strikes “hungry.”

### DINING ROOM BREAKFAST

If looking forward to the whole day of fun that’s ahead isn’t enough to make an early riser out of you, we have something else that’s sure to do the trick. Join us for breakfast in the main dining room and sit down to the kind of menu that might make you want to start things off a little slow. Order up some eggs any way you like them... even benedict- or omelet-style with your choice of filling. Get pancakes, waffles or french toast hot off the griddle — each comes with a surprising and delicious flavour twist like vanilla, pecan or salted caramel. There’s breakfast standards like oatmeal, granola and a generous selection of fresh fruits and cereals. Add crispy bacon, awesome sausage — which is actually the only kind — or ham to any dish... or go for more of a curated flavour with a selection of breakfast entrees, including some lighter choices.

If you’re thinking that’s all nice, but who has time for all this... you do! The very first item on the menu is a plate that kicks your day off with an express selection of all the classics.

### STEAKHOUSE SELECTIONS

Whoever said you can’t always get what you want certainly never said it on a Carnival cruise. Odds are that something from our steakhouse sounds good — filet mignon, New York Strip, lobster or surf & turf — and you know what? Now you can get these signature steakhouse dishes on your plate anytime you’re enjoying dinner in our lively main dining room. Whether you’re with friends, have the kids in tow or are just in the mood for something different in a familiar setting, you’ll find great options on your dining room menu.

## Seaday Brunch

Forget what “they” say — the most important meal of the day is brunch. Slumberers can sleep in and still enjoy breakfast favourites, while early-risers get a head-start on lunch. And Seaday Brunch brings everybody’s favourite mid-morning meal to your Carnival cruise, and does it right. You’ll enjoy huevos rancheros, special french toast, loaded mac-n-cheese... and yes, more ways to cook eggs than we even thought was possible. Chow down and fuel up — you’ve got lots of exploring to do, across the ship, for the rest of the day.

## The Chef’s Table

Treat your taste buds to the experience of a lifetime, culminating in a sumptuous multi-course dinner hosted by the Master Executive Chef. Your VIP experience starts with cocktails and hors d’oeuvres for a select group of 14, followed by a mind-blowing full-service dinner of amazing appetisers, entrees and desserts not found on our regular dining menus.

**Tip:** Reserve early because this once-in-a-lifetime experience has limited seating. Reservations can be made at the ship’s Guest Services desk.

## 24-Hour Room Service

So you're in the mood for some good eats, but you'd rather stay in your comfy, cozy stateroom? Really, who could blame you? Simply pick up the phone and order something tasty from our extensive room service menus. And since you get hungry when you get hungry, room service is available any time of the day (or night), and it's always delivered right to your door.

**Tip:** There's a menu of salads, sandwiches and sweet stuff we'll bring you — completely free — during the day, plus hot food options available for a small fee. Late-night menu options (after 10 PM) are also available for a small fee.

## Green Eggs and Ham Breakfast

Pack your imagination, but don't forget your appetite as the whole family embarks on a breakfast that's part meal, and part journey into the deliciously whimsical world of Dr. Seuss®.

Sit down to a truly fantastical feast at the Green Eggs and Ham Breakfast with The Cat in the Hat and Friends™. Bright colours and patterns decorate your table, which features fun and unique menus.

Feast! Feast! Feast! Lose yourself exploring a delicious menu where you'll find "Green Eggs and Ham," brightly coloured fruit, gravity-defying pancake stacks, funky french toast, "Moose Juice" 'n' "Goose Juice"... and much more. (Classic breakfast offerings are available as well.) Breakfast is also the perfect time to meet and greet the stars of Dr. Seuss — characters will be around for special photo opportunities and fun interactions, making this a meal to remember.

## Mad Sizzle

Bringing the "skill" to skillet, Mad Sizzle serves up an irresistible array of mouth-watering kebabs and satays featuring succulent slow-spit-roasted meats.

Groups can dive into the mezze or skewer platters, complete with lashings of hummus, Fattoush mixed greens salad, and pita flatbread – perfect for sharing. Not in the mood to share? No worries! There's a delicious range of chicken, lamb and falafel shawarma, satay skewers, chicken wings, grilled lamb and steak on offer. Order at the counter, dig in and enjoy – your taste buds will thank you!

## Swirls

Got room for dessert? Sure you do! Swirls™ ice cream lets you enjoy the sweeter side of brain freeze with a treat that'll have you smiling from ear to ear. Choose from chocolate, vanilla or strawberry... or make your own mix swirled as high as you can balance it. Open on Lido deck 24/7, our frozen yogurt and soft-serve ice cream is a great way to beat the heat all day, or the perfect nightcap after a long evening of fun.

## The Carnival Deli

Looking for a little taste from the old neighbourhood? Pile 'em high at the Carnival Deli. Enjoy old time favourites like a hot pastrami on rye, grilled Reuben, or roasted turkey breast on a country roll. Our sandwiches and wraps are always hand-carved and served fresh with coleslaw or relish. Come by, satisfy your craving for a great sandwich and make sure you don't forget the kosher dill.

### Sweet Spot

There's nothing sweeter than a visit to Sweet Spot for specially-made marble chocolate cheesecake, lemon cream pies, cherry crumble squares and more. There's always something for everyone, including healthier options like fresh fruit medleys. Save room for dessert — or skip the meal altogether — and make sure you satisfy your sweet tooth with this mix of desserts that really hit the spot.

### Pizza Pirate

Tossing dough is an age-old art passed down the generations. Lucky for you, someone passed us the secret to the perfect pie. While aboard, this is the place that will shiver your timbers and warm you to the bone, 24 hours a day, with a Margherita, Funghi, Prosciutto, Pepperoni or Quattro Formaggi pizza served with a delicious Caesar salad. Savvy? Then it's the pirates' life for you!

### Steakhouse

Turn your special vacation in the direction of delicious — book a table for an unforgettably delectable evening at the onboard Steakhouse. Our menu features mouthwatering premium cuts of beef cooked to your exact specifications, as well as a fantastic selection of seafood, entrées, gourmet appetisers... and even a wine list that got the nod from Wine Spectator. (They actually call it the Award of Excellence.) The Steakhouse's atmosphere pairs remarkably well with, and perhaps even enhances, the culinary creations of our gourmet chefs.

**Tip:** Like any destination restaurant, reservations are highly recommended, and can be made online after booking your cruise. Your meal includes an appetiser, salad, entrée, side, and dessert.

### Guy's Burger Joint

When we went looking for someone to help us grill up the best burgers at sea, we found just the guy. Carnival teamed up with best-selling author, restaurateur and Food Network personality Guy Fieri to bring all the authentic appeal of a roadside burger shack to Guy's Burger Joint, the cool poolside spot for hot burgers and hand-cut fries. Try a fresh-off-the-grill burger Guy's way, or take it off-road to our toppings bar and truly make it your own. And since Guy's vision for burger perfection knows no borders, our Fun Italian Style ships each feature a Guy's Burger Joint location that adds exclusive Italian flavors to the menu. (We're talking a pepperoni pizza burger, plus the Super Melt Mootz, which comes smothered in — you guessed it — mozzarella cheese!)

### Pizza Delivery

So here's the problem: you're having an amazing fun time on your cruise and a craving strikes. You need pizza! Your options are: 1) let the craving go, 2) put the fun on hold to go get a slice, 3) pull out your phone and snap a selfie — and now one's on its way! If you're wondering when you became a wizard, may we remind you that you actually used the Carnival Hub app? Any time of day, or night, pick your toppings, tell us where on the ship you're hanging out and, optionally, take a selfie to help the delivery folks find you. (Delivery's just \$5 per pie... and the pizzas are always free!) Wow, you look hungry — we'll get a fresh one on its way to you, ASAP(izza)!

### **Blueelguana Cantina™**

Nobody knows Mexican dining like a blue iguana. Well, our blue iguana, at least. That's why it should come as no surprise that the Blueelguana Cantina™ features freshly made tacos and burritos stuffed specially for your enjoyment. Throw our homemade tortillas and salsa into the mix, and you have a casual dining experience that will make you say "mmmm" (which is actually Iguanese for "more, please").

### **Lido Marketplace**

Featuring an amazing variety of casual dining spots, each just a few flip-flopped steps from the last, Lido Marketplace always has a special something ready to satisfy your latest craving spectacularly. Here we do it with dozens of what-to-eat options... great choices like BBQ, a deli counter, salad bar, an Asian station and a pasta bar... plus one spot where the chef serves up a different surprise daily! At Lido Marketplace, there's tons of indoor and outdoor seating made for gathering around, so you can enjoy your personal faves in your favourite company for lunch or dinner, or even breakfast! Lido's also where you can find soft serve, frozen yogurt and fresh pizza 24 hours a day... which so far seems to be enough to satisfy everybody.

### **Mongolian Wok**

Chow down on some delicious Asian goodness. First, select your noodles and veggies. Then tell one of our chefs which sauce and meat you want in the wok. Will it be mussels and Szechuan? Beef and Thai barbecue? Chicken and black bean? Don't worry, the decision doesn't have to be final — you can come back to Mongolian Wok and try all the combos your heart desires!

### **Seafood Shack™**

A good seafood dish is quite the catch. However you like yours served — whether it's on a roll or a platter — Seafood Shack's™ the place to cast your net. Imagine a New-England-style seaside spot where you can take it all in, enjoying a great meal complete with a side of ocean view. On a Carnival cruise is where you'll find this shack by the sea, wherever in the world you happen to be!

