Your Crochet Lecturer

Vicky Ledwy

I began to crochet at the age of 3. My mother was an avid knitter and I guess her influence steered my love of knitting and crochet in my very early years.

Whilst I indulge in many craft forms, crochet is and always has been my main stay.

I love the vast versatility Crochet allows me to create. I often see items made from metal or wood or even plastics, and immediately my mind is thinking 'how I could do something similar in crochet'?! Hence I love just 'having a go'.

Teaching others the art of Crocheting is sheer joy to me. Especially when they too become 'hooked' for life. You can just see it in their expressions - when they really 'get' it!

The excitement never dulls. The possibilities never end. I'm never bored. There's just too much yarn and too many ideas calling me. Yes, I'm a crochet addict... and proud to be so.

I am heavily involved in many programs and associations.

I'm currently the secretary of the Crochet Guild of Australia. I have been a member of the Lions Club, I was a Qld Ambassador for Duncan Hobby Ceramics, I have taught crochet, leather carving, ceramics and macrame for TAFE. I have my own ceramic studio. Was president of my local Patchwork and Quilting group for a number of years. I'm always running classes in crochet, knitting smocking, quilting, embroidery, ceramics, folk art etc from my own home studio and travelled to teach as well. I was president of the central highlands smocking assoc too for a few years.

I look forward to bringing you all together to enjoy, learn and sail at sea.

FREQUENTLY ASKED QUESTIONS

Q: Do I need to be vaccinated?

A: Australian Government rules currently say that all passengers must be vaccinated to cruise. This may change in future, but that is the rule today.

Q: Do I need a passport?

A: As a matter of principle, we always recommend sailing with a passport. With that said, a drivers licence is accepted because we are not going to another country.

Q: Will I get seasick?

A: When the weather is mild and the seas are steady, you won't feel much rocking — especially on large, modern ships. If you're prone to motion sickness, however, we can provide you with our suggestions on seasickness prevention.

Q: Can I use my phone?

A: In short - no! If your phone is on you will incur massive roaming charges as it connects to the ships service. Always turn your phone to airplane mode. Having said that, it will work for an hour or so out of port, and whenever we are in port. If you have the internet package, you may be able to make internet calls.

Q: How do I pay for stuff?

A: All purchases on the ship are made using your cruise ID card, which is linked to your onboard account. At the start of the cruise, you'll have the choice of depositing cash directly into your account or connecting it to a credit/debit card.
