## MAJOR FACELIFT COMING TO 22<sup>nd</sup> ST.

**Thera Martin-Milling**  
Allegheny West Foundation

The long awaited street-scaping project is about to begin along the official business corridor for North 22nd Street, which runs from 22nd and W. Lehigh Avenue, down to 22nd and W. Allegheny Avenue. "Street Scaping" is what many consider a fancy way of saying the North 22nd Street Business Corridor is about to get a major facelift! If business owners and residents alike, don't want to see a major water main break and other underground pipe issues, wouldn't you think that pipes that are at least 100 years old in many instances, (around our city), need to be replaced?

That's one of the main reasons why this work is about to begin, in a matter of days. After replacing the old pipes, North 22nd Street's business corridor will get new streets, new sidewalks and curbs and a wonderful gateway sign, at 22nd and Lehigh at Hope Plaza, to welcome shoppers to

North 22nd Street. The slogan is, "You'll love shopping here". We'll also gain new crosswalk markings, new handicapped ramps, filling in empty planting beds with decorative brick, Milling and Resurfacing of the street. Some additional trash receptacles and some greening of the corridor.

What can business owners and residents expect? There will be demolition and construction of sidewalks and curb in front of storefronts. There will be limited parking in areas where work is actively underway. The contractor, (DePaul & Son Construction) will maintain access to businesses throughout the project so that customers can continue to shop and businesses can receive deliveries. The contractor will provide a gravel pathway in front of store entrances and a wooden ramp over any areas where there are trenches due to the construction.

Where? Again, North 22nd Street between Lehigh and Allegheny. Locations where

photo by Ravelt Laforet

new sidewalks and ramps were built in 2008-09 will not be re-done.

When: Construction will begin the end of April. Work will be done in sections to limit the disruption to businesses. The is projected to be completed in about 260 days, however, keep in mind, no one knows what nature/weather patterns can do. If we experience bad weather over the next 260 days, the end date could change slightly.

There may be some re-routing of SEPTA buses on

certain days. Businesses and residents can expect bi-weekly updates via flyers, emails, text messages and newsletters. Thera Martin Milling, North 22nd Street Business Corridor Manager is responsible for circulating information updates about the street scaping project. Based out of the Panati Recreation Center, contact her via phone at 215-226-0130 or email Mrs. Thera Milling at [theramilling@gmail.com](mailto:theramilling@gmail.com), at Panati.

CHAMPIONS

CHAMPIONS

**Congratulations to the St. Martin de Porres Saints from 24th and W. Lehigh Avenue!** They won the Pennsylvania CYO Boys Basketball Tournament Sunday, April 3, 2016, at the Joann Mullen Gymnasium in the Prep and Villa Events Center in Erie, PA. The champions from each of Pennsylvania's eight dioceses competed. St. Martin de Porres, representing the Diocese of Philadelphia, took the crown. The Saints did not seem to be likely contenders according to some, for such a sweeping victory, however they pulled off the big win. For starters, St. Martin de Porres, an Independence Mission School located in North Philadelphia, doesn't even have a real gymnasium. The boys have honed their skills using a portable basketball hoop in the school's auditorium, playing in the schoolyard, during lunch, and in practice and competitive games at other schools. The school is under the guidance of the Sisters of St. Joseph. Young winners, please know that we are all proud of you!

## Crime Report From 39th Police District

### **Don't Become a victim of crime!**

39th Police District Captain Michael Craighead and his Community Relations Officers Joseph Lukaitis and Carol Keys are warning area residents to be smart and be safe. To best avoid being a victim of auto theft, don't leave personal items or packages in your vehicle unattended. Never leave handbags or wallets inside your car in view of others. Don't leave change or paper money inside your car where others can see it. Take your cell phone with you and if you don't plan to carry your cell phone or other electronic devices with you, leave them in your trunk. Before you exit your vehicle, look around. Can you see anything valuable? If the answer is yes, a thief can see your valuable items also.

### **Don't become a victim of a robbery:**

When you are on the street, in a

building, driving, at a bus stop or traveling on public transportation, be aware of your surroundings at all times. When traveling on buses or subway trains, keep phones or tablets out of view of others, especially when sitting close to the doors. When traveling at night, only travel in well lit areas. (Avoid shortcuts)! When possible travel with a friend. Only use ATM machines that are located inside a building. (Remember to save a life or stop a crime, call 911.

### **Dear Car Owner:**

Recently there has been an increase in the number of older cars reported stolen. The Philadelphia Police Department would like you to consider joining the S.A. V. E. program. This anti-theft program involves the placing of two decals on your vehicle. By applying the decals and signing a

permission form you give the Philadelphia Police Department permission to stop your moving vehicle between the hours of 12am to 6am. For more information, or if you want to sign up for this program, complete the application, which you can obtain at the 39th Police District headquarters. You will need to bring your car registration card and insurance card with you to complete the registration for the S.A.V.E. program. Questions? Call the Community Relations Office for the 39th District at 215-686-3390.