### **JavaBlue™ Café**

Maybe you take your coffee straight-up, or perhaps you prefer your pick-me-up with an upgrade. From the simply caffeinated to the simply sublime, nothing satisfies your coffee craving like JavaBlue™ Café, featuring fun twists on the hot and cold drinks you enjoy. While the coffee is the main event here, there's more to JavaBlue — enjoy the baked treats we like to call "comfort snacks"... which you'll call "delicious!"

### **Pizzeria del Capitano**

On Carnival ships, the captain tends to be kind of a big deal — almost a celebrity. On a few select ships, they've even got their own pizza kitchen. The best part? Pizzeria del Capitano is open to everyone, 24 hours a day! And since our captains tend to be Italian, you know the quality of the ingredients truly pass muster. (Sorry, nautical pun.) Hand-tossed dough, made from imported Italian flour, plus fresh mozzarella form a solid base, and a choice of toppings put the finishing touches on this piping hot, fresh-from-the-oven mealtime — or anytime — classic. (Also, try our caesar salad — buono, capisce?)

## Kids' Menus

Our kids' menus, available at most onboard dining venues, feature foods that are delicious enough — and fun enough — to satisfy even the pickiest of eaters. We've got all the familiar options they love from home, like spaghetti and meatballs, chicken nuggets, hot dogs, mac-n-cheese, peanut butter and jelly sandwiches and — yes mom — fresh fruit and veggies. They should save room for dessert, though, because with sweet stuff like banana splits and chocolate brownies, your young'uns are going to be pretty excited. There's even 24-hour pizza and ice cream... but these are subject to bed-time, of course.

### KIDS' MEALS FOR CAMPERS

With so many fun things to do aboard, your kid will surely work up an appetite. Our meals keep your kids fuelled up and happy with yummy options for them to enjoy as they chow down with a supervised group of their new friends. They'll enjoy pizza, cheese quesadillas, grilled cheese sandwiches, fruit, french fries, spaghetti and meatballs, chicken nuggets, hot dogs, mac-n-cheese and more! They should save room for dessert, because with banana splits and chocolate brownies, your young ones are going to be pretty excited.

## Enrichment

Carnival onboard enrichment facilities include an Art Gallery and dance classes.

## Carnival Kitchen

So you've come home from a Carnival cruise with stories to tell, photos to share, maybe a suntan... but how about upgraded BBQ skills? New sushi-rolling abilities? Or maybe you're suddenly whipping up Thai meals, from soups to satays and beyond. You could act like it's your natural talent — but we'd really prefer you tell folks how much fun you had at Carnival Kitchen!

Everybody knows how delicious Carnival cruises are, so we're getting our culinary pros to share some of their secrets with you. Classes are small, seats are limited — save yours now — but the flavor possibilities are endless, with hands-on instruction in over a dozen culinary disciplines. And for a look (and taste) of how a culinary legend whips up some wows in the kitchen, there's even a class curated by Emeril Lagasse! Learn your way through three courses of the signature dishes he's known for, on land and at sea.

So the next time you cruise, will you be coming home a cupcake master? The tailgate-party hero who takes things way beyond chips and dip? A brunch ninja making it all look pretty easy — because with a little planning, it actually is! Have a deliciously fun time onboard... and take some skills to-go

## Cruise the Vineyards

From the soft and fruity flavour of the Merlot to the light and dry Sauvignon Blanc, for those who appreciate wine, a Cruise the Vineyard package is a must. Choose from three packages featuring selections from Italy, New Zealand, France, Australia, Germany, California, Washington and Oregon. Sip and savour favourites at a discounted price — ask your Dining Room server how.

## Shore Excursions

They've hand selected the best local providers at every port of call so you can relax and focus on having fun on your shore excursions. They take care of all the details and wait for all excursions to return before departing. A detailed list of relevant excursions can be given by your travel operator.

## Art Exhibitions

Even if you don't "know" much about art, of course you can still tell when you like something — who needs a refined palette to know when a piece is good? Carnival® leaves snobbish cultural pretensions ashore, and makes art something that everyone can enjoy with a series of events designed to bring great art where it belongs — to the people. Take part in an art-themed battle of the sexes or check out showcases highlighting the best of, say, European artists or world-famous pop artist Peter Max. You can't get any closer to great art... without buying it.

## Art Seminars

Go from 'normal vacationer' to 'world-traveling art whiz' in one cruise flat — Carnival® offers such a variety of educational and enlightening seminars that we should hand out Art History degrees at the end of each cruise! We may not be an accredited university, but your cruise features an 'Art 101' lecture series designed to be your entrance into this vibrant world. We'll go from the earliest cave paintings to the modern masters — with stops at topics like the Renaissance, Baroque, Surrealism and Pop Art — and cover both theory and technique. You'll walk away with a spectrum of knowledge to use at your next art auction... or to elevate your cocktail party chatter.

## Art Auctions

A room full of too-serious old men, many wearing monocles, paying top-dollar for priceless antique works of art. If that's the "art auction" that comes to mind, adjust your expectations before your Carnival® cruise! Unlike a stodgy auction house, your vacation features a series of auction events designed to turn high art into high fun. From the rapid-fire "Lightning" action to the cheap thrills of the "under \$500" event, there are plenty of chances to try your hand at bringing home something great and have a blast doing it. Unlike land auctions, we even hold fun interactive events like the "Guess the Price" competition. That said, our onboard auctions aren't completely without fancy things — after all, what's an auction without free-flowing champagne?

## Art Games

Art is full of emotion, and as your Carnival® ship sails, you'll have the chance to experience art truly in motion... during lively onboard art games! Nobody would mistake this vacation for a 'still life' — these action-packed competitions truly 'pop,' giving you a chance to try your hand at 'impressionism' — showing what you know about the dollars and cents of art valuation. But leave your dollars and cents in your pocket — it's always free to play, even though we've raised the stakes... in this game, there's an artful prize on the line.

## Master the Martini

Life's more interesting shaken, stirred, or served with a twist. This tasting lets you choose any four flavoured mini martinis, all made with premium Absolut Vodka, at a price that's as smooth as the drinks. Choose from delights like Blackberry Bramble, Melon Crush and Florida Squeeze. Plus, once you've found a favourite, we'll give you the full-sized version to savour!

## Entertainment

Here's your chance to dip a toe into onboard entertainment, activities, bars and more... so that when you cruise, you're ready to dive headfirst into the fun.

## The Punchliner Comedy Club

Comedy clubs on land... well, it's kinda funny. Nobody likes paying cover charges, and you know that two-drink minimum? They've gotta be joking! You won't find either of these at The Punchliner Comedy Club™ aboard your Carnival cruise. Up on stage you will find some real pros who know how to wedge a little laughter into anyone's evening. You can count on these comedians to not hold back either. Since some of them get up and say exactly what's on their mind, we also schedule family-friendly performances... so the only red faces in the audience are from laughing a little too hard.

**Tip:** We'll say it again — The Punchliner Comedy Club features some shows that are family-friendly and some adult-only. You can choose which ones you attend! To help plan your evening, check the Fun Times — it's delivered daily to your stateroom.

## Playlist Productions

Everyone has those perfect songs that never fail to get them moving. Playlist Productions™ brings lists like yours to life! Your favorites become full-blown musical productions featuring singers and dancers bringing down the house. Shows vary by ship, but there's a playlist for every music lover. Need a few examples? How about the spicy sounds of Amor Cubano™, the movie-magic soundtrack of FLICK™, or Vintage Pop™ with its 20s-jazz-meets-modern-hits! Get ready for thrills as romance and pop hits collide in the interactive Dear Future Husband. Release your inner rock-n-roll patriot during America Rocks™! Enter the center of groove with the passionate Heart of Soul™. Feel the arena-shaking sounds of Epic Rock™, the piano-pounding sounds of 88 Keys™, the totally bad-meaning-good 80s Pop to the Max™, plus the funky, sophisticated... and not-at-all exclusive Studio VIP™, where everyone's welcome to come and get down!

## Live Music

Want to rock 'n' roll every night and every day? Well, you've come to the right ship. We bring some of the best performers on land out to sea for an ambiance that can't be beat. From happy-go-lucky island rock at RedFrog Pub® to sing-alongs at the piano bar to let's-get-this-party-started jams on Lido deck, chances are you'll find a live performance on board that gets your hands clapping and toes tapping. And for the ultimate concert experience at sea, check out Carnival LIVE.

## Karaoke

Believe us, you've got a rock star, pop idol or country crooner inside you. Let yours out aboard a Carnival cruise — take the stage and grab the mic because our ears are waiting. Every ship features live karaoke action, so whether your musical dreams are built on classic riffs or modern hits, come aboard and check our huge catalog — you'll find hot tracks you've been burning to perform. Ready to hit us with an '80s classic? Sing some Motown? Bring the boy-band? Indulge away — karaoke happens all throughout your cruise. Your moment in the spotlight is here.

## Atrium

Here's where you come in! The Atrium — the entrance to the ship and to vacation itself — is your first impression of all the fun to come. We make sure that this, the very heart of the ship, screams "welcome aboard the fun!" With multi-level panoramic views, the Atrium gives you the perfect place to enjoy all the hustle and bustle. There's always music playing here, whether it's a live band or a party-pumping DJ, plus enjoy events throughout the day or a drink at the bar, anytime. This 360-degree funspot is also home to the Guest Services desk, the place you go if you have questions for one of our certified fun experts... about just about anything that's on your mind.

