### Tree Permits are avail upon request

Heads up, PineRidge Community!  
Just a quick reminder about tree permits. They're available upon request if you need one. You don't need a permit for trees that are 6 inches or less in diameter.

And good news: no permit is required for trimming any tree, regardless of its size!

Keep our community looking great responsibly!

### Dam inspection 2026

Our Dam inspections are super important for making sure our lakes and ponds are safe and reliable, protecting our community, property, and the environment downstream. They're not just a one-off thing; they're an ongoing, active process that involves a bunch of different checks and skilled professionals. The main goal is to identify potential defects, ensure the dam is functioning as designed, and prevent catastrophic failures. PRCA plans to keep you updated and informed as we undergo this process.
