\*Itinerary Subject to change pending weather conditions\*

**We understand that the holiday period can be a difficult time for our neurodivergent participants as their regular routines have been disrupted, which can create dysregulation and the emergence of challenging behaviors.**

**This program has been created to support school aged participants to engage in the community with like-minded peers, build connections and foster independence and resilience over the holiday period.**

Our school holiday program is designed for school aged participants and will run from 9am - 3pm during the school holidays.

This program will include pick up and drop off from home daily as well as lunch provided.

Our office space is located in Niagara Park arcade in Washington Avenue. It offers a safe and calming area for young people to come together to participate in activities with separate spaces to decompress in sensory safe rooms.

#### Billing and Out of Pocket Costs

Depending on participants support needs, the supports can be charged at a 1:3, 1:2 or 1:1 ratio, all activity-based transport will be divided equally amongst participants.

Out of pocket costs for the week include = **\$100 (\$85 covering the costs for ticketed events + \$15 towards the cost of lunches provided daily).**

**To Register Interest please follow the link to our EOI form for School Holiday Programs.**

**Contact Eden on 0447490674 for any questions or concerns.**
