SELF-RELIANT AND RESPONSIBLE

Capricorns tend to start life with an old head on young shoulders, and lighten up as they age. Since Saturn often presents Capricorns with challenges early in life, and you may have had to shoulder extra responsibilities encountered limiting circumstances. The humbler your beginning, the greater your determination to overcome any challenges you face. And in dealing with challenges, you learned to become self-reliant, to succeed, but Saturn probably made you a hard worker, or a feeling of inner drive, or a feeling of inner drive.