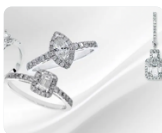

## Video Arcade

If you love to play video games, you're in luck. Our video arcade boasts a huge array of games, and is open to players of all ages, all night and all day. Challenge your friends to a game, or just see if you can beat the top score. After all, with the video arcade open 24 hours and an entire cruise ahead of you, you have plenty of time to try.

## Mega Deck Party

If a deck party has the power to bring together friendly rivals BlueIguana™ and RedFrog®, you can imagine what the Mega Deck Party can do for vacationers like you! Show up to the open-air Lido Deck pool area ready to have a good time under the stars. The ship's DJ, cruise director and entertainment staff will be on-hand to get things going... and keep everyone moving. And when we say "everyone," that means guests of all ages are welcome at this party! Make the most of your evening with games, giveaways, line dances — and more — well into the night.

Order your go-to drink and just kick back as you watch your favourite sports come to life on our big flat-screen TVs.

## Piano Bar

Play it again, Sam. Or Diana. Or whatever your name is. Because this is the bar where you call the shots... and the tunes. Hey songbird — pull up a seat, order your favourite cocktail and let your friendly piano player know what you'd like to hear. Then join the singalong for a hand-clapping, foot-tapping, finger-snapping good time. Don't feel like flexing your vocal cords? No worries — hummingbirds are welcome here, too. And since the bar's open from the evening until late at night, it's the perfect spot for an early drink or singing 'til the wee hours.

Carnival ships feature Classic Blackjack, plus fun new twists like Fun 21™ and Face-Up Blackjack. With low buy-ins, hit the table and try your hand at big payouts.

## DRINKS ON US!

The onboard casino action can get intense, but here's the deal: we've got a plan to make sure it always stays refreshing. With Drinks On Us!, once you earn enough casino points, the cocktails, beer and wine — as well as sodas and other nonalcoholic drinks — they're all on us, the whole time you're playing. And what's more, on Carnival you earn free drinks twice as fast as on any other cruise line... plus you'll always have full access to our casino bar menu. (See a casino host for details once you're aboard.)

## CASINO PRIZE GAMES

Try to keep your excitement under control — at least for the time being — because you're gonna need a steady hand and a little luck to win at our casino prize games. There are cash prizes and awesome electronics at stake, so when you win, you win big. At that point, feel free to go a little crazy, jump up and down if that's your thing... because you and your steady hand are winners!

## POKER

You know poker. One of the most popular casino games, it's all about holding onto some cards and letting other ones go. If that sounds simple enough, you'll want to check out our collection of onboard poker games — from three-card tables where dealers shuffle and serve, to state-of-the-art Texas Hold'Em PokerPro® tables, where you can see just what the deal is with touch-screen ease. Minimum bets are nice and low, but we haven't forgotten about you, high rollers — there's plenty of action at high-stakes tables and tournaments. Choose your game, play it right and you could end up collecting some serious winnings.

### SCRATCH-OFFS

Ask anyone — scratch-off games are just plain fun. (Winning is great too!) Pack your luckiest scratching coin and go to town on a ticket... or a whole stack. There's a bunch of games to choose from, prizes go all the way up to \$500,000... and like the pros know, each ticket offers more than one way to win. Check out all the action in your onboard casino — head to the casino cashier's desk for more information.

### Library

With wall-to-wall activities, most people wouldn't think of their cruise vacation as a great time to read a book, but you'll find the bibliophilic faithful stretched out on deck chairs, enjoying the sun, sea breeze... and a page-turner. Forgot to bring a book? E-reader battery just died? Every Carnival® ship features an onboard library stocked with the good stuff. For the silent types, it's a great place to read, but if the roar of the ocean is more your soundtrack, the library is a great place to find a good read to borrow and devour, al fresco. You'll also find our libraries stocked with a variety of awesome board games for the whole family to enjoy!

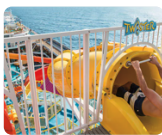

### Games

Play is essential to childhood development — that's what cognitive scientists (fully-grown adults without bedtimes) believe! We would add that play is important to ALL ages, so onboard games are a huge part of the Carnival® experience for the young and old! From physical challenges to scavenger hunts to the very appropriate Battle of the Ages — the trivia game that actually pits kids against adults — Carnival puts the “all” in “fun for all.” (Not to mention the “fun.”)

### Dive-In Movies

Ready to see stars? Park yourself in front of the big screen — the really big screen — and settle in for some true stars with Dive-In Movies at Carnival Seaside Theatre™. From the comfort of your poolside lounge chair you'll enjoy sporting events and recent blockbuster films. Or bring your suit and take in all this action from the pool itself! The screen is big and beautiful so every seat is the perfect one, but it's more than just the view... it's the breeze, and the joy of enjoying some great entertainment together. So come out for a show and try to remember a breezier night you've spent at the theatre.

## WaterWorks™

Wanna splish — and splash — the day away? Head on over to WaterWorks™, Carnival's onboard waterpark. First up, there's the Twister Waterslide™, hundreds of feet of spiralling awesomeness that starts you off high in the air and gets you down low with one of the fastest, wettest rides you'll find anywhere. Select ships have side-by-side racing slides, which make serious competition seriously fun. Wear your speed suit for Speedway Splash, which features hundreds of feet of racing action, plus special lighting effects you'll experience on the road to victory. DrainPipe™ ends with one major swirl of a finish, while PowerDrencher™ takes soaking seriously — imagine the biggest bucket of water you've ever seen, raining down on you from above. And this isn't just kids' stuff — the young at heart are encouraged to zoom and splash around too! (WaterWorks configurations vary by ship.)

### TWISTER WATERSLIDE

Above the ship you'll find the shining sun, but that's not all — basking in its rays is a gleaming symbol of fun, a monument to merriment... a sign of splashy-good times to come. Spot the spiralling Twister Waterslide™ atop your Carnival ship and you can be sure that your vacation comes complete with twists, turns and squeals of thrilled delight. Countless gallons of water rush through the entire length of this slide, so you're by no means dry when you start, but by the time you reach the end — hundreds of feet later — you reach new levels of soaking, splashing down in that classic waterslide photo-finish: hands-up, eyes wide and nothing but exhilaration on your face.

## RedFrog® Pub

Get into an island state of mind before you even set foot on one. RedFrog® Pub is our laid-back, no-worries, oh-so-lively Key West-inspired pub. Sample Caribbean fare, dominate at the foosball table, enjoy some sweet tunes from live musicians and sip our tasty signature private-label brew, ThirstyFrog® Red. So kick back and feel the island vibe come to life. You'll be a local here before you know it.

**Note:** Food menu is available on Carnival Breeze® and Carnival Magic®, for an additional cost.

## RedFrog® Rum Bar

Guests have told us we hit on something special with the cool Caribbean chill of the RedFrog® Pub. We've taken the best parts and brought them poolside with the RedFrog® Rum Bar, where the frog keeps the fun hopping day and night with all the island flava you know and love. Join the party at this poolside bar featuring a great selection of frog-approved Caribbean rum-based concoctions available by the glass or pitcher, plus plenty of Carnival's signature private-label draft beer, ThirstyFrog® Red.

## Alchemy Bar®

No magic spells are required to enjoy a cocktail creation at Alchemy Bar®, our unique vintage-themed cocktail "pharmacy" — all you need is a willingness to be surprised, to try something new. We've flipped through dusty old texts to uncover enticing combinations: select spirits, fresh juices, infused syrups, spices... and other tantalising secrets performed before your very eyes by the true mix-masters: our bartenders. Choose a remedy from the menu, or let us prescribe you a custom elixir just for you, with or without alcohol.

**Tip:** Now you can sip without drinking! Wait, what? Alchemy Bar features seven classic cocktails hand-made with Lyre's non-alcoholic spirits — all the goodness is in the mix, with none of the alcohol.

### Blueelguana Tequila Bar™

Blueelguana Tequila Bar™ is the onboard spot to chill and enjoy a slushy tequila drink or an ice-cold Mexican cerveza. The menu offers up Mexican favourites, including several brands of tequila and a slew of Mexican brews. There's a lineup of frozen concoctions, cocktails and margaritas served by the glass or by the pitcher, and even a special Mexican beer cocktail (yes, really). Where can you find this little slice of Mexican paradise? Next to the pool, of course. So stay cool and take in the bar's vacation vibe while you kick back on your cruise – that's what official bar mascot Blue the Iguana would tell you.

### Bingo

With more ways to win than ever before, bingo on a cruise ship is like no other. Get ready to play some crazy-exciting, hoot-and-holler-if-you-win-big bingo! The prizes are bigger, the packages are more fun and there are even souvenir daubers to mark your numbers... so bring your friends because the more people who play, the more money there is up for grabs. That next B-6 could be the lucky call that lands you a whopping \$5,000 jackpot!

### Cherry On Top™

A cruise is the perfect time to treat yourself to something sweet, and Cherry On Top™ happens to be the perfect place. You'll find this well-stocked candy-and-more-store not only great for enjoying some of your confectionery favourites, but the place to pick up food and apparel gifts for that special someone, even if — admit it — that someone happens to be you!

Scream for the cool stuff? Visit the ice cream counter at the Cherry On Top shops aboard Carnival Vista® and Carnival Horizon® for a signature ice cream creation, or build your own with tons of mix-ins and topping options. And if you get the urge to eat ice cream with your hands, we won't judge... we'll just suggest one of our all-new ice cream cookie sandwiches. We'll build you one by hand, and stuff it full of whatever ice cream and toppings you scream for.

