

# Cybersecurity Offerings

## IT Ops Security

Infra security  
governance,  
monitoring and  
maintenance

DevSecOps based  
app build and  
release

Managed Security  
Operations

IDS, IPS and DR  
security solutions

## Governance, Risk & Compliance

Regulatory /  
Compliance  
advisory

Security controls –  
plan, design and  
implement

Cyber governance  
and in-country  
compliance

Industry-specific  
Compliance

## Data Security

Data protection  
advisory

Secure data life  
cycle management

Data modeling  
compliance

Data encryption,  
obfuscation and  
masking

## Managed Solutions

Managed Security  
Operations

Managed IAM and  
PAM

DR and BCP as a  
Service

Managed Cloud  
migration solutions

## Our Accelerators

- Unified Threat Management
- SOC as a Service (BOT and non-BOT models)
- GRC blueprints
- DR as a Service
