THE SWM SUPERDUAL REIGNITES THE SINGLE-CYLINDER ADVENTURE BIKE MARKET WITH IT'S POWERFUL AND RELIABLE ENGINE, SLEEK ADVENTURE STYLING AND STANDARD FITMENT OF ACCESSORIES THAT MAKES THIS BIKE A READY-TO-ROLL ADVENTURE SEEKER.

Fully equipped, the Superdual T & X models both include – hand guards, windscreen, aluminium skid plate, engine and tank crash bars, centre stand, rear carry rack and a convenient 12-volt power outlet.

The SWM Superdual is adventure-ready and now for a limited time, get yours with a free set of Givi panniers and driving lights worth RRP \$1500, making the SWM Superdual the most adventure ready bike on the showroom floor.

Build your own adventure with SWM Motorcycles.

KEY FEATURES

The SWM Superdual X and T models feature the same proven and reliable components as follows:

- Powerful and reliable 600cc DOHC liquid-cooled four-valve four-stroke engine.
- 6-speed transmission.
- GET ignition
- Mikuni D45 throttle body
- Sachs shock with remote pre-load adjuster
- 45mm Fast Ace fork
- 18-litre fuel capacity
- Handguards
- Alloy engine guard
- Auxiliary 12V power outlet-ready
- Tank and engine protector bars
- Windscreen
- Centre-stand and side-stand
- Rear carry rack
- Competitive dry weight of 169kg
- Rear wheel hub cush-drive
- Generous 24-month or 20,000km parts and labour warranty. New for 2018 is the eye-catching red livery of the X model that boasts the much sought-after 21/18-wheel combination.
- The T model coming is the familiar Grey colour scheme to accompany the 19/17-inch wheel combination.
- The 2018 Superdual X and T models come equipped with switchable ABS.
- 19-17-inch Metzeler Tourance tyres fitted to the T Model
- 21/18-inch Metzeler 3 Sahara tyres fitted to the X Model
