Quick & Easy Installation

On average it is at least 50% faster and cheaper to install our wall and ceiling panels than it is traditional tiles, and our panels do not require specialist fitting as there is no need for grouting.

If walls are dry, clean and flat, then very little preparation is required before installation. Our panels can even be installed over existing tiles.

Trims and corners are available to compliment the range, completing the look and providing a professional finish.

Better: easy to clean and low maintenance.
Faster: quick and easy to install.
Cheaper: realistic natural effects on a budget.

Window Boards & Skirting

Window Boards

Guardian bullnose window boards add a finishing touch of contemporary elegance to any interior installation.

They are available in 4 sizes with jointing trims and endcaps to complete a seamless appearance.

Sizes available (length x width):
5m x 200 mm; 5m x 225 mm; 5m x 250 mm; and 5m x 300 mm.

Skirting

Guardian skirting profiles are the icing on the cake when it comes to the look of interior walls.

Profiles are free from knots, warps or defects, making them more durable and cost-effective when compared to traditional wooden products.

They comprise extruded rigid styrene with a foil finish that makes them not only lightweight and easy to handle, but also easier to cut and trim. The foil finish provides an easy to clean surface that is resistant to scuffing.
