

Advertiser Review: Evil Twin Custom Cycles

Evil Twin Custom Cycles has been servicing motorcycles for AriZona's bikers for 15+ years; with a strong reputation for quality workmanship, reasonable prices, and solid advice. In those years, the shop has made 3 ownership transitions. Most recently, at the end of 2017, on the occasion of Robert Shinn's retirement; he sold the shop 'lock stock & barrel' to Chase Jorgensen.

Since then, Chase has been maintaining & building on that reputation... keeping the Evil Twin reputation safely intact.

Chase has had a passion for Motorcycles ever since he lived in Milwaukee Wisconsin over 20 years ago. He shared a bit of background, "Obviously living there I was attracted to Harleys. I love the motorcycle community. I like that it is rough around the edges. Once you get it in your blood, you're met with like-minded individuals who enjoy having the wind in their face. Once we moved to Mesa and could ride all year long, I wanted to find a way to help others do the same. Evil Twin was a natural fit! I love spending days BS'ing with customers about their bikes!!!"

Clayton Gandara is shop manager and runs the day to day operations at Evil Twin. He's been with Evil Twin Custom Cycles for nearly 8 years and is an MMI grad. Chase offered, "He is also (in my

opinion) the best damn mechanic in Arizona. He never tries to up sell people into things they don't need and makes sure he does quality work that he can stand behind. Many of our customers would consider him family. He is a true gem that we feel lucky to have."

Stephanie, Chase's wife, is the shop's service writer. "She was a little green when she first started but now really understands what the motorcycle business is all about. She had to learn to love motorcycles as it didn't come naturally; but between her mom and me, we finally won her over. In fact she is currently in the market for her own motorcycle!"

The factory-trained technicians at Evil Twin service all American and metric cruisers. They are insurance experts, with working relationships with all insurance companies. They are Harley warranty specialists and can do all of your warranty work. Looking to do a custom build? Evil Twin can work

with you to create your perfect bike. And of course, the center of it all... offering an over-all maintenance program to keep those bikes at their peak performance.

This is a 'Mom & Pop' shop that cares about their customers as friends & family. "We're a team of straight shooters - providing you trustworthy, helpful service in an inviting atmosphere

where you'll feel like a part of the family." This is reflected in kudos extended, among them being voted 'Best Shop in Mesa' 5 years running. Congratulations!
