

## CDL Driver | Position Overview

Mighty Services is seeking a reliable and safety-focused CDL Driver to support daily operations by transporting equipment, materials, and crews to and from job sites. This role is critical to keeping projects on schedule and ensuring our field teams have what they need to get the job done.

---

### Key Responsibilities

#### Transportation & Logistics

- Safely operate CDL-class vehicles to transport materials, equipment, and personnel
- Load, secure, and unload materials in compliance with safety standards

#### Equipment & Vehicle Maintenance

- Perform daily vehicle inspections and report any maintenance or safety issues
- Maintain cleanliness and organization of assigned vehicles and trailers
- Ensure all required documentation is accurate and up to date

#### Field Support

- Assist crews with loading/unloading and basic site support as needed
- Communicate effectively with field teams and supervisors regarding schedules and needs
- Adapt to changing job site conditions and priorities

#### Safety & Compliance

- Follow all DOT regulations, company policies, and safety procedures
- Maintain valid CDL license and required certifications
- Prioritize safety for yourself, your team, and the public at all times

---

### Qualifications

- Valid CDL (Class A or B, depending on role requirements)
- Clean driving record and strong safety history
- Ability to operate trucks, trailers, and transport equipment safely
- Strong communication and time management skills
- Experience in construction, utilities, or service industries preferred

---

### Why Mighty Services

At Mighty Services, our drivers are more than just transportation, they're a key part of our operation. If you value hard work, safety, and being part of a team that shows up and gets it done, this is the role for you. Please email your resume to
