

# The Dog Park at Happy Tails

*a private dog park in Corning*

The dog park at Happy Tails Day Care and Pet Resort is the Corning area's only private, members-only dog park. You and your dog can enjoy off-leash play in a safe, one and a half acre, fully fenced park. You can relax knowing that the dogs your pup will play with have been temperament tested by our staff and are up to date on vaccines.

The park is a wide-open space filled with shade trees, benches and Adirondack chairs, and a pavilion with picnic tables. We have also provided fresh water and doggie waste bags, for your convenience. The park has a separate area for the little pups, too!

As part of our commitment to creating the safest possible setting for you and your pets, The Dog Park at Happy Tails utilizes the Kisi gate access system. This secure gate lock system uses an app on your phone to gain entry to the park. This means that you never have to remember a key or key fob.

Before visiting the park, members and guests must provide proof of rabies and distemper vaccinations and be evaluated for socialization. Please contact our office to schedule an evaluation prior to visiting the park.

Your membership to the park allows all dogs in your household (who meet our temperament and health assessment requirements) unlimited access to the park every day, dawn to dusk, year-round. The park is closed on Tuesdays between 9 AM and 3 PM for maintenance and during major weather events (thunderstorms, tornado watch, etc.).

## Rules of Play

Ground rules are important to keep the park a safe, fun place for everyone. Before visiting the park, members must promise to adhere to the following:

1. Every dog over the age of six months must be spayed or neutered. There are NO EXCEPTIONS to this rule.

2. Owners must always be present to supervise their dogs. There is a limit of three dogs per adult. Your dog must always be in visual sight and under your control.
3. You are responsible for any injury or damage caused by your dog. After all, they are dogs and sometimes react in unpredictable ways.
4. For safety reasons, all prong (pinch), spike, studded, and slip training collars must be removed before entering the Park. Gentle leaders and harnesses should also be removed before entering the Park.
5. Dog waste bags are available throughout the Park at no cost. You are responsible for cleaning up after your dogs. Trash receptacles are also available. Please make sure you tie the bags shut.
6. There is water available next to the pavilion. Please make sure the water is turned off after use as it comes from our well, which serves the house and Happy Tails too.
7. Dogs that show aggression towards humans or other dogs must be immediately leashed and removed from the Park.
8. Dogs at the Park must always be treated humanely.
9. Dogs MUST be walked to and from the Park on a leash.
10. All children under the age of sixteen must be supervised by a parent.
11. Shoes must always be worn in the Park - except for the dogs, of course.
12. All dogs must be healthy and have current rabies and Distemper/Parvo vaccination records on file with Happy Tails. Puppies must have three sets of Distemper/Parvo boosters. While the Bordetella vaccine and monthly parasite prevention (flea/tick treatment, heart worm prevention, etc.) are highly recommended for all dogs in a social setting, they are not required. If your dog has been given the intranasal Bordetella vaccine, they will not be allowed at the Park for 10 days post-vaccination. Proof of current vaccinations must be on file with Happy Tails.
13. It is required that you have an Acknowledgment of Risks agreement on file.
14. HAVE FUN WITH YOUR PETS!!!
