Cat of the Month

A BOY NAMED SUE

Meet one of the rarest cats you'll ever encounter...a male calico! A Boy Named Sue's unique coloring makes him extraordinary, but it's his heart that truly makes him special.

Before arriving at Animal Outreach, this sweet boy endured cruelty and mistreatment at the hands of human beings. Despite everything he has been through, he greets people with gentle affection, seeks out attention, and isn't shy about using his adorable voice to ask for pets and companionship.

Sue is FIV positively adoptable and has a small heart murmur, but neither condition defines him.

After all he has survived, we're hoping someone will see beyond his medical challenges and recognize the wonderful companion waiting to be loved.

New Shelter Update...

We are excited to share that Animal Outreach has completed the Design Development Phase of our new shelter project and is now moving into the Construction Document Phase. Our team will be submitting plans to El Dorado County for permitting within the next 4 - 6 weeks.

We are currently finalizing contracts with our General Contractor, Architect, and Mechanical, Electrical, and Plumbing (MEP) contractors, while also completing the final details of room layouts, equipment placement, and furnishings.

Demolition of interior walls, that will not be part of the final design, is expected to begin within the next few weeks. Soon, you will start to see a lot of activity at our new site as we move one step closer to opening the Future Home of Animal Outreach.

While we have made tremendous progress, we still have a significant amount of fundraising ahead of us to make this vision a reality. If you would like to help build a brighter future for animals in our community, please consider making a contribution to our New Shelter Campaign.

Thank you to everyone who continues to support this exciting project. We look forward to sharing more progress as construction gets underway!

Animal Outreach Seeks Logo & Brand Designer

As we prepare to move into our new shelter and begin an exciting new chapter, Animal Outreach is exploring a refreshed logo and brand identity that reflects who we are today and where we're headed in the future.

We are seeking a talented graphic designer, branding professional, agency, or creative volunteer who would be interested in helping us develop a new visual identity for Animal Outreach.

We're looking for a brand that reflects:

- Lifesaving care for dogs and cats
- Veterinary care and community support
- Compassion, hope, and connection
- Our vision for the future

The selected design will help represent Animal Outreach on our new shelter, clinic, website, apparel, signage, and community outreach materials.

If you have professional branding or logo design experience or know someone who does, we would love to hear from you!

Grant awards...

Last month, our team had the honor of attending the **El Dorado County Women's Fund** Gala where they celebrate all the accomplishments of the nonprofit organizations that are supported by this incredible group!

Our board of directors, committee members, Director of Operations, and Clinic Coordinator were honored to attend such an inspirational event that was clearly put together with care and compassion. We were thrilled to be recognized as one of the recipients of their 2026 Inspiration Grants, awarding Animal Outreach \$26,000!

These funds will allow us to purchase a digital X-ray machine for our clinic, a critical piece of equipment that will help us diagnose and treat animals more quickly and accurately. One of the most incredible parts of the evening was getting to hear the moving and inspiring stories from last year's grant recipients and all of the good that they have been able to bring to our community. We can not wait to be able present the work that we will accomplish with this generous grant at next year's gala!

Thank you!

Exciting News for Animal Outreach!

We are incredibly grateful to VCA Charities for awarding Animal Outreach a \$6,398 Equipped for Care Grant!

This funding will help us replace and upgrade critical veterinary equipment including:

- ✦ A new dental light
- ✦ Oxygen concentrators
- ✦ ICU oxygen cage

Much of our current equipment has become outdated, unreliable, or no longer able to keep up with the demands of our high-volume clinic. These upgrades are essential to improving patient safety, efficiency, and the quality of care we provide every day to thousands of animals.

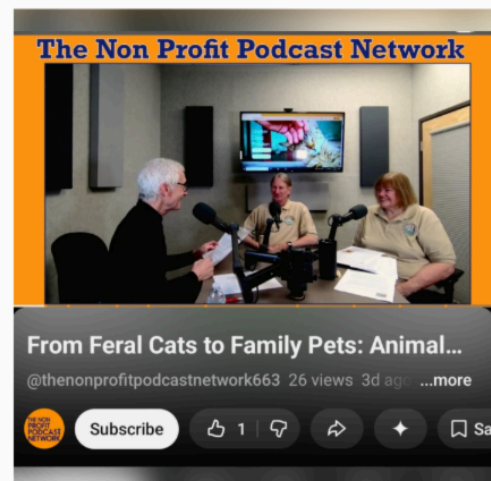

The new equipment will immediately help us care for our most critical patients while supporting the lifesaving work happening right now at Animal Outreach. It will also play an important role as we expand into our new shelter, where we'll be able to increase our capacity and offer even more services to animals and families throughout our community. Thank you, VCA Charities, for investing in the future of animal care and helping us continue saving lives.

Some exciting news...

We're so excited to share that we got to join Jeff Holden on **The NonProfit Podcast Network** to share the story of Animal Outreach, our mission, and the impact we're making in our community. We hope you'll take a few minutes to watch and share!

We don't take for granted any opportunity to share with the public what we do at Animal Outreach and the importance of animal rescue, spay and neuter, and being able to provide affordable, basic veterinary care to our community. In a world where life is already hard, animals make it that much brighter. No pet owner should have to worry about being able to afford the care needed for their beloved, furry family member and we hope for a future where no animals suffer on the street without the love and care they deserve.

Clinic news...

Have you been enjoying this nice weather we've been having recently? We sure have!

The more we take our pets outside to enjoy the nice weather with us, the more they're exposed to those annoying fleas and ticks and dangerous viruses. Make sure they're current on their flea, tick and heartworm prevention and current on their vaccines to protect them & your home.

Animal Outreach offers all these services and more at our low-cost vaccine clinic including dental exams and surgeries.
