What lessons would you want your child to learn if you didn't live to teach them?

AWARD-WINNING AUTHOR RICHARD BATTLE'S NEW BOOK 'THE UNOPENED PRESENT' IS AVAILABLE NOW FROM HEADLINE BOOKS

A FATHER'S UNCONDITIONAL LOVE AND HIS SON'S PREMATURE PASSING

~ 'The Unopened Present' is an uplifting present left unopened, awaiting to be opened by Parents, Teachers, and Leaders aspiring to give a bright future to the younger generation~

(Terra Alta, W.V) What life lessons do you want to teach your children? What if you don't live to communicate those lessons?

Richard Battle asked himself those questions when he became a father for the first time at 45 years old. So, he wrote his six-month-old baby boy John a letter sharing 43 truths, based on Christian scripture, just in case he didn't survive to teach them to him.

Then, the unthinkable happened: Richard's infant son died in his crib at just nine months old.

The Unopened Present reveals a father's love and the gift left behind by a life cut short. It expands on the letter Richard wrote many years ago, filled with timeless truths in short, easy-to-read lessons to aid parents in teaching younger children and enable older kids to discover the wisdom in these life lessons on their own. Its uplifting messages will change readers lives.

"It was important to me for my son to benefit from the lessons I had learned, without making the mistakes I had made," says Battle, a father, media commentator, and award-winning author of ten books. *"Unfortunately, we lost John in 1998, but my son taught me more than I had the time to teach him"*, acknowledges Battle who offers his new book with a prayer that people may find something in it to benefit them, their children, and family.

Signed copies of *The Unopened Present* are available at www.richardbattle.com. The new book is also available at Amazon.com, HeadlineBooks.com, and bookstores everywhere.

The Unopened Present

***The Unopened Present* is a rich treasure chest of practical, Biblical wisdom. The brief, easy- to-read lessons are relevant to all who seek to live life well.** Thank you, Richard Battle, for sharing blessings that have come from your brokenness.

**Anne Graham Lotz
Speaker & Author of over 20 books**

“Richard’s book is for all people, regardless of where you are on life’s journey. It was written as a letter to his son, but the topics, applications, and backup scriptures in each chapter will give any reader valuable lessons for a life well lived. Read this book and then share it with others.”

Reagan Lambert, former Director Austin/Central Texas Fellowship of Christian Athletes

“Raising children with integrity, strong character and resilient mental fortitude has never been more needed than in today’s confused and exposed culture. “The Unopened Present” will equip you to parent with confidence and inspire you to build up your family using key precepts and principles that are easily applied and discussed with all ages. **The perfect homeschool resource or graduation gift to encourage youth to step forward with influence.**”

Cathy Endebrock, Radio and Podcast Host, “LoveTalk” on The Bridge Austin, Today’s Central Texas Christian Talk, Executive Director, Let’s Pray Today Ministries, Author, “My Voice, His Heart: Experiencing Prayer in God’s Will”

“The Unopened Present is a book that has been long overdue. The Author has compiled years of advice and teachings that are timeless. He uses scripture to support his words. **Every family, teacher, student and adult should read this book to give guidance to our lives.** “

Joe Stewart – Past President, Texas Realtors Association

“Richard Battle and I have shared many common bonds and conversations over the last 40 years as if we were face to face trying to share for everyone to hear and act on the many lessons learned from life’s journey and our mutual mentors. One of them, former Texas Attorney General John Ben Shepperd, perhaps the best and most patriotic Texas orator of the 20th century, always said, “don’t wait until your 21 to be a good citizen...friend...or leader...just get off the sideline now...stir ‘em up and get involved.”

Richard’s book, *The Unopened Present*, offers meaningful thoughts about living life and becoming a responsible and valued person in this very special and free society with which we have been entrusted. **The supportive stories and scriptures are powerful, positive, and profound lessons for each of us to share with friends, family, and future leaders of all walks of life that will compel you to want to continue those gifts, through the freedom and democracy of America’s founding documents and the 43 messages from Richard to his son, John.** In particular, share #32 – Nothing is Free – pay your dues and positively touch others to reap the rewards of life. #35 – Strive for excellence in all things. #39 - Revere the past – it is the wisdom of the ages; #43 – Make friends with as many people as possible. These relationships are the most important thing in life, next to your relationship with God and your family. Then, **offer this book to every parent, child, leader, and citizen volunteer with a servant’s heart that you know so this *Unopened Present* continues its intended message for generations!!!”**

