We understand that included among the dangerous elements of aquatic activities are risks associated with weather, water conditions, including temperature, of injury as a result of being struck by another swimmer or his/her equipment. Additionally, we understand that there is a risk of injury to muscles, tendons, ligaments, joints, ankles, knees, and legs while practicing and competing. We freely and voluntarily expressly assume all the risks of participating in these aquatic activities.

We also certify that the above named individual is physically fit, has sufficiently trained for participation in this aquatic activity and has not been advised otherwise by a qualified medical person.