### Dreams Studio

On the same ship with the waterslides and conga lines is actually a photographic oasis. Everybody looks their best, smiles their biggest smiles on vacation... and at Dreams Studio our professional photographers beautifully capture this side of individuals, couples, groups or families. Reserve your session and your journey begins. We'll lead you to the best photo spots on the ship, in our onboard photo studio... or even ashore in some picturesque destinations. You'll end up with amazing prints or high-quality digital files, and don't forget to check out our photo packages, custom photo-books, collages and large prints.

**Tip:** Elegant Night on your cruise makes the perfect time to capture your all-dressed-up look in refined black & white portraits!

### 80s Rock-N-Glow Party

Your cruise features 80s Night, so when the sun goes down you know things are gonna get bad... bad meaning good! The fun starts with a Playlist Productions™ show and, since everybody just wants to have fun, features an evening of themed parties that will have you wondering if the ship's, like, sailing back in time. Just in case we do hit 88 knots, wear your hair big and we'll up this journey to the max with DJs spinning some righteous tunes from the heyday of music videos, one illin' 80s dance contest, plus a class to totally teach you how to bust a move. Rad!

## Nightclub

Get up and get down at the most happenin' club in the Caribbean. Our DJs are spinning today's hottest hits and yesterday's retro jams, guaranteed to get you out of your seat and tapping your feet. (Hey, that rhymed!) Whether you're doing the robot or the worm or just swaying to the music, you'll want to dance 'til the sun rises. Or at least 'til last call. (Some people are born with all the right moves, but the rest of us need a little instruction to smooth the sharp edges off of ours. That's why you'll find a host of free dance classes that sail along with you!)

## Pixels

Since photos are a big part of how you and your crew will remember your cruise, you can rely on Carnival's photo-pros to bring your fun side into focus — lighting and background, shutter speed and aperture know-how goes into every shot they take. You'll find our pros all over the ship: when you're gathered around the dining room table, as you step off the ship at your destination... and plenty of times in between. You'll even find creative and fun backdrops around the ship that you can casually stop by and do a quick pose in front of!

**Savings tip:** rather than buying individual photos, you should check out our Pixels photo packages — these get you more shots for less!

## Holidays Aboard

You don't need a reason to celebrate... but if you want one, look no further than your calendar. Every Carnival cruise is a celebration — especially on holidays — but we truly go all-out for a few special dates throughout the year. This makes the ship a great place to call home for a while, gathering with your friends and family. For one thing, there's Halloween all October long, where costumes at sea are just the beginning. When Thanksgiving comes along, it calls for a feast... with absolutely no cooking on your part. Christmas festivities are a big deal, combining solemn traditions with jolly fun... and a huge tree. Finally, we close out the year — and begin the next one — with New Year's Eve traditions like a huge party... and the party isn't complete without an after-party. Ready to celebrate? Plan your cruise for the right dates and you're in for even more festive fun.

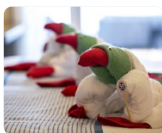

## Military Appreciation

A Carnival® features special ways we recognise the service of U.S. and Canadian military members and veterans. It begins with military discounts on cruise fare... but it doesn't end there! Whether you're active or retired, come out and join us at the Military Appreciation Gathering — held on absolutely every cruise — where we honour the courage and commitment made by soldiers... and of course, their families as well. In addition to the event, there's also a chance for veterans, and those who matter to them, to gather around the reserved table and share stories at the Veterans' Tea Time Meet & Greet.

On a few of our newest ships, we've been able to set aside space for a dedicated spot where folks can gather in recognition of heroes, all cruise long! We call it Heroes Tribute Bar & Lounge, and it's a welcoming place for anyone to come enjoy a drink — and raise that glass, of course.

Finally, let's not forget about Carnival's support for Operation Homefront. This incredible organisation provides military families with rent-free housing, helping get wounded veterans and their loved ones back on their feet... a cause that's so important to us.

## Towel Animal Theatre

They may be made out of flat towels, but there's nothing two-dimensional about the performances at Towel Animal Theatre on your Carnival cruise. They're rolled, folded and brought to life by the same masters of the craft that leave the cute little guys nightly in your stateroom... except these especially-absorbent stars get on stage and put on a show for adoring fans, young and old. (Want a behind-the-curtains peek at how our stars were made? Get to the show early for the short Towel Animal Folding Seminar.)

## Sailaway Party

There are two kinds of people — land people and sea people. Unless they were born on a pirate ship or something, pretty much everybody starts out as a land person. And look, there's nothing wrong with that. But there's a process for becoming a sea person, and the Caribbean Sailaway Party on your first Carnival cruise is where the transformation occurs. It's actually pretty easy: get there and... you're in the club and ready to celebrate! (Then, on your second Carnival cruise — and let's be honest, you'll be back — strap on your sea legs, find a cruise newbie and join them in a toast to the great times to come.)

## Casino Bar

Winning big in the casino is big fun, and your next stop is celebrating with a top-shelf drink. Located right off the casino floor, the casino bar serves up your favourite cocktails, beer and wine, making this the perfect spot to celebrate with family, friends... and maybe even total strangers.

## Deal or No Deal (Coming Soon)

You know the game show with the briefcases stuffed full of money, a big red button and a mysterious banker phoning in deals? Yep, you've seen it on TV... and now you'll find it on your next Carnival cruise. When it comes to Deal or No Deal at sea, there are actually TWO ways you could win — and only one of them is reserved for the lucky contestant up on the stage! It works like this: buy a game card (or save money by buying two), and each card you hold gives you another a chance to be randomly selected to take the stage and play the fan-favourite game of eliminating briefcases throughout the rounds for a shot at \$1,000. But even if you're not selected, you're still in the game — matches on your game card let you move up the prize board. (And up to \$5,000 goes to lucky cardholders in the audience!) Of course it's 18+ to play, but everyone's welcome to watch the fun from the studio audience. Deal?

## White Hot Night Party

The fun on a Carnival cruise may start at sunrise, but that doesn't mean it comes to an end when the sun goes down. On one night of your cruise, your cruise director will be throwing a White Hot Night Party... and you're invited! So when packing for your cruise, remember what an amazing photo op this will be and bring your favorite, most fun... even quirkiest white clothing and matching accessories. Keep the theme going head to toe, if you can. We're counting on you to help us heat up this amazing night of dancing, giveaways, fun and more!

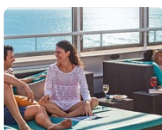

## Beer Station

The fun on a Carnival cruise may start at sunrise, but that doesn't mean it comes to an end when the sun goes down. ## Health and Fitness

Carnival onboard Health & Fitness facilities include sports events, a gym, as well as a spa and beauty salon.

## Serenity Adult-Only Retreat™

Somebody at Carnival knows just what you need, and it's pretty much exactly the Serenity Adult-Only Retreat™. Look, you'll still be on the same ship as the kids, the hoopla, and all the Carnival-style excitement... but you could easily forget, because when you're at Serenity you could not be further from it all. The world you'll find yourself in is one of complete peace, sea breezes and, of course, a nearby bar. It's the place to get done the kind of stuff you just can't seem to do anywhere else — reconnect with your partner, finish that book, or do absolutely, blissfully, nothing at all.

## Jogging Track

Jogging may not immediately come to mind when you think of things to do at sea, but it probably should. You don't have to walk on water, you just have to get on a Carnival cruise. After all, if you're going to jog, you'd be hard-pressed to find a place to do it with a more scenic view, or a more refreshing breeze — both of these are available in abundance when you go for an open-air jog on the upper-deck. Jogging tracks are available on almost all Carnival ships, and are even padded for long-distance comfort.

## Fitness Centre

We have some bad news for you — your ship has a gym. In other words, there's no excuse for leaving your fitness routine back on land. That's great news, however, for your body, which will definitely benefit from all the extra energy that vacationing pumps directly into you. And let's not forget the extra time you'll have, since you won't be waking up and spending most of the day at the office or anything like that. If those were some of your go-to excuses, we're sorry, but we all know this is important. Why not treat yourself to some of our fitness classes — you might even have a little fun while you do something great for yourself!

### Fitness Classes

You can have all the will in the world, a great attitude that keeps you working hard at the gym, but still not see the results you're hoping for. If that's the case — or you're just looking to shake things up with a little extra fun or challenge in your workout — check out Carnival's selection of onboard fitness classes. Whether it's yoga, pilates, indoor cycling or boot camp, there's a fitness class that'll get you the workout you need, and the instruction you need to do it right. Looking for a little extra attention? Look to personal training for a workout with that personal touch.

### Yoga and Pilates

Carnival's yoga and Pilates classes will have you finding inner peace before you know it. With classes ranging from meditative stretching to more intensive, advanced levels, you'll be sure to find the class that's perfect for you. Check out your daily Fun Times to see which classes are being offered, then head on over to the Fitness Centre to participate.

## Hair and Beauty Salon

A trip to the salon is an opportunity to relax, to chat with others, to focus on yourself. It's about more than just getting your hair or nails done... but it's definitely about getting your hair or nails done! Even though you're on vacation, you won't have to settle for anything less than the salon style you're used to back on land. And these good looks go beyond the usual — we even offer services like teeth whitening... great for taking those 'I'm on vacation and I'm looking great!' smiles to the next level.

## Mini Golf

Ah, imagine a perfect day out on the links, the golfer's zen of the ball, the hole and nothing in between but well-manicured fairway... plus one cactus, a treasure chest... and wait, is that a windmill in the way? Just who designed this course anyway? Whoever it was, they had one thing in mind — maximum fun for mini-golfers, big and small! That's precisely why you'll find a course on every Carnival® ship, where you can hit the holes and take in everything you'd expect, like the sights and the sounds... plus the seagulls.

