

Hope for Appalachia Virginia Inc

# Little Dresses of Hope - T-Shirt Dresses -

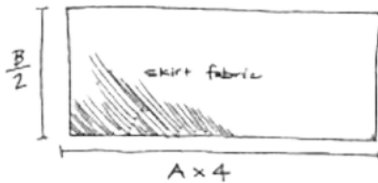

1

Lay T-shirt on table and measure bottom of shirt A. Then measure length B.

**\*Use Shirt Sizes: Youth Large, Youth XL, Adult XS, or Adult Small.**

2

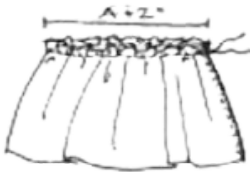

Multiply shirt width A by 4. This will be the width of the skirt fabric. **Cut enough to make a finished dress 26-32" long.**

3

Fold fabric in half, right sides together and sew the two short edges together. Then either serge or zigzag along seam edge. You'll end up with a large circle of fabric.

4

Run a gathering stitch along the top edge of the fabric circle about 1/2" from edge. Gather fabric until it equals the width of the shirt A+2".

5

Turn skirt inside out and place t-shirt inside skirt pin gathered skirt edge to bottom edge of t-shirt right sides together (hem edge of skirt facing up, gathered edges down). Sew gathered edge of skirt to bottom edge of t-shirt, stretching all around, and slightly stretching t-shirt to match gathered skirt edge (A+2"). Serge or zigzag seam edge.

6

Flip gathered skirt down and lightly press the seam. Fold over the bottom edge 1/4 inch twice and stitch hem.

If you would like a confirmation that your box was received, please include a self addressed stamped envelope. Allow 3-4 weeks for a response.

**\*Any dresses that cannot be used for the girls in the Kentucky schools, we will do our best to give them to another ministry in KY!**
