"NAVIGATING LIFE'S JOURNEY: COMMON SENSE IN UNCOMMON TIMES" BY RICHARD V. BATTLE

December 2, 2021

With pretty much everything we'd thought of as 'normal' being turned upside down over the last couple of years, the quest for peace of mind, security, and a safe haven has been consuming the thoughts of people around the globe. Stress has risen to extreme levels in the workplace and on the home front. In his latest book, *Navigating Life's Journey: Common Sense In Uncommon Times*, veteran business executive and award-winning author Richard V. Battle offers a unique perspective on coping with the challenges of daily living – by inviting us to calm down and embrace the change, both in our business and personal life.

Through a wealth of anecdotes, trivia, famous – and not so famous – quotes, and life lessons galore, Battle takes us on a metaphoric river ride, full of optimism and encouragement. And, if the waves of inspiration bring you answers and joy along the way, then his goal has been accomplished.

Navigating Life's Journey: Common Sense In Uncommon Times is a well-written, engaging compendium and a powerful guide book meant to restore faith and, above all, let us know that we are not alone in these unusual times. By the number, its pages of wisdom include:

- 40 proven common-sense principles
- 75 inspirational and motivational quotes
- 250 examples of principle-proving people, places, and events

You may ask, from a business perspective, how does Richard Battle know so much about navigating the life storms that come our way? Well, it helps that he got a head start on the millions of people worldwide that suddenly found themselves working from home. For his entire professional career, he has never lived in the same city as his supervisor. He's worked remotely for over three decades, and can weigh in on the changing dynamics that are brand new to many but that he's already experienced. With major changes on the horizon, not just for big companies but for small businesses too, Richard is motivated to share his own life experiences to make the journey for others more fulfilling.

At one point in its many thought-provoking chapters, the book asks: What will you regret if you don't attempt it in our lifetime... Isn't it possible you might achieve something beyond your wildest imagination? Take some time and seriously think about that. Whether it's taming the white water in a canoe, taking the plunge with your start-up idea, or soaring to new heights with whatever floats your boat, Richard Battle's latest book is destined to raise your spirits and get you happily moving forward on your best life journey.
