APPLICATION / PERMIT FOR DRIVEWAY

GENERAL INSTRUCTIONS: All work performed within the Township right-of-way requires submitting a sketch plan showing the location and details of the proposed driveway. You can use the back of this form for your sketch or attach a separate drawing.

Work performed on or near State highways may require a Penn DOT permit. Please contact your local Penn DOT office.

Fees shall accompany the application and shall be made payable to **Union Township** with a check or money order.

USE SPACE BELOW FOR SKETCH: (if not attaching sketch drawing of driveway)

Use the checklist below to ensure all information needed is shown on your sketch:

- ✓ Driveway dimensions (width and length)
- ✓ Sketch of lot (layout)
- ✓ Driveway location
- ✓ Distance from property line

Remember the following regulations apply:

- ✓ Driveways should be graded so water or/and stone does not runoff into Twp. Roadway.
- ✓ Driveway should be graded so water either drains onto grass or into existing swales along roadway.
- ✓ Safe site distance is required for all driveways. Additional clearing of vegetation or obstructions may be required.
- ✓ Driveways are inspected by the Township.

COMMENTS: (to be completed by Township)