**The information below comes directly from the files of the 39th Police District. This is just a small sampling of crimes that occur within the 39th Police District service area.**

# The Stop and Go Dilemma

## An Allegheny West Staff Report

To open a business in the city of Philadelphia, to be legal, you must be registered and have a business operating license. Then depending on what kind of business you have, there may be other more specific licenses that you need. In the case of Bars and Stop and Go's you have to have a license to sell beer and or alcohol.

If you also sell food at a Stop and Go, there must be a special license for that as well. Bottom line, Stop and Go's have the right to exist, just like any other kind of business.

The problem however, is that more often than not, Stop and Go's do not have positive reputations in our community.

People who go and purchase beer and now in some of them, shots of liquor, they love Stop and Go's. That's their thing. They hang out with their buddies there. That's where they get their drink on.

Unfortunately some Stop and Go's in our community are troublesome because the owners are either afraid to speak or, or just don't care and the end result is grown folk, who are drunk, hang out in front of the Stop and Go's, leering at women walking by, intermittently arguing with each other, or smoking cigarettes and rudely blowing smoke in the faces of would be shoppers. Up until recently along the North 22nd Street

Business Corridor, some Stop and Go staff would tell customers, "No can use bathroom".

The North 22nd Street Business Association, members from the Community Action Group, (CAG), members from the Allegheny West NAC and other concerned

residents came together for a meeting with members from the Asian American Licensed Beverage Association to discuss concerns. Bottom line, the N. 22nd Street Business Association is asking Stop and Go business owners to not allow children in their places of business at all, unless accompanied by a parent. To not allow any loitering out in front of their establishment, and to not allow anyone inside the establishment to stay and stay and stay, getting drunker and drunker. Let people purchase their beer or Cooler and leave. Go home and enjoy your beverages there. If there's a loitering problem, call the police. They'll deal with it.

As for cleanliness, there are quite a few business owners that could do more to look appealing. But basic cleaning habits are a no brainer. The business association would like to see Stop and Go's that look clean, to give respect to the community.

Finally the business association would like to see Stop and Go business owners to invest back into the community. Support our summer community appreciation festival. Support our annual Thanksgiving Food Basket give-away for needy families. Help us to purchase gifts for kids of incarcerated parents during the Christmas Holiday Season. Get involved with the N. 22nd Street Business Association!

The meeting was intense, honest and tough. Thanks to City Councilwoman Cindy

Bass for being there and being concerned about Stop and Go's and whether they are damaging our community.

The Asian American Licensed Beverage Association after the meeting and meeting again amongst themselves, came up with what sounds like a fair effort to move forward, existing within our business community and our larger community, in a more respectful way.

(See their ad in this edition of the paper).

The business association and other stakeholders in the community will continue to monitor all the businesses in our community, in an effort to get to know them, to invite them to join our network of resources and connectors and to be a true, positive part of this part of Northwest Philadelphia.

So as to not put a major indictment against all 3 Stop and Go's along the official N. 22nd Street Business Corridor, to be very clear 98% of complaints about public lewdness, urinating on the side of the wall right across from the Peirce Middle School, and major loitering is the Polar Deli at 22nd and Cambria. Not a good look at all.

We can all do better by first remembering, every day to sweep in front of our door.

The City of Philadelphia is host to approximately 2400 businesses that are licensed by the Pennsylvania Liquor Control Board ("LCB"). Among these are licensed restaurants and eating establishments with "R" and "E" licenses that entitle their holders to sell beer and malt beverages for consumption off the licensed premises. In the parlance of liquor licensing, these establishments are known as "stop and go's." Among the operators of "stop and go's" in Philadelphia are the approximately 400 members of the Asian-American Licensed Beverage Association ("AALBA")

The Asian American Licensed Beverage Association, (AALBA)**

Members of the AALBA, sincerely want to be thought of in the community, as welcome business neighbors with other business owners in this community. We want to be known to residents of this area, as business owners, who want to demonstrate that we care about this community

Therefore going forward, the AALBA goal is to:  
Make AALBA's by-laws known to the local community

We want to work closely with the local community, police department and local officials to self-police our members' businesses in the area

We want to keep our dialogues open so that we can get support from this neighborhood and local community leaders

We want to offer an annual AALBA scholarship to a student graduating from Murrell Dobbins High School, who is going to college to study business administration and to support local community activities, whenever possible

We want to consistently improve our business practices to better serve the community

We want to do our part to promote responsible adult enjoyment of alcoholic beverages, but will ask for police assistance if needed, to have people who are loitering in front of our businesses, to move on.

We want to adhere to all rules and regulations from the City and the State of PA, having to do with owning and operating a beer deli business.

We want to be good neighbors, along with other businesses, along the North 22nd Street Business Corridor and throughout the City.