**Sam J. Chase, Founder & Chairman Emeritus, John Ben Shepperd
Public Leaders Forum/Institute**

“In Richard Battle’s book, *The Unopened Present*, he shares a beautiful message based on a letter he wrote for his young son John who is now in heaven. Throughout the book, he showers us with many powerful life lessons. My favorite 3 lessons are: Lesson #12 - Keep Your Word, Lesson #27 – If You Want to Receive Loyalty, You Must First Be Loyal to Others and finally, Lesson #40 – There are Two Types of People, Those Who Look For Ways to Make Things Happen and Those Who Look For Reasons Why Things Can’t Happen - They Both Achieve What They See. I also love how the author challenges us to discern how each lesson applies to us personally. **I highly recommend this beautiful book to anyone who wants to be inspired to live their best life.**”

Megan Tull, Best-selling Author of *The Passion Belief Method- Own Your Value and Earn Your Worth in Business*

“Richard Battle wrote a letter to his then six-month-old son in 1997 that is the basis for this book. The purpose of the letter was to teach his son, John, lessons in life in case Richard was not around to teach the lessons himself. Unfortunately, John passed away three months later. The letter was, thus, an unopened present. In this book, Richard expands on the original list of 43 points. **If we all internalize and live by these rules for living, we will be much happier and will have more success in our lives.** If we also share and live by these rules, our children and friends will all benefit. **Therefore, the *Unopened Present* is a gift that keeps on giving.**”

James Shelton

“Richard Battle’s words fall on the heart with wisdom and love. **His books feel less like a self-help tome and more like a kind word from a dear friend.**”

Rick Mantooh, Broadcast Executive – Community Activist – Speaker, Foster Communications, San Angelo, Texas

This book has everything a parent needs: solid and honest life lessons to teach our children. Richard Battle not only writes eloquently with wise words of experience but he also brings emotion, depth, and faith to the forefront of each lesson taught. “*Unopened Present*” tugs on the heartstrings yet fills your heart with motivation. It brings the ultimate honor for his late son. With all of his written wisdom that every parent needs to hear, the focus on love shines through it all.

Reagan's positive attitude needed today more than ever

How the former president's optimism inspired a nation

By Richard V. Battle

As we celebrate President Ronald Reagan's birthday on Feb. 6, I reflect on his impact from my personal experiences and his example of leadership for all of us.

He was elected president at an age when most people slowed down and enjoyed retirement. Reagan demonstrated that it is never too late to positively impact others. On March 30, 1981, I was in Caracas, Venezuela, on a company rewards trip. When we returned to the cruise ship that afternoon, I vividly remember listening to the

because our beloved president asked us to do so.

Reagan's positive attitude was contagious and lifted the United States out of the malaise of the 1970s.

Below is an excerpt from "The Four-Letter Word That Builds Character" that I wrote in 2006 celebrating his positive outlook on life.

"Ronald Reagan was an unlikely person to be elected President of the United States. A radio broadcaster and actor, he was first elected as Governor of California in the fifties.

"As an elected official, Reagan had those who agreed and disagreed with his political views. But, he was be-

loved by the people because of his positive attitude and approach toward life. He related to every man, and almost every man related to him. "His real heroes were common folk who performed uncommon feats of self-denial and courage.

As president, Reagan had a vision of where he wanted to lead the country, the principles to stay focused on the course to achieve objectives, and the positive outlook to persevere in the face of opposition and reversal. He brought dignity to the presidency and the country after a tumultuous period.

One of his greatest achievements was instituting policies that eventually ended the Cold War. Reagan pursued bold initiatives with conviction while some doubted his competence.

His willingness to step away from negotiating with the Soviets at their summit meeting in Reykjavik, Iceland, in 1986 demonstrated his style of negotiating with confidence and strength rather than fear. This paradigm shift, combined with other policies, culminated with the Berlin Wall falling and the collapse of the Soviet Union in 1991. The Cold War was won without a shot, and Reagan's significant contribution to the victory.

ASSOCIATED PRESS

BBC report on the assassination attempt on our president. Little did we know how close he came to losing his life that day.

I couldn't imagine then that I would have the privilege to see him speak in San Antonio in his first public speech after the attempted assassination to the United States Junior Chamber of Commerce national convention. My friends and I were relegated to the cheap seats in the HemisFair arena. Reagan's voice was weak that day, but we strained to hear his every word.

I'll never forget the goosebumps I experienced when he closed with the inspiration for our civic group to give more to our fellow citizens.

"If not you who, if not now when?" he inquired. You could feel the energy from the thousands of people in the hall who were ready to...

Known as the "communicator," Reagan was unparalleled at his work. His jokes entertained people and helped them understand his message. He often poked fun at himself, which helped people to relate to him.

Reagan was self-assured, and, more importantly, was confident in the ability of others. His optimism inspired people to be more than they were, and he demonstrated the possibility to achieve one's dreams, resulting in pride in America and being American in a period of peace and prosperity. President Reagan's positive attitude and leadership were an important policy in the positive impact produced by his leadership.
