Subject: Eleven Analytics NG/TTF Commentary: Consolidation after yesterday's rallies

Good Morning,

Daily Snapshot: NG higher this morning after yesterday's rally...approaching the key 2823 resistance level

- **NG Prompt Price:** holding yesterday's gains...watching for next set up relative to 2823...advise leaning on this key level
- **Jan Price:** bounced and put in a pierce/fail...looking for downside to resume
- **Oct/Jan:** put in highest daily close since early February...looking for a test of -1.075
- **Cal 27:** 3233 target remains in play with closes below 3307
- **Mar/Apr:** bounced but closed unchanged yesterday...a close over .137 triggers more upside
- **TTF Prompt Price:** consolidating after reaching upside targets...looking for a deeper pullback after yesterday's pierce/fail on the daily chart
- **Weather:** Euro weeklies...mixed

SEPTEMBER NG 3 Hour: Price closed a bar over 2724 yesterday then procced to rally and close the next bar over 2763...the 2798-2823 zone is the next upside target...the 2798-2823 level is a key inflection point...advise exiting length and leaning on this zone...risk is a bar close or daily close over 2823
