To Whom It May Concern,

It is with sincere pleasure that I write this letter of recommendation for Mrs. Amy Swanson for the summer enrichment program. I have had the honor of working with Mrs. Swanson for the past seven years. During this time, Amy has served as a kindergarten classroom teacher.

Over the last seven years, Mrs. Swanson has exhibited exceptional teaching practices with strong moral purpose and an intrinsic motivation to excel student learning while providing opportunity and leadership for students, staff, and families. Mrs. Swanson is a teacher who uses innovative approaches to problem solving and accomplishing goals.

Mrs. Swanson's ability to relate well with others and her knowledge of educational practice have encouraged and motivated others to question and reform their own practice. This is evident in the manner in which she participates in professional learning community conversations, assessment and parent meetings. She is an active participate in staff development and professional learning communities.

Thank you for your consideration. Please feel free to contact me at 303-657-3822 or sgould@adams50.org

Yours in Education,

Dr. Sarah Gould, Ed.D.
Principal