## Pools

POOL DAY! Whether today's the day for a bit of a dip, a dash of splash or even some swimming — or just a serious poolside lounging session — your Carnival cruise has just the pool for you. In fact, pools are so important to a great cruise that we designed many of our ships to have two of them. At an aft pool you'll catch a breeze, plus a sea view featuring the ship's wake, while midship pools have a grand view of a different kind: the big screen's right there for the viewing. And no matter which you find yourself chilling in, the sunbeams are yours for the soaking.

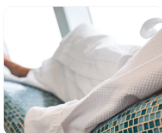

## Men's Spa Services

Hey man, been to the spa lately? Well, why let the ladies have all the fun? You can actually enjoy a lot of the same stuff they do, plus manly services like razor-close barbershop-style shaves — pair one with a facial to really get a good thing going up top. Speaking of the barber, a cruise is a great time to rock a whole new hairstyle, a quick grey-hair darkening, or even just a fresh trim. And what guy wouldn't go for a little extra relaxation with a massage? Exactly, bro.

## Medi-Spa

Has anyone told you lately that you're a beautiful person? We're telling you — we like you the way you are. Now, with that said, we want to let you know that your Carnival cruise contains a Medi-spa. We're certainly not saying that you need them, but if you've been thinking about Botox or Dysport treatments, this spa is a good place to do them. Get them on vacation and they'll always be administered by our onboard Medi-spa physician, a licensed medical doctor. These are non-surgical, anti-wrinkle procedures that show results in days, and last for months, so you can keep enjoying the benefits even after you're back home.

## Cloud 9 Spa

Sometimes you just need to get away... from all that vacation. We know — sitting at home, it's hard to imagine that, but trust us — it's really, really nice to have a place to unwind from the day's excitement. Escape to a world designed, from the ground up, for relaxation. Cloud 9 Spa™ staff are masters (or, maybe more like artists) trained in the craft of simply helping you chill. What's their secret? Massages, facials, body wraps, thermal suites and more — plus, on certain ships, the amazing Hydrotherapy Pool — these are the tools of the trade. And the trade is ultimate relaxation.

**Note:** *The Cloud 9 Spa Hydrotherapy Pool is only available on Carnival Dream®, Carnival Breeze®, Carnival Magic®, Carnival Splendor®.*

### CLOUD 9 SPA: HYDROTHERAPY POOL

On a Carnival cruise, the vast and beautiful sea is all around you. You can do all the looking you want from the ship, but sorry — no touching allowed. (We're sure you'll understand.) That's what the Hydrotherapy Pool at the onboard Cloud 9 Spa™ is for! Get your sea-water fix and soak completely in it, easily absorbing all the relaxing, rejuvenating benefits of the trace elements and vitamins you'll find in nature. Oh, and here's one thing you'll only find in our special pool: water jets that massage and invigorate. Mother Nature's great, but she can't do that.

### CLOUD 9 SPA: THERMAL SUITE

To be the king or queen of the thermostat — doesn't it feel great? While bending the elements to your will, finding that perfect temperature for relaxation is awesome... even better is not needing to. Carnival's Cloud 9 Spa™ thermal suites are dedicated relaxation zones with a variety of available environments, each carefully developed by our master climate artists. Whether you prefer to lounge in the dry heat of the Laconium or Tepidarium, or like a little soothing moisture in the air (in which case try the Oriental or Aroma steambaths), prepare to experience temperature nirvana.

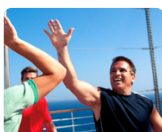

### MASSAGE

Cruising always feels good, but it doesn't usually — ooh, right there. Right where? Sorry, we're at the onboard spa, where they do these amazing massages by hand. But they don't just stop there — they've got tools to enhance the benefits too. Select from different hands-on experiences featuring seaweed for detox, herbal poultice for energy, bamboo for deep tissue penetration and hot stones for — ahhh — for perfection. We know you're all about feeling good, and so are these massages.

## Facial Treatments

Your face is the first thing the world sees, and while a nice smile can make a world of difference, one of the best ways to put a smile on your face is with a nice, refreshing facial. Of course, there's more to it than just feeling great... post-facial, your rejuvenated skin will also be looking its best, so there's definitely substance behind the good looks you'll be catching glimpses of in all the mirrors you pass. Whichever facial option you go for — and our onboard spa offers a few — you'll be treated to a luxuriously enhancing experience.

## Basketball

You may think basketball is all about the hoop and getting the ball in there, but you may not have ever played on a Carnival® ship. Here, it's all about the journey to the hoop: the view and the sea breeze you take in as you drive your way past defenders to put the rock in the bucket. Say, that actually reminds us of cruising — the destinations may rock, but it's all about getting there. (Be warned, though — on our court, strange as it may seem, traveling is still considered a foul.)

## Acupuncture

Lots of pins in your body — who would want that? Lots of people, clearly — acupuncture is performed all around the world, and has been used for all manner of ailments for thousands of years. Whether you're looking to pinpoint a specific health concern or just searching for a different way to relax, our onboard, licensed acupuncturist's table is a great place to do it. (Some common ailments that draw people to the acupuncturist? Back pain, arthritis, digestive disorders and more.)

## Fitness Center

We have some bad news for you — your ship has a gym. In other words, there's no excuse for leaving your fitness routine back on land. That's great news, however, for your body, which will definitely benefit from all the extra energy that vacationing pumps directly into you. And let's not forget the extra time you'll have, since you won't be waking up and spending most of the day at the office or anything like that. If those were some of your go-to excuses, we're sorry, but we all know this is important. Why not treat yourself to some of our fitness classes — you might even have a little fun while you do something great for yourself!

## Pickleball

If you're hungry, the deli is that way! But whether you're a pickleball novice or kind of a pro, we're serving up a spot on-board where you can meet up for some friendly competition. In this scaled-down tennis-like game — pop! — oh hey, that's just the way it sounds when someone hits the ball, you'll get used to it. This game's history goes way back to the 60s but it's gotten pretty popular lately, and best of all your cruise is a great time to learn the simple rules and take a whack at this game — pop! — yep, like they just did. So if you've ever played tennis, ping-pong or badminton, you might already have the skills. And even if you haven't, just — pop! — pop on over for a game.

## Kids and Teens

Every Carnival ship caters for children of all ages and that includes Camp Carnival Night Owls, so you can enjoy an evening together without the kids.

## Camp Ocean

The little ones can enjoy the best parts of summer camp, year-round aboard their Carnival cruise. At Camp Ocean kids will have a blast in supervised, age-based groups and give each a cool marine-life label: Penguins (2 to 5 years), Stingrays (6 to 8 years) and Sharks (9 to 11 years). Together with their group they'll enjoy tons of fun-filled, age-appropriate activities like arts and crafts, songs, games, toys, dancing, movies and video games. When it's mealtime, kids eat together and get their own menus with back-on-land faves like mac & cheese, chicken nuggets and more. The whole time, our experienced counsellors will be there to make sure everyone in these small groups has an amazing time. Plus, when the sun goes down it's Night Owls time — fees apply, but kids get to stay up late having fun while their parents also enjoy themselves well into the night.

## ARTS AND CRAFTS

To kids, arts and crafts is a fun way to spend an afternoon. Camp Ocean® presents plenty of creative opportunities for budding Picassos to master Monets, and kids can express themselves with all kinds of crafts from painting to jewellery-making. You know, future living-room-museum pieces.

## Night Owls

Think back — as a kid, was there anything better than times you got to stay up late? Even as an adult, nighttime is funtime, especially with all there is to do on your Carnival cruise. We have the perfect thing for you AND for your kids, and it's called "Night Owls™"! For a nominal fee, kids 11 and under can fun it up with others their age until as late as 1 a.m. They'll enjoy music, activities, games and giveaways at supervised parties while you enjoy... whatever it is you do at night these days, all without a worry.

## Circle 'C'

What does the C in Circle “C®” stand for? Well... how about “cruise,” “chill” and “connect”? (Just to name a few, of course.) It's the onboard spot where teens ages 12 to 14 go to hang out, meet new friends, and enjoy some pretty awesome activities. Like what? Think dance parties, games, outdoor movies and more, some in the exclusive Circle “C” lounge and others around the ship. These are all supervised by the friendly and fun-loving counsellors who make sure teens have the best vacation ever.

## Club O2

Your parents deserve a nice vacation... but then again, so do you. So let's let them go do their thing while you do yours. Where to? Club O2®. Hang out doing stuff like watching movies, listening to music from this decade, playing sports and video games, joining karaoke jam sessions... maybe even attending Carnival's version of prom, all with other high schoolers ages 15 to 17.

## ZSPA

There's a lot to being a teen — they need to kick back, chill and sometimes even indulge just as much as adults... if not more! We understand them, which is why we've tailored our onboard ZSPA treatments to their unique needs. ZSPA keeps teens looking their best from head to toe, with everything from trendy hairstyles to pedicures. Okay, so it's not all about looking good — it's about feeling great too. We make that happen, whether they want to do more for themselves with specialised fitness classes, or perhaps do a little less with relaxation and indulgence programs worth ‘ooh’ing and ‘ahh’ing about. So whether it'll be your teen's first time, or they're already a seasoned spa pro, we speak their language at ZSPA.

