Open Gym is a dedicated time for both kids and adults to explore and attempt the obstacles at their own leisure without guided instruction. Open Gym is for use of the Main Level Ninja Obstacles.

Some obstacles/sections of the gym may not be available during open gym hours. Certain party packages get exclusivity to a closed off section of the gym for privately guided games. There is no guarantee opf full use of all ninja equipment during open gym. Nonetheless, we still have plenty of pbstacles ot go around in our 12,500 sq ft facility!
