

Advertiser Review: Southwest Trikes

Southwest Trikes has been a part of Arizona's Triking & Motorcycling Community for nearly 16 years now. It is a Veteran owned & operated small business specializing in motorcycle-to-trike conversions. Not interested in switching to a trike? KEEP reading ☺ They also offer complete service for all bikes and trikes, at guaranteed low prices.

Owners Dave Bierman & Tracy Sherrill started out on Cave Creek Road, after buying the business from Jim and Kathy Allen. Then they relocated to the Scottsdale Air Park. They've been at the Lone Cactus location since about 8 years ago, making that move in 2012.

Dave is lead mechanic. He served in the Coast Guard as a systems failure analyst & retired as a MKCE7 after 23 years. Then he used his GI Bill and attended MMI for several years; gaining Master Mechanic credentials.

When asked if there were additional mechanics on the team Tracy shared that Dave is "a one man show" adding with a smile, "having only one over-qualified mechanic here insures the best in service." She continued, "His attention to detail is his trademark. Dave was asked to join the staff at MMI but Southwest Trikes was too much fun."

Dave works on all makes & models of motorcycles as well as trikes, offering complete service for your ride. He continues to hone his skills as a

trike builder, working with top-name trike kit manufacturers including Lehman Trikes, Motor Trike, and Champion Trikes & Sidecars.

Southwest Trikes is also the only South West dealer for Lees-ure Lite Camp trailers; the industry-leading motorcycle camp trailer.

They consign Trikes & have a page online to show off those that are available, <http://southwesttrikes.com/4sale.html>

Shop hours are Monday - Friday 9a-4pm. Weekend appointments are available, evening or early morning. They'll be closed April 11-April 20th & May 20th -May 27th {2020 dates}.

Southwest Trikes is dedicated to our US Servicemen & Women, Veterans, and First Responders; offering special discounts. When calling about a quote or for repairs and custom builds be sure to let them know that you qualify.

Living in AriZona, we've all heard of 'snow-birds'. But I must admit this is the first business that

I've heard of that qualifies for the nickname ☺ They are in AZ in the summer "only when business requires us to be." Southwest Trikes is open November-June in Arizona; then July-October in Wyoming. "We close down in the summer and move up to our Wild West Trikes shop in Dubois WY just east of the Yellowstone Park entrance. A lot of our clients who roam through the park system or to & from Sturgis stop for light maintenance and fun over-

nights in the TeePee."

Tracy describes Southwest Trikes as, "a small shop with big love. We stay small because we want to. No big buildings and easy low overhead. Southwest Trikes is geared to keeping everyone in the wind. We encourage our clients to keep their current bikes and convert rather than spend the extra funds on a new ride. We work closely with Veterans and First Responders from Arizona and surrounding States. Dave is dedicated to giving our clients the best service at the best prices we can."

Wow – we can't wrap it up any better than that!

Southwest Trikes is located at 329 W Lone Cactus, Phoenix, AZ 85027. Call 480-951-7171, email tracy@southwesttrikes.com or visit online at <http://www.southwesttrikes.com/>. Please mention you read about them here in *AZ Rider Motorcycle News*.