## Build-A-Bear Workshop At Sea®

A Carnival cruise gives kids plenty of chances to make new friends... but never before quite like this. When kids visit the Build-A-Bear Workshop At Sea®, they use their little hands and big creativity to bring a new stuffed friend to life. They can customise their furry friend from head to toe by choosing the bear, clothing and accessories. The cuddly bears are actually just the beginning — these stuffed friends come in all shapes, like a dog, bunny, shark, The Cat in the Hat... even a bear with a special Carnival-exclusive design! There's all these great choices, and here's one more: the special St. Jude bear. When you choose this one, the proceeds will benefit the kids of the St. Jude Children's Research Hospital® !

## Seuss at Sea

From the whimsical and always wonderful world of Dr. Seuss® comes Cats in Hats, Fish Red and Blue, and both kinds of Things — 1 and 2. And they're all coming to a Carnival cruise near you as the world of Dr. Seuss leaps off the page and onto Seuss at Sea™.

Dr. Seuss's timeless stories are the kind kids memorise, and this is the kind of cruise you'll remember for a lifetime. The whole family will still enjoy all the classic Carnival activities, but the littlest ones, and their families, will also enjoy an all-new, extra-special experience as the fantastical world of Dr. Seuss comes to life around them.

Enjoy a special onboard character parade, interactive story time, arts & crafts activities, character breakfast featuring their favourite Dr. Seuss friends and more. Seuss at Sea truly brings your child's favourite books to life.

## Zumbini®

Cruises are great for relaxing... unless you're a kid! Since kids have virtually unlimited energy — and you know they definitely bring it with them on vacation — your Carnival cruise will get your kids moving and developing with Zumbini®, created by Zumba® & BabyFirst™. On every sailing, kids 2–5 years old will enjoy a free 30-minute Zumbini class that brings together the same musical fun that families love on land. The class features Zumbini songs, activities, special instruments and more, all in the name of movement. And on sailings six days or longer, we'll be hosting a Family Zumbini class where parents can join their kids and our youth staff for guided activities focusing on parent-child bonding... and, of course, fun!

## Seuss-a-palooza™ Story Time

Experience Dr. Seuss® books like never before at Seuss-a-palooza™ Story Time. Watch as your favourite stories come to life in a setting that's as one-of-a-kind as the Dr. Seuss classics themselves. But don't just take this one sitting down — as an audience member at Seuss-a-palooza Story Time you'll find chances to interact as the story unfolds... and perhaps even become a part of the story, yourself! Also, be sure to keep an eye open for unexpected, delightfully costumed guests who may very well be stopping by to make a special appearance...

## Seuss-a-palooza™ Parade

Stand up and cheer for the Seuss-a-palooza™ Parade, now streaming down the deck of select Carnival ships. Join characters you love — and a flock of your fellow fun followers — as you become part of the spirited procession of the biggest (and smallest) fans on this side of shore. This parade spreads the fun, so go spread the news... and to think that you'll do it on your Carnival cruise!

## Towel Animal Theatre

They may be made out of flat towels, but there's nothing two-dimensional about the performances at Towel Animal Theatre on your Carnival cruise. They're rolled, folded and brought to life by the same masters of the craft that leave the cute little guys nightly in your stateroom... except these especially-absorbent stars get on stage and put on a show for adoring fans, young and old. (Want a behind-the-curtains peek at how our stars were made? Get to the show early for the short Towel Animal Folding Seminar.)

## See The World

Everyone can expand their horizons on a Carnival cruise...but it's especially true for teens. Cruising allows for unique experiences viewed through a new lens. That's why we're hosting See The World, special authentic celebrations that expose teen cruisers to holidays and traditions from cultures around the world. Actual activities will vary by ship and age group, but we celebrate **Holi Festival**, which originated in India, with authentic craft activities, rickshaw races and a Bollywood-style dance class, to name a few! We honor the Japanese **Cherry Blossom Celebration** with traditional elements such as an anime drawing class, a tea ceremony, origami lessons, and a Zen musical soundscape. And that's not all...we mark the occasion of the Philippines' **Panagbenga Festival** with a flower parade, cultural jewelry-making activity, a Tagalog language scavenger hunt and more. Our See The World program is proof that enriching fun can happen on vacation!

## Space Cruisers

Exploration is an important part of the Carnival cruise experience, but why stop at the seas? For cruisers aged 2–11, there's a new vacation experience called Space Cruisers™, which introduces kids at Camp Ocean to the wonder of space exploration. We're doing it in partnership with Kennedy Space Center Visitor Complex, so budding astronomy fans can enjoy the authenticity of NASA-inspired activities to help them blast off to a love of the cosmos. Activities vary by Camp Ocean age group and sailing, but some include building and racing Mars Rovers, designing and testing bridge physics, playing space-themed bingo, plus hands-on learning about how objects orbit in space. And completing "missions" will even earn you a special exclusive mission patch! 3, 2, 1... FUN!

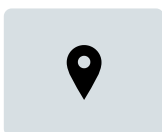

## Big Fun for Infants & Toddlers

Their first couple of years are so special. Wouldn't it be great to make a Carnival cruise one of their earliest experiences? Yep, even the under-twos aren't too small to enjoy a cruise... and we make it amazing with special activities made for them! These are unique, enriching experiences, but we pack them with fun, just like for the bigger kids. But for this bunch — we call the little ones "Turtles®" — there's arts and crafts, dancing, educational games, a storytime featuring Dr. Seuss® favorites, Zumbini®, sensory play and more, always hosted by qualified childcare experts, and always just right for kids their age.

At certain times, Turtles can join in the fun the other kids are having at Camp Ocean®, and they're definitely welcome at Night Owls™ too, so parents like you can enjoy a little relaxation time, knowing they're in caring hands.

## Useful to Know

### Packing Tips

To help you plan, on cruises of 3-5 days, please limit your luggage to a maximum of one bag, per person. On cruises of 6 days or longer, no more than two bags, per person. Each checked bag and carry-on bag should not weigh more than 50 pounds and, when lying flat, bags must not exceed 16 inches high, by 24 inches wide (the length of the bag is not a factor). For security screening purposes, all luggage should be unlocked. Oversized luggage and locked luggage may cause delivery delays.

You must personally carry-on any boarding documentation (passports, visas, I.D), valuables, medications and items which require special handling or that you need access to while your checked luggage is being delivered. And don't forget your personal toiletries (travel size or standard container size).

There are a number of must-pack items that we recommend every cruiser consider when preparing for a Carnival cruise. Before you get started, check out our What to Wear section and research the weather forecast for the ports you'll be visiting to determine exactly what you will need to bring. In addition, here are some other recommended items:

- Collapsible daypack or bag
- Sunglasses
- Rain jacket or poncho and/or small umbrella
- Sunscreen and insect repellent
- Translation and guide books
- Books and magazines
- Binoculars (to see the beautiful wildlife in Alaska)
- Phone chargers
- Camera

Checked baggage service is only available until 2 hours before the ship's published sailing time (printed in the cruise documents). Guests arriving after this time will be responsible for taking their own bags on board.

### What Not to Pack

In order to maintain a safe and secure environment, Carnival prohibits certain items on board, such as weapons, candles, irons, alcohol, or other dangerous goods. Carnival conducts security safety scanning of all luggage and if prohibited items are found, they will be removed and disposed of and no compensation will be given. Please review our list of Prohibited Items before shutting your suitcase.

## Disabled Facilities

## **FACILITIES AND SERVICES FOR GUESTS WITH DISABILITIES**

At Carnival, we're dedicated to offering a fun and memorable cruise experience to all our guests. Our team of trained crew members provides attentive service and our ships have a variety of accessible features to ensure our guests with disabilities have a relaxing and enjoyable cruise. We are working on additional modifications to our ships and services to further enhance the guest experience. Look for updates to this page periodically for more details.

While we provide attentive service, we do not provide one-on-one personal care assistance, and all guests must be able to provide such care for themselves (e.g., performing personal tasks such as eating, dressing, toileting, bathing, and getting around the ship). Once on board, our crew will not provide any assistance with such personal tasks.

### **GENERAL ACCESS**

We've made substantial modifications to our ships, to help make them easier to navigate. Our ships feature accessible elevators at each elevator bank, equipped with both tactile controls within reach of guests who use wheelchairs and audible signals for guests who are blind or have limited vision.

Accessible routes are available throughout most areas of the ship and signs are posted to assist you in locating these pathways. Accessible tables are available in the dining venues of each ship. In addition to the main dining rooms, each ship offers a variety of accessible dining options within Lido Deck casual dining areas and other restaurant venues. 24-hour room service is also available for all our guests. Pool lifts are only available on Carnival Horizon, Carnival Panorama, Carnival Radiance, Carnival Sunrise, Carnival Vista, and Mardi Gras, all of which have a 300 pound weight limit.

### **ACCESSIBLE STATEROOMS**

Our ships have specially designed staterooms for guests using wheelchairs, or those who have mobility limitations and could benefit from the features of an accessible stateroom. We request our guests to acknowledge the need for the accessible stateroom by completing this Mobility Questionnaire, or one will be sent to you once the reservation has been secured and you have notified Carnival that you, or the person you are securing the stateroom for, requires the accessibility features of the stateroom.

If an accessible stateroom is booked by a guest who does not need the accessibility features in the stateroom, they may at any time be moved to a non-accessible stateroom in order to accommodate a guest with a disability.

