Had a lovely drive out here for Sunday lunch today. Had the carvery and it was delicious. Real food not mass-produced mush, and very tasty. Staff were lovely and really efficient. I would definitely recommend booking if you're wanting the Sunday carvery as it's really busy and soon sells out. Review by Hazel Hayward.

Substitutes and Additions

Please help us to keep service levels consistent for all our customers

We have always tried to accommodate all our customers' requests and work tirelessly to ensure you enjoy your visit to our family-run café. In this spirit we frequently customise meals at Croft Park per our customers' individual requests. Unfortunately, every extra line of writing (substitutions/additions/special requests) on each meal adds to the time it takes to prepare your order. In some cases, we are receiving checks that present more as novels rather than food orders which can significantly impact service levels in the kitchen. For the benefit of all our lovely customers we need to try and minimise these changes so are now offering a discount to those who order directly from the menu, without substitution, additions or special request. If anybody would still like to customise their order we will be happy to help but ask you to be aware that the discount price will no longer apply and kindly note the following charges for any additions (substitutions are not allowed with the exception of swapping tinned tomatoes for grilled tomatoes, and vice versa).
