Identify, engage, and close
care gaps.

BETTER OUTCOMES
Improved health, quality
scores, and value.

INTELLIGENT WORKFLOWS. BETTER CARE. STRONGER PERFORMANCE.

YOUiversal Care Compliance Recovery

HOW IT WORKS

Simple process. Minimal effort. Maximum results.

1 Execute Agreement

Sign the simple YOUiversal Care Participation Agreement and authorize outreach.

2 Review Report Card

We identify CMS/Payer-documented gaps, attribution opportunities, and missed services. You keep 100% of recovered clinical revenue.

3 Launch Outreach

We reach out to your patients using your existing communication channels to invite participation in the program.

4 AI-Assisted Screening & Documentation

Completed assessments identify care gaps, compliance needs, attribution opportunity and risk factors. Patients are screened, documented and risk stratified.

5 Recover Compliance Performance

Designed to achieve:

- 60% minimum objective
- 80%+ expected objective
- 95% exceptional objective in highly engaged populations

6 Connect to Care

When medically appropriate, patients are connected to office visits, virtual visits, diagnostics, referrals, ancillary services and other reimbursable healthcare services.

7 Earn Compliance & Attribution Credit

Assessment results and documentation support CMS/Payer quality measures, attribution confirmation, preventive care compliance and risk adjustment activities.

8 Quarterly Reassessment

Quarterly AI-assisted reassessments identify new gaps, attribution opportunities, preventive services and emerging medical necessities.

9 My MD Hub Health Records

Every participating patient receives complimentary My MD Hub Health Records for secure, patient-controlled access.

10 Expand Access

Offer Community Concierge participation and YOUiversal Care subscription services to patients who are uninsured, underinsured or unable to afford traditional access.

11 Pay Only for Active Participants

Fees apply only to patients who complete an assessment and become Active Compliance Recovery Patients. No implementation, onboarding, or software fees.

12 Measure the Results

Receive ongoing reporting and analytics on:

- Patients screened
- Compliance recovery rates
- Risk stratification outcomes
- Attribution activity
- Patient engagement
- Visit & referral opportunities
- Community Concierge participation

You Keep 100% of Recovered Clinical Revenue.

No upfront costs. No workflow disruption.

Guaranteed upside.

No Implementation Fees

No Operational Disruption

AI-Assisted Compliance Recovery