We have four classifications of staterooms:

- **Fully Accessible Cabins (FAC):** These staterooms are designed for use by guests with highly limited mobility or no mobility, who require the regular use of a wheelchair, scooter or other similar assistive devices. Fully Accessible Cabins contain accessible elements including turning space, accessible routes throughout the stateroom and an accessible bathroom. Additionally, the bathrooms contain grab bars and shower seats.
- **Fully Accessible Cabins – Single Side Approach (FAC-SSA):** These staterooms are designed for use by guests with highly limited or no mobility, who require the regular use of a wheelchair, scooter or other similar assistive devices. Fully Accessible Cabins – Single Side Approach are a type of FAC that provides an accessible route and clear floor space on only one side of the bed, in staterooms configured to provide only one bed. In a stateroom configured to provide two beds, the clear floor space will be between the beds, with one side of each bed getting an accessible route. Additionally, these staterooms have an accessible bathroom that contains grab bars and shower seats.
- **Ambulatory Accessible Cabins (AAC):** These staterooms are designed for use by guests with mobility limitations, who do not require the regular use of a wheelchair, scooter, or other similar assistive devices. For example, Ambulatory Accessible Cabins are ideal for guests who only use an assistive device (like a cane or a walker) for traversing longer distances, and who may benefit from certain accessible features like grab bars, to assist with balance. Please keep in mind this type of stateroom has a step going into the bathroom and balcony (if applicable).
- **Standard Cabins:** These staterooms have an entry doorway measuring approximately 22" (55.9 cm), an 8" (20.3 cm) lip into the cabin bathroom, a 4" (10.2 cm) lip into the shower stall and a 7" (17.8 cm) lip to the balcony (if applicable). As with all Carnival reservations, staterooms within each category are assigned on a first come, first serve basis. Therefore, it is advisable to reserve an accessible or modified stateroom in advance. If an accessible stateroom is booked by a guest who does not need the accessibility features in the stateroom, they may at any time be moved to a non-accessible stateroom in order to accommodate a guest with a disability.

### **PERSONAL MOBILITY DEVICES (WHEELCHAIRS/SCOOTERS/SEGWAYS)**

We strongly encourage guests to inform us if they are traveling with wheelchairs/scooters at the time of booking, or as soon as the need is known, to ensure they have a stateroom that best accommodates their needs. Only mobility devices operated with gel, dry cell, absorbed glass mat, or lithium-ion batteries will be allowed on board. Batteries must be charged in the guest's stateroom and for this reason, we recommend guests travel with a scooter that has removable batteries.

Due to safety considerations, devices cannot be stored in corridors or public areas. In order to purchase a standard stateroom, devices must be able to fit in its 22" (55.9 cm) wide entry doorway, and when stored, must allow for safe exit from the stateroom. Guests, who bring scooters that are larger than 21" (53.34 cm) wide, or travel with multiple scooters in the same stateroom, must purchase a fully accessible stateroom with a wider doorway (32", 81.3 cm), or rent a smaller scooter appropriately suited for their stateroom. Guests may be required to have their scooters sized at the time of check-in to ensure it fits in the stateroom. Scooters that do not fit in the stateroom will not be allowed on board. Should a guest be unable to make alternate arrangements to rent a smaller scooter or travel without it, he/she will be denied boarding and no compensation will be provided.

Guests must be prepared to collapse their device so it can be safely stored in a way that allows for safe exit from their stateroom. If bringing a scooter, please bring one that can collapse or fold so that it may be stored in the closet or underneath the vanity area. Once on board, guests may contact their room steward for assistance.

Guests must drive at a safe speed to ensure their own safety and the safety of others on board. Raised door thresholds are present throughout the ship, which need to be traversed with care. Careful attention must be paid when backing in and out of elevators as they are often in close proximity to the staircase and may be narrow and difficult to navigate. Guests wishing to disembark the vessel on their device must also be able to safely navigate the angle of the gangway while the ship is docked in port. Additionally, if the ship is calling on a water shuttle port, the captain will make a determination as to whether guests may disembark with their device given prevailing maritime conditions and water shuttle limitations.

Mobility devices cannot be left unattended in any venue area unless the guest is temporarily away attending an event and, the device is parked in an area that allows all guests safe exit from the venue. When in public areas, guests must maintain their device clear of any exits or fire doors and ensure it does not obstruct any fire or safety equipment.

Guests bringing a Segway must store it in their stateroom for use at ports of call only.

## **RENTAL SERVICES**

Guests who require the regular use of a wheelchair/scooter or other mobility device are encouraged to bring their own or rent from our preferred vendor, Scootaround, if they are sailing from a US port. For safety reasons, we recommend a scooter that either folds or disassembles so it can be easily stored in your stateroom.

If you are thinking of renting a wheelchair or scooter and haven't done so already and you are departing from a US port, we encourage you to visit [www.scootaround.com](http://www.scootaround.com), or call 1-888-441-7575. Scootaround's team of trained professionals is able to review the different rental options available based on your accommodations and find the one that best suits your needs. As a preferred vendor, they have unique access to deliver your rented equipment on board Carnival ships in North America.

## **AIRPORT TRANSFER**

For transportation from the airport to the cruise port, a hydraulic lift transfer is available for guests with mobility limitations. This service must be requested in advance. Hydraulic lifts have a maximum weight limit of 500 pounds (226 kg), including wheelchair/scooter and guest. Standard airport transfer charges apply; there is no additional cost for the lift. If you require this service, please let us know no later than 14 days prior to sailing. After booking your cruise, you can reserve your hydraulic lift transfer online, by accessing the Manage My Cruise page or by calling the Guest Services Contact Center at 1-800-438-6744 ext. 70025 or 1800-072-670 ext. 70025 if calling from Australia.

## **WHEELCHAIR ASSISTANCE**

Each terminal has a limited supply of wheelchairs used to transport guests onto and off the ship, so we are unable to loan you our wheelchairs for the duration of the cruise. If you need wheelchair assistance for boarding the ship, please contact one of our representatives once you arrive at the cruise terminal. Assistance will be provided on a first-come, first-served basis. For assistance with debarkation, instructions on where to meet can be found in the Fun Times onboard newsletter distributed on the last evening of your cruise.

## **GOING ASHORE**

At certain ports of call, water shuttles are required to transport guests between the ship and shore. Carnival is committed to accommodating its guests with disabilities so they can fully, yet safely, enjoy the ports of call. Whether guests with mobility limitations can board a water shuttle is subject to numerous factors, including weather and tidal conditions, which may affect the transfer from one moving vessel to another. Also, facilities in ports vary and, therefore, certain water shuttles may not be accessible to individuals using wheelchairs, scooters and other mobility devices. While the sea and wind conditions may be acceptable to safely board the water shuttle, fluctuations in the weather may make re-boarding to return to the ship dangerous. The final determination of whether any guest may board a water shuttle is made by the captain. Safety restrictions prohibit crew from carrying individuals on or off water shuttles.

## Alcohol Policy and Drinks Packages

## **Drinking Alcohol On Board**

The minimum age for the purchase and/or consumption of alcoholic beverages in the bars, lounges and gift shops is 21 years of age. Carnival reserves the right to request ID prior to the purchase of alcohol and refuse the sale of alcohol to anyone.

## **Bringing Liquor and Beverages On Board - Embarkation**

Guests are prohibited from bringing water, sodas and other non-alcoholic beverages that are packaged in glass or plastic bottles.

On embarkation day, a small quantity of non-alcoholic beverages (i.e., sparkling water, sodas, energy drinks, juice, and milk), packaged in cans or cartons, may be brought on board and must be in the guest's carry-on luggage. A small quantity is considered a maximum of 12 sealed, unopened cans/cartons of 12-ounces/354-ml each or less, per person.

Guests are prohibited from bringing alcoholic beverages on board with the following exception - at the beginning of the cruise during embarkation day only, guests (21 years of age and older) may bring one 750-ml bottle of sealed/unopened wine or champagne, per person, in their carry-on luggage.\* Outside this exception, all liquor, beer, other forms of alcoholic and non-alcoholic beverages are strictly prohibited in both carry-on and checked luggage and such items will be confiscated and discarded and no compensation will be provided. Guests sailing with us on back-to-back cruises are entitled to bring the same quantity as stated in this policy, per cruise. The additional quantities will be stored for safekeeping at the start of the first cruise and will be given to the guest as each following cruise begins.

\* Port, Vermouth, Sherry and other fortified wines cannot be brought on board.

## **Corkage Fee**

Should guests wish to consume their wine or champagne in the main dining room, specialty restaurant or bar, a \$15.00 USD corkage fee, per 750-ml bottle, will be charged. A corkage fee is a charge that is assessed, at time of service, for every bottle that is served and not bought on the premises.

## **Bottled Water**

For convenience, guests can purchase bottled water prior to the cruise and it will be delivered to the stateroom on embarkation day. Bottled water may also be purchased on board by contacting room service. Once on board, the purchase is non-refundable and guests may take home any unopened bottles.

To ensure we have an ample supply, please visit The Fun Shops™ at [www.carnival.com/funshops](http://www.carnival.com/funshops) to place your order before your cruise.

## **Distilled Water**

For pre-purchase, please contact our Fun Shops department at 800-522-7648, Monday through Friday, 9:00am-10:00pm ET and Saturday and Sunday, 9:00am-6:00pm ET. For purchase on board, please contact room service. Should you wish to bring your own distilled water with you, it must be hand carried along with your CPAP machine.

## **Coolers**

Guests are prohibited from bringing large coolers since screening and movement of large coolers through embarkation is an impediment to the boarding and security process. However, for the purpose of carrying small quantities of non-alcoholic beverages and/or medications small, personal-sized coolers, no larger than 12" x 12" x 12" are permitted as carry-on luggage.

