MEDICAL MICRONEEDLING

MEDICAL MICRONEEDLING

Single Session \$349 Pack of 4 sessions \$1195

Advanced collagen-stimulating treatment using the advanced Dermapen 4, this professional microneedling treatment reaches deeper layers of the skin than salon tools, stimulating collagen, improving skin texture, and supporting long-term rejuvenation.

If you've had microneedling done at a spa with another microneedling device, you're going to be blown away with the difference in results and quality that Dermapen 4 bring to you!

★ Treats:

- Wrinkles & fine lines
- Hyperpigmentation/melasma
- Acne scars
- Stretch marks
- Surgical scars
- Rosacea
- Hair thinning

✓ Included with every treatment:

*A powerful and nourishing serum of triple molecular weight hyaluronic acid, vitamin B5 & zinc — designed to deeply hydrate, calm inflammation & support healing and barrier repair.

Want to accelerate your results? Upgrade to 35% Hyaluronic acid instead of 10%!

Or....

Take your microneedling results to the next level with EXOSOMES!!!

- These powerful cellular messengers regenerate collagen and elastin at the fastest speeds possible, reduce inflammation & promote youthful skin with precision and consistency.
- Unlike PRP, which relies on your own blood (and can vary in quality), exosomes are packed with powerful, lab-purified growth factors that regenerate collagen and elastin at lightning speed—helping skin heal faster, look firmer & glow brighter.
- **Clinically shown to be more effective than PRP and no blood draw required!**
- Less redness. Quicker recovery. Better results.

✿ Every session includes:

- Red light therapy
- Medical-grade aftercare

★ **EXOSOME PRICING** ★
\$295 per session or \$275 per session with 4 pack

HAIR THINNING?

Scalp Microneedling with **MG-EXO-GROW** is clinically shown to be 160% more effective than minoxidil, this exosome-based serum supports follicle health, reduces hair loss, and stimulates fuller, healthier growth with continued use.

MEDICAL AESTHETICS

XEOMIN WRINKLE RELAXER

\$9/UNIT

✦ Smooth Wrinkles, Keep Your Expression ✦

Xeomin® is a clean, clinically proven alternative to Botox® that softens dynamic wrinkles—like frown lines, crow's feet, and forehead lines—while preserving your natural look.

Unlike other neurotoxins, **Xeomin is uniquely purified**, containing only the active botulinum toxin without unnecessary proteins.

This purity means:

- Reduced risk of resistance over time
- Quicker onset of visible results (3-4 days!)
- A lighter, more natural feel with each treatment

I specialize in gentle, precise injections tailored to enhance—not freeze—your unique features.

Whether you're new to wrinkle relaxers or looking for a refresh, I create a calm, supportive experience every step of the way.
