Complete an eSign Request on Mobile

Your tax professional may send you a document that requires signing. You can electronically sign a document from your mobile device by using the client portal application.

To get started, log into the **Client Portal mobile application**.

1. Navigate to the To-Do tab.

2. Choose an applicable eSign request.

3. Click View and sign.

4. Tap the *Edit* pencil to change your signature font.

Once you have selected a signature font, tap **Use this signature**.

Complete an eSign Request with Secure Links

Alternatively, you do not have to be invited to the client portal in order to sign documents. Your practitioner may choose to send an eSign request through email, using secure links.

1. Navigate to the eSign request email from your practitioner.

2. Click eSign now

- Take note that the link to eSign will expire 30 days from the opening link.
- Under no circumstances should you forward this email.

3. Once the browser opens, click View and eSign.

4. Find the green *My Signature* field in the document.

5. Enter your signature in the *Add Your Signature* pop-up, then select *Add signature*.

6. Verify your signature and then click Send.
