

Happy Tails Day Care Schedule

Outside play time is dependent upon weather conditions. If the weather is less than ideal the dogs are taken outside at the start of each play period but go back inside the indoor playrooms. They would then rotate, inside and outside, every 15 minutes or so.

Bigger dogs tend to tolerate rain and snow better than the small dogs so they will often stay out longer when it is raining or snowing.

***Dogs are immediately brought inside if we note thunder or lightning.
Dogs are not allowed to go outside during a thunder or lightning storm.***

7:00 – 8:00 AM: Arrival window (inside)