## **Purchasing Liquor Pre-Cruise through The Fun Shops**

All products sold containing alcohol have a limit of two products per stateroom. On 7 day and longer cruises, there is a limit of one bottle of hard liquor per stateroom and on shorter cruises, pre-cruise purchases are limited to wine, champagne and beer (no hard liquor). A 'pack' or 'package' is considered one product.

Alcohol purchased pre-cruise through The Fun Shops for on board consumption is designed for in-stateroom entertainment only. Guests cannot take items with them to public areas. Only wine or champagne that is ordered through The Fun Shops can be served in the dining room or Steakhouse. If the item is not consumed on board during the cruise, the guest may take it home provided the bottle has not been opened.

Our CHEERS! Beverage Program must be purchased for each adult (21 years of age or older) assigned to the same stateroom.

## Purchasing Liquor at Ports of Call and On Board at The Fun Shops

All alcohol purchased ashore or in The Fun Shops will be stored for safekeeping until the end of the voyage. Items are to be collected in a designated lounge on debarkation morning. Liquor may be subject to Customs duty if it exceeds allowable amount.

While in port, a small quantity of non-alcoholic beverages (i.e., sparkling water, sodas, juice) packaged in cans or cartons may be brought on board. A small quantity is considered a maximum of 12 sealed, unopened cans/cartons of 12-ounces/354-ml each or less per person.

## Smoking Policy

Carnival Cruise Line is dedicated to the safety of all guests and crew. We want all our guests to have a safe, fun and memorable vacation.

Smoking is a fire and safety hazard on a ship. Consequently, it is strictly limited to specific exterior deck areas and in the casino when seated and playing. All guests are expected to adhere to the following safety guidelines:

- All staterooms and suite accommodations, including outside balconies, are NON-SMOKING. This policy applies to all forms of smoking, including but not limited to cigarettes, cigars, pipes, vaporisers, electronic cigarettes and marijuana.
- Carnival recognises that some state and local governments in the U.S., and in the destinations we visit, might allow marijuana use. However, Carnival Cruise Line follows U.S. federal law, which strictly prohibits possession and use of recreational/medicinal marijuana and other illegal controlled substances.
- Any violation of this policy will result in a \$500 charge, per violation, posted on the guest's Sail & Sign® account and may also result in the disembarkation of all guests in the stateroom.

Guests who are disembarked for violating our policy will be responsible for all financial charges and expenses to return home, and no refund of their unused cruise fare will be provided. Additionally, they may be prohibited from sailing with Carnival Cruise Line in the future.

Our smoking policy is included in Carnival's Cruise Ticket Contract. Follow the link for ship specific smoking areas.

In keeping with U.S. federal law, the minimum age to purchase tobacco products is 21. This policy is for U.S.-based itineraries/ships only.

## Frequently Asked Questions

What happens if a guest is caught smoking in a stateroom or balcony?

They will be assessed a \$500 charge, per violation, on their Sail & Sign® account. Information on this charge is included in Section 8 of Carnival's Cruise Ticket Contract. The assessment of this charge does not allow a guest to continue smoking in his/her stateroom. If a guest is found to be in violation of our smoking policy, all guests in the stateroom may be disembarked from the vessel and risk not being allowed to sail on Carnival in the future. Guests will be responsible for all financial charges and expenses to return home, and no refund of unused cruise fare will be provided.

What should guests do if they smell tobacco in areas where smoking is not allowed, or marijuana in any area?

Guests who are concerned about other guests violating our smoking policy should contact our onboard Guest Services team, so we can address the situation. This will help avoid uncomfortable situations between guests.

What if a guest has a letter from a doctor saying that they are allowed to use marijuana for medicinal and/or therapeutic purposes? Why is that prohibited?

Marijuana on our ships is not allowed. Guests will need to consult with their physician for other suitable alternatives.

## Special Diets

We don't all have the luxury of dropping our diets when we go on holidays. If you've got an eye on what crosses your plate, we've got your back. Carnival's chefs are specially-trained to prepare food options for a variety of diets — vegetarian, gluten-free, kosher, Indian vegetarian, or food low in carbs, fat, sugar or cholesterol — so you don't have to let your dietary restrictions restrict you from having a great time. Or from having seconds. There are also helpful hints on our Empire Dining menu.

## Service Dogs

The only dogs Carnival permits aboard our ships are working service dogs, which are legally defined and individually trained to meet disability-related needs by performing tasks like guiding a blind person, alerting a deaf person, pulling wheelchairs, alerting and protecting a person who is having a seizure, or performing other special tasks. Working service dogs are not pets.

Pets, or service dogs in training, are not allowed aboard. Emotional support dogs, which are not recognized by the US Department of Justice, are also not permitted on Carnival ships.

If you are traveling with a working service dog that meets the requirements described above, please review the following policies and procedures:

Many of our ports of call have established strict entry requirements for animals. Therefore, guests traveling with working service dogs must visit the Department of Agriculture website, or their service animal's veterinarian, to determine each destination country's policy regarding admission of working service dogs.

Carnival is not responsible for limitations imposed on working service dogs by entities or shore excursion providers in foreign ports of call.

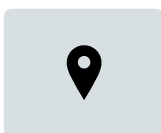

Note that many of the ports you may visit will only accept annual rabies vaccinations and do not recognize three-year rabies vaccination.

Mexican ports require service dogs to have received an ecto-parasite and endo-parasite treatment no more than 15 days prior to arrival to port and this information should be included in the dog's health certificate. If you have any questions, please consult with your veterinarian.

If your itinerary includes a visit to Grand Turk, Turks and Caicos Islands requires service dogs to travel with the necessary documentation (including an import license) regardless of whether or not the service dog will disembark in Grand Turk. Grand Turk also has breed restrictions as per their Dogs Control Ordinance 2014. No import license shall be issued for the restricted breeds. Any restricted breed service dog, or any service dog without all the proper documentation, will not be able to board the ship at embarkation.

You must hand-carry (not packed in your baggage) all required documents, along with your working service dog's current vaccination records. You will be asked to submit these records once aboard.

So that we may provide you with the additional information you will need in order to sail with your working service dog, please email our Guest Access Department at [access@carnival.com](mailto:access@carnival.com), or call 1-800-438-6744 ext. 70025 or 1800 072 670 ext. 70025 if calling from Australia.

## KultureCity® "Sensory Certified"

Carnival has become the first cruise line to be certified "sensory inclusive" by KultureCity®, a leading nonprofit dedicated to accessibility and inclusion for individuals with sensory and invisible disabilities. This program is featured fleet wide including our ships sailing from Australia.

All of Carnival's guest-facing crew aboard these ships have been trained to understand and help a guest with a sensory/cognitive need. The Guest Services and Youth Staff are ready to assist adults, youth and children with sensory-related questions or issues relating to conditions such as Autism, ADHD, Down Syndrome, PTSD, etc. KultureCity Sensory Bags can be checked out for the duration of the cruise (on a complimentary and first-come, first-served basis) by visiting Guest Services or one of our Youth programs. Each bag contains items to help calm, relax and manage sensory overload, and include comfortable noise-cancelling headphones, fidget tools, a visual feeling thermometer and a KultureCity VIP lanyard, to help the staff easily identify a guest.

These measures have been proven to be helpful to guests in a variety of venues, including stadiums, arenas and amusement parks and now Carnival ships!

If a guest with a sensory or cognitive need is cruising, the family should meet with Guest Services once they are on board to discuss any special accommodations, including a private safety briefing.

Youth staff have different resources on-hand to help soothe, calm and entertain children participating in our youth programs: such as weighted vests, conversation cards, sensory games and other aids.

Carnival Cruise Line and KultureCity share a heartfelt commitment to acceptance and inclusivity. Working together, all guests can be the truest versions of themselves on board a Carnival cruise ship.

## Medical Information

### Medical Staffing and Equipment

In order to maintain a safe and comfortable environment for our guests, our medical centres meet or exceed the standards established by the Cruise Lines International Association (CLIA) and the American College of Emergency Physicians (ACEP).

Our medical centres are staffed by qualified physicians and nurses who are committed to providing the highest quality of shipboard medical care. Medical staffing is correlated to the size of the ship and varies from one physician and three nurses to as many as two physicians and five nurses.

Ship's physicians meet or exceed the credentialing guidelines established by the cruise ship medicine section of the American College of Emergency Physicians (ACEP). In addition, doctors must demonstrate competent skill levels and hold current certification in basic and advanced cardiac life support and cardiac care, have experience in general medicine or general practice including emergency or critical care, and have one to three years clinical experience and minor surgical skills, and board or similar international certification is preferred. The doctors on board are independent contractors.

Shipboard medical facilities are set up to provide reasonable emergency medical care for guests and crew. In cases of extreme emergency where more comprehensive facilities are required, patients are referred to shore side facilities.

In addition to standard lifesaving equipment such as defibrillators and external pacemakers, our medical centres carry some of the latest in medical technology including thrombolytic therapy, electrocardiograph machines, lab equipment, pulse oximetry and x-ray machines on many of our ships.

### Medical Emergencies

When a medical emergency arises on board, the ship's Physician shall make the decision that an air evacuation/emergency disembarkation is warranted.

The Captain is notified immediately in order to confer with the physician about any need to change the course or speed of the ship or to communicate with the appropriate rescue agency (i.e., United States Coast Guard).

Depending on the location of the ship and the condition of the patient, a decision will be made about the best and safest way to disembark the patient – that can be diverting the ship and transferring the patient to a shore side medical facility, or via helicopter or via rapid boat.

We do not have helipads on the Carnival Cruise Line fleet.
