### **THE TO DO LIST!**

*It was my vacation and I was on the first day-yes a week off from the children and no papers or getting up! YES!*

**CLICK CLICK CLICK!**

*Oh yes here i am hitting the keys of my computer and I have that big long boaring list of things to do u p stairs!*

*He left for me saying “no computer until all this is done!” OH yes Sir no problem!*

*Well I’m only checking my e mail before getting started on last nights dishes and then the*

*Refrigerator!-gag I hate doing that but the housekeeper won’t do it! Well I still have plenty of time no problem.*

**CLICK CLICK CLICK!**

*Not the right keys –now I’m using the computer but hearing his keys in the door!!!!*

*OH MY GOD! Not even cleaned my self or not one thing on the list done!*

*I call up stairs and say “hi hon. how was your day?” NO ANSWER! OH SHIT ! THE TO DO LIST!*

*I sign off and run up the stairs and he is not even on the first floor. Well nothing taken out for dinner so he comes back to the kitchen and I offer to call and make reservations—the best thing I do make! He said NO YOU ARE A LAZY SLOB! Moi?*

*Never*

*I try kidding with him but it is not working so ok I shall make dinner –oh god he wants eggplant! That is so complicated! But I start and he says “no you will not cook for me you have not even cleaned yourself!”*

*OH MY GOD I HAD NOT SHOWERED! He told me I had 10 and only ten to get showered and cleaned up and FIX upstairs and get back here or I will PAY!*

*(WHAT DID THAT MEAN?) ok I go up stairs and find the bed STRIPPED and all over the bedroom floor! Well I either shower or make the bed can’t do both in 10 minutes! I choose showering!*

*After my shower and shampoo-military style-(fast) I put my wet hair in a bun in the back so it looks tidy. I start to do the bed but the ding goes off down stairs! Oh shit the 10 minutes!*

*Down I run and find him at the kitchen with the times in his hand—YOU FAILED TO MAKE THE TIME!*

*You need some work on that! So now you will clean up this sty and then make me a good dinner and pay for your sins of laziness!*

*I start to load the dishwasher and he stops me and says NO! NO MORE DISHWASHER FOR ONE MONTH! WHY? I YELL!*

*Because you must become more disciplined and I will help you! Now get to the sink and start washing and when I tell you to bend over and pull those pants down!*

*To be continued.....*
