

## Elberta Clinic New Patient Instructions

Thank you for choosing Elberta Clinic. We are excited to welcome you as a new patient.

### **Important Notice:**

Due to current regulations, our providers are unable to prescribe or refill controlled medications, including those for pain, anxiety, behavioral health, or sleep.

### **Required Documentation**

Please provide the following items with your New Patient Paperwork:

- **Driver's License – Copy of the front and back (must be current and valid).**
- **Insurance Card(s) – Copy of the front and back.**
- **Prescription Card –** If separate from your medical insurance card, provide copies of the front and back.

If you are unable to provide copies in advance, please bring the originals with your completed packet, and our staff will gladly make copies for you.

### **First Visit Requirements**

On the day of your first appointment, you must present the **original driver's license and insurance cards** so we can scan them into our system. We will also request updated copies each year, or whenever your insurance or driver's license information changes.

Please note: **Your new patient packet will only be reviewed once all required information has been provided.**

### **Annual Wellness Check-Up Agreement**

Elberta Clinic strives to keep our patients healthy. Therefore, we have implemented a policy aimed at preventing chronic disease and promoting a healthy lifestyle.

All patients are required to complete an annual wellness check-up with our Nurse Practitioners. Most insurance companies mandate this, and research shows that detecting illnesses early greatly increases the chance of successful treatment.

During your visit, a nurse practitioner will review the preventative screenings recommended for your age group, explain the details, answer any questions, and may recommend outpatient testing or in-house vaccinations.

Outpatient tests will be scheduled on your behalf, and you will be notified of the appointment. If no notification is received within seven days, please call 251-986-7301 and select option 2.

All patients are required to bring their medications in the original bottles to every visit. This ensures accurate information for your care and helps prevent contraindications or adverse reactions.

---

**Please note:** To support accurate and efficient documentation of your medical visit, Elberta Family Practice Clinic utilizes Freed's AI Scribe, a HIPAA-compliant, secure transcription tool that assists providers in creating medical notes from your visit.

By signing below, I acknowledge the above requirements of Elberta Clinic.
