

# 5-Step Process at Permission to Succeed Academy

## Step 1: Initial Intake & Assessment

### MEET WITH ADMINISTRATOR

Administrator will review transcripts, discuss graduation path (early/accelerated, standard on track, or extended plan), identify any struggles or issues student is dealing with, review NCAA and Bright Futures scholarship eligibility.

## Step 2: Identify Goals

### PERSONAL DEVELOPMENT & CAREER GOALS

An in-depth conversation will take place regarding your personal development goals and/or challenges. Your career goals will be explored as well.

## Step 3: Putting It All Together

### ALL THE PIECES COME TOGETHER

This is where we generate a schedule of classes based on your needs and go over the logistics of what to expect while enrolled at PTSA. At this time, a start date will be determined.

## Step 4: It Keeps Getting Better

### TEACHER.COACH.MENTOR

With your personal life and academic coach your confidence and your skills are bound to soar. Our One-By-One program gives students the individual attention they need to be recognized and valued. We do comprehensive evaluations to allow for any adjustments to be made to the initial customized learning plan.

## Step 5: Show Up for YOU

### THIS SCHOOL IS DESIGNED JUST FOR YOU

This is your time to show up for YOU. You have a chance to do school your way, at your pace, with personalized teaching and coaching.

You owe it to yourself to rise up and take your place as a stellar student, no matter what level you are. By doing your best and never giving up, that makes you UNSTOPPABLE.
