I Swallowed Something

YUCKY

Corinne Denlinger

A children's version of
The Button Illustration by Life Awakening

At our October 2025 Board meeting, we felt God was calling us to enhance LA's ministry to children, specifically through books. On the way home, a jingle began to form in my mind. It was the first couple stanzas of what is now the book "*I Swallowed Something YUCKY*." By the time I retired for the night, a few more stanzas were added. I entered them in Notes on my phone so I wouldn't forget them. After a good night's sleep, I was on my morning walk when God gave me the rest of the poem. The rhyming phrases just flowed. It seemed too good to be true – this downloaded within a few hours. In the following months, a few tweaks and child like drawings – fun but a little more time consuming – were applied and the poem turned into a book that we hope children and adults will be impacted by.

We at Life Awakening believe that everyone can benefit from the *Gospel Process* (we all have swallowed buttons!), but one group we are especially excited to be focusing on recently is the homeless folks of Ephrata, our home town. We have recently formed a partnership with The Living Room, 409 North State Street, Ephrata, a church where the homeless and down and out are deeply loved, helped, provided for physically, and encouraged to find meaning and purpose in life. While The Living Room offers many facets of support including shelter, income opportunities, personal development, and much more, they have embraced Life Awakening's role of offering *Gospel Process* sessions to folks believing that by helping them find freedom and healing on the inside, they will experience more peace and success in the life visible from the outside. Working in partnership with The Living Room, we have already seen victory for a handful of people who are now choosing and maintaining a healthier and more stable lifestyle.

We look forward to seeing more and more people set free from the trap of sin and pain that leads to homelessness. If you feel so led to help these folks so near and dear to the heart of God, we would welcome financial sponsorships for individuals or the population at large. You can give via a check, PayPal, or Venmo noting it, "homeless".

Children are beautiful gifts from God to be loved, encouraged, taught, trained, and certainly enjoyed! However, we know that the enemy views them as targets so his hideous, evil heart can work to bring defilement and destruction. He plants dark seeds within them in many ways, working to get their minds twisted, deceived, confused, and even programmed to live in his dark realm, even thinking that his way of living is normal! At Life Awakening, we identify those destructive, dark "seeds of the enemy" as "buttons" and actually, they are swallowed by all of us throughout life, starting in our childhood. We then "push each other's buttons" causing additional unrest within.

Because children respond well in *Gospel Process* sessions, for years we have wanted and prayed for an actual children's ministry to begin in some capacity so children can learn how to "not swallow buttons" as they grow up. Our first children's book that teaches children about buttons is now completed, as noted on the front, and we are hosting a pilot *The Inside Me Day Camp* for children the first week of August! Isn't that encouraging and exciting? Our prayers have been answered! Rejoice with us!

And please rejoice with us for the open doors Andrea has to minister to the homeless here in Ephrata! What a gift a *Gospel Process* session is to them! God is so good and He is faithful to carry out what He starts!
